

BIG VOTE PERIOD IN CAMPAIGN NOW ABOUT TO FINISH

Votes Turned In Before Midnight Will Count More Than They Will at Any Time in Next Week.

CAMPAIGN OVER IN ONE WEEK

Workers Will Find It to Their Advantage to Turn In All Money Sometime Before Midnight.

The important third period closes tonight at 12 o'clock. This week presents the LAST opportunity for securing BIG votes.

The entire campaign closes forever and winners of all the BIG prizes will be decided one week from tonight, November 21.

With but tonight in which to turn in subscriptions and secure the greatest number of votes for each subscription interest in the competition and enthusiasm in the progress of contests in the Tribune-Times \$10,000 grand prize and popularity election is growing in leaps and bounds.

Each contestant in the race realizes that the grand prizes representing thousands of dollars in actual cash are practically within their reach, to be claimed for their own or forfeited to more aggressive opponents during the next few hours depending almost entirely upon their final supreme efforts put forth while the BIG VOTES are allowed.

Only a few hours remain in which candidates can gather enough votes to assure them of one of the motor cars that are to be distributed next week in this campaign.

With the end of the entire campaign but six days distant and with but a few hours left of big votes, candidates are fighting furiously for position in the "Motor car class."

Second payments. Second payments on subscriptions will play a prominent part in the campaign of most of the candidates these next few hours.

Every candidate should understand the value of second payments. Make it your business to confer with the campaign manager on this subject.

Both the third period schedule and the second payment plan vote offers go out of effect promptly at 12 o'clock tonight and neither will be repeated or extended.

The second payment plan is a short cut that makes it possible to be one of the successful ones these next few hours; a little mathematics will prove it.

Mathematics of it. Tonight it is possible to make new five-year subscriptions produce for you 175,000 votes without counting the club value.

A new one-year subscription (received any time during the campaign) now lengthened by four years, would count you, at the very least, 164,000 votes.

Contentants are warned that this is the last week up to 12 o'clock tonight that second payments will count for additional votes.

Bear in mind that the third period vote schedule and the second payment vote schedule go out of effect promptly at 12 o'clock tonight.

THE COTTON MARKET

Prices Higher During Early Trading, October Consumption Being One Factor.

New York, Nov. 14.—(AP)—The cotton market was higher during today's early trading, as a result of relatively steady Liverpool cables, an expectedly large figure on domestic consumption for October, and prospects for another cold wave in the west.

BROWN SCOURGES FLOUTERS OF LAW

Assistant to Solicitor Make Vigorous Argument in Mob Cases.

Asheville, Nov. 13.—"He who hunts with the pack is responsible for the kill," Mark W. Brown, who is assisting Solicitor General E. A. Tamm in the prosecution of the alleged mob members who stormed the county jail on September 19th, declared today in the opening argument for the state.

It was the pack that was behind those boys with the hammers, it was the pack that flowed through the gates and filled the jail and the jail yard, trampling the law under its feet.

When Superior Court convened in the morning at 9:30 o'clock three hours of argument will remain before Judge A. M. Stack, who is presiding, starts his charge to the jury and places the fate of the twenty-one defendants in the hands of the men in the jury box.

The defense, which had been rambling along for several days with a great array of miscellaneous evidence, first for one defendant and then for the other, suddenly rested its case at the midday recess and when court resumed its session at 2:30 o'clock Mr. Brown arose to address the jury for the state.

During his talk the attorney for the prosecution took a list of those defendants who had gone on the stand in their own defense and one by one stood them up in fancy before the jury and riddled their defense with a withering denunciation of their alleged conduct on the night of the trouble, as told by witnesses for both State and defense.
