

THE BIGGEST VOTE PERIOD WILL END SATURDAY NIGHT

Don't Let Your Standing Be Weakened When the Last Period of the Campaign Begins.

THE LARGEST VOTE NOW IN CAMPAIGN

After 12 O'Clock Saturday Night the Smallest Vote Schedule in Entire Contest Will Apply.

At the strike of twelve o'clock tomorrow night the largest votes on the regular prizes in The Tribune-Times campaign and the double value points toward the Ford Coupe special prize will be gone forever.

From all appearances candidates seem to fully appreciate this condition and each one is now striving to place himself or herself in a commanding position pending the brief time that all business will be deposited in a locked and sealed ballot box up to and including the actual end of the entire campaign on Saturday night, November 21, at 10 o'clock.

Get Extensions Now.

In this connection it should be understood by both candidates and their supporters, that extension subscriptions do not count any votes whatever the straight schedule in the fourth and last period, but will count simple votes according to the table of votes for the fourth period.

We feel that we would be negligent in our duty toward candidates if we did not point out these things, for they might be overlooked otherwise until too late. The explanation is as far as we can go, however, it is up to the alert worker to act upon these things and overlook nothing that may contribute toward the ownership of the \$2110 Buick Brougham, or the \$1610 Studebaker Special Six Duplex-Phaeton, the \$1335 Hudson Coach, \$938 Chevrolet Sedan, the \$621 Ford Coupe, or any of the three \$200-cash prizes or the three awards of \$100 in cash.

Mayor of Sofia Assassinated. Sofia, Bulgaria, Nov. 13.—(AP)—M. Medjarov, mayor of Sofia, and son of the Bulgarian diplomat, Michael Madjorov, was assassinated today by former municipal employes who had been discharged recently. The assassin committed suicide.

LUTHERAN SYNOD PLANS ERECTION OF MUSEUM

Will Be Built at Cost of \$40,000—Synod Admits Two New Congregations. Hickory, Nov. 12.—The closing day of the Lutheran synod found many items of business confronting it. The recommendations concerning a Le-noir-Rhine system of schools, which was discussed for a full day was finally tabled for this meeting of the synod. Two new congregations were admitted to the synod. One near Lenoir and one near Hickory.

A historical building or museum will be erected by the synod at a cost of \$20,000 and \$250 a year has been set aside to purchase historical material pertaining to the church to go in same. A committee of five was appointed to secure all data concerning the synod in the past and edit same. This committee is to serve for a period of ten years.

Board of all institutions were elected and the delegates to general convention of the church selected. The ministers are J. L. Morgan, Salisbury; A. G. Voigt, dean of Southern Seminary, Columbia; J. C. Deitz, Claremont; J. P. Crigler, Charlotte; E. H. Kohn, Mt. Holly; P. E. Monroe, Hickory; E. F. Keever, Wilmington, and E. J. Sox, Hickory. The laymen are L. M. Swink, Winston-Salem; B. Capps, Gastonia; J. D. Heilig, Salisbury; G. F. McAllister, Mt. Pleasant; H. E. Isenhour, Salisbury; J. Rom Smith, Liberty; J. D. Kellenberg, Greensboro; J. A. Moritz, Hickory.

A special service, Rev. Q. D. Lively and Rev. E. R. Lineberger were ordained. Rev. Mr. Mauney, of Hendersonville, preaching a fine ordination sermon.

The foreign mission board of the church at large was given a donation of \$5,000 by the synod and a special day set apart by the synod when funds should be collected for this board.

Dr. A. D. R. Hancher, of Richmond, pointed out the opportunities of home mission work in North Carolina. C. P. Harry, student secretary, spoke of the difficulties of work among students, many of whom have never learned to use the Bible with skill or even to pray.

Dr. E. G. Miller outlined the hopes of the brotherhood movement in America, which is putting across the North Carolina financial obligations of the church. The responsibility for making Andrea College, Guntur, India, and the \$5,000,000 pension and relief fund rest with the laymen of the church.

Standing committees were appointed. An invitation was accepted to hold the next meeting of the synod at St. Johns, Salisbury. The minutes were read and the synod adjourned at 7:30 p. m. Officials of the synod will be elected next year. These serve for a period of five years.

