## Organdie Parasol

A novelty for Palm Beach use is the parasol of flowered organdie, with a ruffle of white organdie about the edge. It is lined with shell-pink silk which casts a lovely light on the features.

**Kings Daughters Meet Monday Night.** The Kings Daughters will meet on Monday night at 7 o'clock at the home of Mrs. A. H. Jaratt, on Depot street. It is important that the members attend and give out splendid suggestions to make this coming Christmas season a joyous one.

This is an opportunity for everyone to cooperate in bringing Christmas joy and sunshine to the needy in our midst.

If there are any uncollected Kings Daughters envelopes bring them in Monday night.

**Miss Dayvault Entertains at Bridge.** Miss Rebecca Dayvault was hostess at a party Friday afternoon, complimentary to Miss Mildred Sammons, of Goldsboro, the guest of Miss Annis Smoot.

Duplicate Auction was played at two tables.

At the conclusion of the game, a turkey supper was served.

The guests were: Miss Mildred Sammons, of Goldsboro, Mrs. Rob Roy Peery, of Salisbury, Miss Annis Smoot, Miss Virginia Smoot, Miss Ruth Cannon, Miss Bertie Louise Willeford, Miss Miriam Morris, Miss Lucy Hartwell and Mrs. E. F. White, Jr.

**Cardinal Defends Short Skirts.** Cardinal Dubois, of Paris, made himself the champion of the women's short hair and short skirts. Fashion, he said, is the most popular form of art, and "religion is not the enemy of fashion." Parisian women, the cardinal gallantly declared, wear the new-style clothes with such grace and decency as to win him over to them. But he condemned "manishness" in women as deadly to their feminine charm.

Minneapolis is planning to entertain the annual tournament of the International Bowling Association, which is to be held in that city during ten days of February.

**Why Not Be a Lone Scout?** Willie Cobb, in "The Progressive Farmer."

Many boys who live in the rural districts want to be Boy Scouts but when they find there are not enough boys in their community to organize a troop, they think there is no chance for them to be Scouts. This is a mistake, for the Lone Scouts offer all the advantages the Boy Scouts do, only a boy doesn't have to belong to a patrol or troop. The Boy Scouts and Lone Scouts are under the same head.

A Lone Scout can win merit medals for writing to papers and magazines and there are seven degree medals to be won. The degrees teach a Scout woodcraft and how to get all the beauty out of nature.

Why don't you join the Lone Scouts—yes, I mean you boys who read this letter? It is the best boys' organization in the world and it costs only 30 cents to join. There are no dues. Pay the 30 cents soon and get a bronze membership badge and a splendid handbook telling all about the organization. If you want to join, write a letter saying you want to become a Lone Scout and give your name, address, age, and nationality, enclosing 30 cents in stamps or coins, and mail to Lone Scouts of America, 500 N. Dearborn St., Chicago, Ill.

**CABARRUS Y WINS FROM KANNAPOLIS INDEPENDENTS**  
Sowler Star of Game When He Scores 21 of His Team's 28 Points.

In a game which was featured by the fast and clever work of Sowler, of the Cabarrus Y team, Cabarrus Y beat the Kannapolis independents Friday night by a score of 28-8.

Sowler, a former star of the Kannapolis high school, seemed to be able to rip them in from any angle. He was assisted by the clever floor work of his colleagues, who "feed him" the ball constantly. Sullivan, for the losers, was the star.

The lineup was:  
Cabarrus Position Independents  
Sowler (21) r. f. Gray (2)  
Deits (2) l. f. Johnson (2)  
Williams (4) c. Sailerly (4)  
Moore (1) r. g. Sullivan  
Phelps l. g. Shupson

## WILL OF J. D. COLLINS LEAVES WIFE NOTHING

Real Estate Not to Be Divided Until Youngest Child Is 40 Years Old. Monroe Enquirer.

A Spartanburg, S. C., press dispatch of Tuesday states that an estate appraised at \$443,700.35 was left by the late John D. Collins, well known merchant, who died at his home in Spartanburg November 18, last, according to his will filed for probate today.

H. Lee, a friend, of Monroe, N. C., is named executor and guardian of the minor children. The will contains many unusual provisions.

The estate consists of personal property valued at \$188,870.43 and the real estate is valued at \$255,100.

Mr. Collins' widow, who was his second wife and whom he married a little over a year ago, is not mentioned in the will and no legacies are made.

Heirs of the estate are Margaret Helen Davenport, Landrum; John D. Collins, Jr.; Robert L. Collins; Lillian E. Collins; Spartanburg; William A. Collins; Wadesboro; Edwin McAlpine; Francis Eugene; Harold A. Kathleen O'Neil; Mildred Alice; Miriam Isabelle and Dorothy E. Collins, all of Spartanburg.

