

CANNED FOODS WEEK

Is Your Opportunity

TO SEE the great variety of goods we have in stock.

TO LEARN how to save money by buying in case lots.

TO INSURE your dinner table against monotony by filling pantry shelves with summer freshness sealed in cans.

Post and Flag's Cotton Letter. New York, Nov. 19.—The market has been marking time again today and trading remained light and chiefly professional. Trade buying orders below the market lent a steady tone to it, but no aggressive buying or selling was in evidence. Advances met with scattered hedge sales, but it appears that both the trade and speculators are waiting for the report before making large commitments either way.

changed, but so far the department of agriculture has apparently taken delight in giving the trade fortnightly shocks. It has been definitely heard that 1,500 bales of cotton are being sent to New York for December delivery, but as yet no other shipment have been reported. Exports during the day were light, and some believe that the time is fast approaching when the movement of cotton out of the country will diminish rapidly.

J. F. GREGORY KILLS S. W. SMITH IN BADIN

No Reason Known For Shooting on Street and No Eye-Witnesses to It. Badin, Nov. 19.—S. W. Smith, aged 35, was shot and killed here this morning by J. F. Gregory, aged 36, in front of a cafe on Pine street. One bullet from Gregory's pistol pierced a vital spot near the heart of Smith. The latter stumbled about 25 yards and fell dead.

Although the place is alive with rumors, no one except Mr. Gregory seems to know the cause of the killing and he refused to make a statement, other than saying he had a reason. He sent word to B. B. Melton, chief of police, to come and get him and was taken to Albemarle to the Stanley county jail. Date for preliminary hearing has not yet been fixed. It is believed effort to get bond will then be made.

The shooting occurred this morning at about 7 o'clock. The two men met on the street and had a few words, it seems. Then Gregory drew his pistol and shot one time. There were no eye-witnesses, it appears, and the matter is hrouded in mystery. Smith was not armed, but had a pocketknife.

An inquest was held and a verdict rendered that Smith came to his

death from a shot fired by Gregory.

The two men, both married, lived near each other, on Elm street, separated by two houses. They had been friendly and their wives were close friends. Gregory has a child, a little boy about four year old. In addition to his wife, Smith leaves two children, a little boy and little girl. Both were employees of the Tallasse Powder company here. Gregory had been living here about four years and came here from Reidsville. Smith had lived here about a year, coming from Georgia.

Smith will be buried here tomorrow.

TROLLEY CONDUCTOR ROBBED IN CHALOTTE

Mayson, Veteran Police Officer, is Summarily Discharged By Commissioner.

Charlotte, Nov. 19.—The third street car holdup in Charlotte in recent days took place shortly before midnight last night when Conductor J. D. Fulton was relieved of his day's collections at the end of the Hoskins car line.

Three men got off the car when it stopped at the tation. Mr. Fulton returned and leveling pistols at him demanded his cash. The money con-

tained in his belt and a \$5 bill were taken by the men, who overlooked other money in an inside pocket, and his watch. The men were dressed in overalls and wore ragged overcoats, according to the conductor. He did not know exactly the amount of money in his belt but said that it probably amounted to about \$25. No clue as to the identity of the robbers had been found today.

J. C. Payson for 11 years a member of the Charlotte police force, and who has served under three administrations as desk sergeant, has been summarily discharged, he declared today. He said he did not know the reason for the discharge. Commissioner of Public Safety Robertson refused to discuss the case. Mayson said that he received a letter from the commissioner telling him to announce that he had "resigned." This he refused to do. Mayson was one of the best known and most popular men on the force. His successor has not been named.

Caller (who has been painstakingly spelling out words): "The story I heard about Miss Bi-n-k-s and the M-a-j-o-r is even more s-e-a-n-d-a-l-o-u-s!"

Five-Year-Old Joan (nonchalantly): "There's only one 'I' in 'scandalous.'"

A ONE-DAY SHORT COURSE ON FERTILIZER

To Be Held at the State College, Raleigh, on December 9.

Raleigh, Nov. 19.—(AP)—A one-day short course on fertilizers and soil fertility matters, to be held at State College on December 9th, has been announced by Professor C. E. Williams, chief of the department of agronomy at State College.

The course will be held for the purpose of giving definite, condensed information about the results of fertility experiments which have been conducted in North Carolina for the past several years. These experiments, according to Professor Williams, cover many crops and soils in all parts of the state, and the tests have been conducted for a sufficient length of time to be of great value to those who need information of this kind.

Special emphasis will be placed on a study of the value of using different

kinds and amounts of fertilizers for various crops. Professor Williams states. Important soil fertility problems will also be discussed. Using these findings as a basis, specific recommendations will be made that farmers and others may be able to get the best returns from the use of purchased fertilizers.

Professor Williams says that the course has been designed for fertilizer salesmen and dealers in the state, so that they may know the recommendations of the college and may be prepared to sell in conformity with the recommendations made by the college for the best results from certain fertilizers for certain crops. But farmers and others interested are being invited to attend.

A complete program of the course will be ready and made public within a few days, he states.

IF YOU WANT SURE RESULTS TRIBUNE PENNY ADS. "BY IT."

"How do you do, my dear?" said the pompous old lady to the shy little girl.

"Quite well, thank you," replied the child, politely.

"Then," said the old lady with a frown, "why don't you ask me how I am?"

"Because I don't want to know," the child answered simply.

"I WOULDN'T TAKE \$1,000 FOR WHAT KARNAK DID"

"I'll Tell The World This Medicine Surely Does The Work," Declares Popular Salisbury Automobile Man.

"Believe me this Karnak is great. Why, it just makes a new person out of anybody before they hardly have time to realize it," states Lewis M. Yost, of Yost Bros. Garage, 1513 S. Main St., Salisbury, N. C. Mr. Yost has been in the garage and automobile business at the above address for the past ten years, and is one of Salisbury's best known business men.

"All the past year I was in a badly rundown condition," says Mr. Yost. "I suffered from chronic constipation which kept me taking strong purgatives every few days. Of recent months I had scarcely any strength at all, and the least little work would make me so tired I just felt 'all in.' My appetite was so poor

that I could eat but very little, and even that bloated me up with gas and seemed to do me more harm than good.

"Well sir, I just felt like a different man from almost my first dose of Karnak, and in ten days' time I was just 'raring to go' and ready to 'eat up' work. It just gave me that boy-like craving for food, and made me eat like a boy of fourteen, and nothing causes me a particle of trouble afterward.

"I wouldn't take a thousand dollars for the way it has rid me of the constipation and regulated my system. Yes sir, I'm back to good normal health again in every way, and Karnak is what put me there. I'll tell the world this medicine sure does the work."

Karnak is sold in Concord exclusively by the Pearl Drug Co.; in Kansas by the F. L. Smith Drug Co.; in Mt. Pleasant by the A. W. Moose Drug Co.; and by the leading druggist in every town.