With Our Advertisers. Ladies' and misses' silk dresses, priced from \$5.95 to \$27.50 at Edith's. Today only at the Concord Theatre, Macdonald's Scotch Highlanders Band. At 3:30 and 8:30 p. m. Matinee prices 25c and 50c. Night, 50c, 75c and \$1.00. Picture today, "The Unknown Lover."

Schloss Ross. Suits and overcoats \$25 to \$45. All the ladies should visit the house furnishings, china and gift department of the Ritchie Hardware Co. See you today.

New Method in Rowan. Salisbury, Nov. 13.—(AP)—Judge Charles Coggins, of Rowan county court, has his on an additional method of preventing those under suspended sentences for driving an automobile while under the influence of liquor from driving a car during the period prohibited by the court.

Sub Found on Bed of the Sea at a Point Twelve Miles Southwest of the Starting Point.

MEN CAN LIVE FOR 48 HOURS

The Vessel Has All Modern Equipment and Unless It Is Flooded Crew Can Live.

Plymouth, England, Nov. 13.—(AP)—The submarine M-1 was located today on the bed of the sea, twelve miles southwest of Start-Point, Devonshire. There is a slight chance that members of the crew of 68 are still alive.

Men May Be Safe. Plymouth, England, Nov. 13.—(AP)—The monitor submarine M-1 may have become fouled in the wreck of the many vessels sent to the bottom of the English channel by German submarines in the World War.

This theory was advanced in naval circles today. Naval men believe it possible the crew of the M-1 may exist under water for 48-hours, provided the vessel has not filled with water, as she was equipped with all modern compressed air machinery.

The M-1 has been commanded for the last year by Lieut. Commander Alec Murray Currie. The other officers aboard were: Lieut. C. A. R. Thorp, Lieut. Thomas W. Phillipot, Luther R. Casey and Warrant Engineer C. S. Good.

The M-1 which disappeared during maneuvers in the Channel, is said to be lying at too great a depth to permit either diving operations or attempts to bring her to the surface. Admiralty doubts accuracy of report. London, Nov. 13.—(AP)—An admiralty statement this afternoon expressed doubt concerning the accuracy of the report that the M-1 has been located. The statement says "Every effort is being made to locate the position of the M-1 but that the admiralty have not received any intelligence enabling them to give credence to the report that the submarine has been located."

EASTERN METHODISTS VOTE FOR UNIFICATION

Vote 145 to 133 in Favor of Merger With Northern Methodists. Fayetteville, Nov. 12.—The North Carolina conference of the Methodist Episcopal Church, South, in session in Hay Street Church here, went on record as favoring the plan of unification that is being voted on by the two branches of Episcopal Methodism in the United States this year. It was close vote of 145 to 133.

This is the most important item of business to come before the body during its session, and the interest was intense. As the special hour for the vote approached the main auditorium was filled and the crowd overflowed into the Sunday school annex and hundreds were standing around the walls eager to vote and to know the results. All the annual conferences in Episcopal Methodism in the United States are voting on the plan and it will require a three-fourths vote of all the conferences in both churches to ratify the plan. It is patent that the church in the north will ratify, but it is very doubtful whether the southern church will give the legal majority.

While interest was keen and the lines closely drawn before the vote, as soon as the balloting was completed and the results announced all, pros and cons, settled down to business with the brotherly spirit that has always dominated the conference.

NON-SKIDDING WAX FOR BEAUTY FOUND

Beauty Specialists Develop Invaluable Material to Rebuild Wrinkled Faces. Paris, Nov. 12.—Non-skidding paraffin is the latest hope which Paris beauty doctors are holding out to those with old faces who desire to be made young looking.

Many of the faces rejuvenated years ago by injecting paraffin under the skin to fill up hollows and wrinkles have assumed their old time look because the paraffin slipped.

One notable case was the husband of a well-known actress. The wife insisted that he should have his face re-shaped so that she would not be forced to get a divorce from him. She said he looked too old when he appeared in public with her. She herself had been worked back into a seemingly young girl under the skillful methods of beauty doctors. The husband underwent the necessary treatment, but the paraffin used to take out his checks and jaws slipped.

As the man was well known in Paris his case was a great tragedy for the "face lifters." The demand for the paraffin treatment became almost nil, and investigators went to work to discovering a non-skidding wax. This they now affirm they have found.

There have been over one thousand different varieties of potatoes, but only a few of these have been found worth cultivating. The Germans are the largest growers of potatoes, and the Belgians the largest consumers, the Irish coming second in this respect.

Hunting \$6000 Worth of Radium

Seventy-five milligrams of radium, worth \$6000, went down a drain in St. Joseph's Hospital, St. Paul, Minn., and the owner gave it up for lost. But Prof. Henry Erikson of the University of Minnesota is hunting it with his huge electroscop, which will register the emanations of radium within a distance of 75 feet. He may have to trace a mile of sewer before he finds it.

CAROLINA GIRL IS KILLED AT COLLEGE

Miss Jeanne M. Robeson, of Elizabethtown, Accidentally Killed by Gas at Smith College.

Northampton, Mass., Nov. 13.—(AP)—Miss Jeanne M. Robeson, of Elizabethtown, N. C., a senior at Smith College, was found dead today in the kitchen of her dormitory Park House. Death was due to accidental asphyxiation, according to Medical Examiner Edward A. Brown, who was called by Miss Jean Willie, the matron.

Miss Robeson was a daughter of Dr. John A. Robeson, a physician. She had planned to attend the Yale-Princeton football game tomorrow, and went into the kitchen last night to press some clothes in preparation for her trip to New Haven. It was believed she turned on the gas in a small two-burned stove and either tripped and fell or fainted before she got a match to the jet. It was believed she was unconscious throughout the night and died early this morning.

Miss Robeson was popular among the students in Smith College, and was in good health.

France Hopes For Easier Settlement Plan

Paris, Nov. 13.—(AP)—Hopes that France may obtain far better terms than the American debt funding commission was willing to give M. Cail-laux, have been raised by the Italian debt settlement. French official circles assume that the American commission has modified its rigidity of its attitude since the collapse of French negotiations six weeks ago and the failure at that time, they believe, may be one of the reasons for the easy terms granted Italy.

State Sunday School Convention

Raleigh, Nov. 13.—(AP)—Plans are underway for the 1926 State Sunday School convention and are being perfected. It is announced. The convention is to be held in two sections. The western section will meet at Hickory on May 3, 4 and 5, and the eastern section of the convention will be held at New Bern May 7, 8 and 9.

TESTIMONY OF MRS. LANSDOWNE NOT BE THROWN FROM CASE

Defense Wins Point When Court Ruled That Testimony of Woman Has Bearing on the Trial.

J. E. CASSIDY NEW WITNESS

Gives Testimony Concerning Chemical Warfare Service, Being a Colonel in That Department.

Washington, Nov. 13.—(AP)—The prosecution in the Mitchell court martial failed today in an effort to throw out of court the testimony given yesterday by Mrs. Margaret Lansdowne. After hearing arguments by opposing counsel, the court overruled a prosecution objection that the evidence given by the widow of the Shenandoah's commander was irrelevant and incompetent.

Mrs. Lansdowne's testimony, including the statement that Capt. Paul Foley, judge advocate of the navy's Shenandoah court of inquiry, sent her a memorandum in advance of her appearance before the board "falsely" describing her attitude, and the court today in secret session ruled that it should be made a part of the record. After disposal of this question, J. Edward Cassidy, a colonel in the chemical warfare service reserve, was called. Representative Frank R. Reid, defense counsel, then read extracts from testimony given a Congressional committee by Brig. Gen. Hugh A. Drum, of the army general staff, in which he said the General informed the committee that 3,439,150 pounds of mustard gas would be required to materially affect a 60 square mile area, or 9,573,850 pounds to cause evacuation of a similar area.

"Is that statement correct?" "It is absolutely inaccurate." Major Herbert A. Dargue, of the air service supported Col. Mitchell's charge that the air service was muzzled while the "lid was taken off for the coast artillery in the second corps area," so far as publicity was concerned during the anti-aircraft test at Fort Tilden, N. Y.

The witness said the War Department ordered that no publicity be given in the test at Fort Tilden, but when he arrived there he found a large number of newspaper men present, and coast artillery officers in charge of press arrangements to the exclusion of the air service.

BANKS TESTIFIES IN ASHEVILLE MOB CASE

By His Own Testimony He Is Guilty. Judge Stack Has It. Asheville, Nov. 13.—(AP)—Herman Banks, resident of Cragsy, stands convicted of participating in the mob attack on the Buncombe county jail the night of September 14th upon his own testimony, according to the declaration this morning of Judge A. M. Stack, presiding over the trial of alleged mob members, in Superior Court.

Banks went on the stand in his own defense, and upon completion of his testimony and after the jury had been excused, Judge Stack said Banks had made a clear admission of guilt and the only way he can escape conviction is for the jury to disbelieve what he swore on the stand. Judge Stack said he would charge the jury to this effect regarding Banks.

Banks told of seeing Commissioner C. H. Bartlett at the jail. Before the crowd disappeared, Banks said the commissioner stated that George Digges, county tax collector, would give a solo and everybody would leave.

At this point Banks said he himself declared every man for his own country, "I'm bound for Cragsy." Banks continued that Jeter Bell was armed with a hammer, and threatened to liberate all the prisoners in jail. Bell pleaded guilty to the charges in the bill of indictment yesterday, and is awaiting final disposition of the case. He estimated the crowd in front of the jail at between 1,000 and 2,000 persons.

SAYS COURTS ARE NOT COLLECTION AGENCIES

Judge Schenk Scores Practice of Thus Using Justice Tribunals. Greensboro, Nov. 12.—Judge Michael Schenk, expressing himself in a habeas corpus hearing where a man was before him on a worthless check charge, scored the practice of using the criminal courts to collect civil debts. It was the case of W. E. Sullivan, an evangelist, who had been arrested on a warrant from Florida. It being charged that he gave a worthless check there for \$25. A telegram from a Florida justice of peace stated that if Sullivan would pay the costs and make the check good, the warrant would be withdrawn.

"If Sullivan is guilty of a felony," Judge Schenk said, "then the Florida official is guilty of compounding a felony and ought to be punished for it. This practice of collecting civil debts by criminal processes is wrong and if it is kept up I think it should be called to the attention of the Bar Association."

The judge also denounced the practice of giving worthless checks and told the prison, who was released, that he did not, in signing the writ of habeas corpus, in any way condone the giving of worthless checks in Florida.

Locked Up

Harold Freeman, aged 2 1/2 years, was found entirely naked, burrowing in a heap of straw in an out-building on the farm of his parents near Bath, N. Y., by county officials, who warmed and fed him and then arrested his parents, Mr. and Mrs. James Freeman. Mrs. Freeman said she had locked him in the building three months ago because he annoyed her. The room was only ten feet square, was unheated and had no furniture.

THE COTTON MARKET

Rather Unsettled During Early Trading the Opening Being 4 to 9 Points Lower. New York, Nov. 13.—(AP)—The cotton market was rather unsettled in today's early trading. A report that the short time proposals were to be balloted upon by Lancashire spinners together with expectations of an increased movement of cotton to market and more hedge selling as a result of clearing weather in the South, appeared to bring out further selling, and the opening was 4 to 9 points lower.

January sold off to 19.62, the general list showing net losses of 12 to 15 points shortly after the call, but this decline was checked by covering, and prices showed rallies of 5 to 10 points from the lowest by the end of the first hour.

Notwithstanding the talk of additional short time in Lancashire, Liverpool cables were relatively steady. Cotton futures opened steady. Dec. 20.28; Jan. 19.75; March 19.85; May 19.92; July 19.90.

BAKER IS PRESIDENT OF DAVIDSON STUDENTS

Succeeds Sappenfield, Who Was Injured and Will Not Return to School This Year. Davidson, Nov. 12.—T. S. Baker, of Jacksonville, Fla., was elected president of the student body of Davidson college to fill the unexpired term of N. E. Sappenfield, who suffered a compound fracture of the leg in the first football game of the season for Davidson, and will not return to Davidson this year.

Sappenfield has been in a Charlotte hospital most of the time, and has lost so much of the year's work that he deems it inadvisable to re-turn to college this year. This announcement was made last week, and an election called.

Declares South Has Defeated Unification.

Buffalo, N. Y., Nov. 12.—Announcement that the proposal to reunite the Methodist Church, North and South, had failed of passage due to opposition in the Southern church, during yesterday's sessions of the Board of Bishops of the Methodist Episcopal Church.

The announcement was made by Bishop William F. McDowell, of Washington. He said that apparently the Southern Church objected to the admission of negroes to the union and also favored the preservation of that body as a separate religious jurisdiction.

Bishop McDowell asserted that although the final result of the referendum on the union question had not been received it was mathematically impossible for sufficient votes favorable to the union to be returned from the areas yet unheard from to permit consummation of the union. A three-quarters vote in favor of union would be necessary in the Southern church in order to carry the proposal into effect. The Northern church voted overwhelmingly in favor of the union.

Christmas Tree Crop Harvested in Vermont.

St. Albans, Vt., Nov. 12.—Vermont's large Christmas tree crop already is harvested, and thousands of trees, cut, trimmed and packed were lying at shipping points, ready to be sent south about the beginning of December.

The crop this year, while a large one, is not as large as it has been in some seasons past. Most of the trees are of medium size. Philadelphia is virtually the only eastern city that demands extra large trees. It is estimated that more than 100,000 trees will be shipped south this year.

FINAL ARGUMENTS HEARD NOW IN STEVENSON CASE

The Former Indiana Klan Leader and Two Others Charged With Death of a Woman.

GREAT INTEREST IN THE TRIAL

Case Has Been in Progress For Month.—The Woman Died After Taking Poison.

Noblesville, Ind., Nov. 13.—(AP)—Final arguments in the murder trial of D. C. Stevenson, Earl Klench and Earl Gentry were resumed today as the case neared consideration by the jury. The three men are charged with first degree murder in connection with the death of Madge Oberholzer, alleged to have been kidnapped by them last March 15th.

The girl took poison at Hammond, Ind., the day after her alleged abduction. Chas. E. Cox, special state counsel, resumed his plea for conviction of the former Indiana Ku Klux Klan leader and his bodyguards when court convened today, and Floyd Christian of the defense counsel, followed him.

The case is expected to go to the jury tomorrow, after the reading of instructions by Judge Will M. Sparks. Yesterday marked the end of the first calendar month of the case, as the trial of the jury having begun October 12th. Ten farmers, a truck driver and the manager of a gas plant comprise the jury.

CLAIMS KILLING MAN WAS PERSONAL FAVOR

Washington Window-Washer States His Companion Asked to Be Killed and He Complied. Washington, Nov. 12.—Because the victim asked him to do it as a favor, Joseph A. Pickard, 25, told the police he shot and killed Jos. F. Stein, 45, here last night as a quietly arranged act of kindness.

"I did it because I had to see him live when he wanted to die," Pickard's plea when held on a murder charge after confessing to the police that he shot Stein in his room in the basement of a hospital where both worked as window washers.

"I tried to kill Stein Tuesday night," he was further quoted, "but the revolver I had failed to discharge. I traded this revolver yesterday for a .45 calibre revolver. Then we went to Stein's room. He bowed his head and I placed the revolver against it and fired."

because he had "wrecked his life," but other employees at the hospital said there had been ill feeling between the two men because Pickard had made accusations against Stein's character. He is alleged to have continually chided Stein for living under the onus of his accusations.

Pickard's story to the police is that after failing several months ago to obtain a passport for Europe, Stein became morose. He wanted to kill himself, he is quoted as saying, but he "didn't have the nerve and he asked me to do it."

Two Germans Sentenced For Cruelties in the War. Amiens, France, Nov. 12.—The Council of War has condemned to death by default the German Colonel Weige, commander of the 56th infantry, and Lieut. Schultz, of the 17th artillery, for cruelties during the first year of the war.

Colonel Weige, it was testified, used twelve inhabitants of the villages of Berthecourt and Alaiscourt as shields for his troops, several being killed. Later he permitted his men to pillage and burn the villages. Schultz was declared to have ordered a wounded farmer to be shot and to have assisted in looting his farm.

Serious Earthquake Recorded. Washington, Nov. 13.—(AP)—A serious earthquake, apparently centering at a great distance from Washington, left its record today on the seismograph at Georgetown University. It began at 6:12 a. m., Eastern time, and still was in progress at 9:40 a. m. Father Tondorff, in charge of the instruments, described the shock as "very severe."

COAST GUARD PATROL BOAT AGROUND

Boston, Nov. 13.—(AP)—The coast guard patrol boat CG-135 went aground on the Menemsha breakwater early today, it was reported in a radio message received today from the coast guard cutter Cummings. The crew was in no danger.

SAT'S BEAR SAYS:

Partly cloudy and slightly colder tonight, Saturday fair. Fresh west winds.