It is provided that none of the real estate is to be sold until the youngest son is 40 years old, except a house and lot on Marion avenue, bequeathed to John D. Cathleen and Ethel, children. The income from the rest of the real estate is to be divided into 74 parts, the oldest child to receive one of those parts, the next one two, the next one three and on down to the twelfth who is to receive 12 parts. Even when the youngest child reaches 40, no provision is made at that time for the sale of the property and no provision for dividing it.

The real estate is not to be rented to any one of German or Jewish descent.

## MR. COURTNEY SPEAKS TO KIWANIS CLUB

Makes Talk on Citizenship to Members of Club—Joins Fife in Charge of Program.

Rev. R. M. Courtney, new pastor of Central Methodist Church, made the principal speech at the regular weekly luncheon Friday of the Kiwanis Club, taking as his subject the topic of citizenship.

Mr. Courtney spoke of the great interest in public affairs which was taken by members of the different civic clubs and he paid a high compliment to the members of the organization who, as business men of the community, took time enough to take an active part in the upbuilding of their city and community.

The guests of the club were Mr. Courtney, who was introduced by program chairman Joe Pike, and C. C. Pritchett, of New Bern, introduced by Howard Collier.

Club singing was led by Mrs. H. G. Gibson with Mrs. Nell Herring Correll playing the accompaniment.

Program chairman Pike presented to each member a small box of candy as a silent boost and the attendance prize, given by Mr. Pike, was drawn by Ralph Gibson.

The next meeting is to be in charge of J. B. Sherrill.

## TRIBUNE ALL-STATE TEAM GIVES CAROLINA FOUR MEN

Davidson and Wake Forest Each Get Three and Duke's Star Fullback Places For His School.

Now that the football season has ended, all persons interested in the great collegiate game are busy picking their all-State teams. Some few of the more ambitious are working on all-American elevens.

Here is the Tribune's selection for North Carolina:  
McMurray (Carolina) and Riley (Wake Forest), ends; Baker (Davidson) and Robinson (Carolina) tackles; Emercan (Wake Forest) and Vance (Davidson), guards; McIver (Carolina), center; Ruckley (Wake Forest) quarter; Hendrix (Davidson) and Underwood (Carolina), halfbacks; Caldwell (Duke) fullback.

This team gives the University four men, Davidson three men, Wake Forest three men and Duke 1 man.

On Monday The Tribune will present a composite all-state team, taken from the selections of ten or twelve men in Concord who really know football. Watch for this team in Monday's paper.

## PAVLEY GUARANTORS WILL HAVE TO PAY ONLY \$3.20

New Developments in Case Bring to Light That They Only Signed For \$1,000.

Guarantors for the Pavley-Oukrainky Ballet will not be held responsible for a sum exceeding \$3.20, according to a statement made this morning by H. W. Blanks, who made the business arrangements attendant to bringing the performance to Concord.

The new developments in the case, giving to the fifty odd guarantors a lessened liability, are the result of the discovery that the paper which was signed by the men of the city after the first arrangements were made, only called for a sum not to exceed \$1,000.

As a matter of fact, the contract with the Pavley dancers called for the payment of \$1,250. In addition to this, there were advertising expenses and incidentals which brought the total beyond \$1,300.

When the first announcement was made to the guarantors, it was indicated that the amount which they would have to pay would be \$8.75, this being the total indebtedness divided among the men who signed to back the show.

However, the fact that a mistake was made in drawing up the guarantee papers, makes it impossible to hold this group of men to any indebtedness incurred above \$1,000.

Mr. Blanks declared this morning that when he drew up the paper for the guarantors to sign, he was so confident that it would go over big that he did not feel that it was necessary to place the entire amount on it. Last year for Frieda Hempel over \$1,400 was taken in.

A letter is being sent out to the guarantors today in which the facts in the case are being presented, together with a statement of their indebtedness.

As to the \$300 over the amount subscribed for by the guarantors, Mr. Blanks added that he would have to pay that out of his own pocket. It was the first time, he said, that he had ever had to call on his guarantors for anything and he was deeply chagrined at having to do it.

## THE BATTLE AGAINST THE CATTLE TICK

East Seven Counties in North Carolina Released from Quarantine. Raleigh, N. C., Nov. 27.—(P)—The battle against the cattle tick in North Carolina, waged for the past 25 years, has come to a close, and an order from the United States Department of Agriculture releasing the last seven counties in this state under quarantine from that quarantine marks North Carolina as a state free from the cattle tick.

The order, which becomes effective December 10, releases Brunswick, Currituck, Columbus, Craven, Jones, Onslow, and Pamlico counties from the quarantine against the tick. North Carolina will be one of the six states—of the 15 originally quarantined—which are now released from quarantine.

The fight against the tick began in 1906, when the North Carolina Department of Agriculture, in cooperation with the United States Department of Agriculture, began an intensive drive against the tick, which has continued through the present year.

With the freeing of this state from quarantine, Dr. William Moore, veterinarian of the State Department of Agriculture, pointed out today, one of the ambitions of the late Major William A. Graham, for many years commissioner of agriculture, has been realized. Major Graham, said Dr. Moore, "was always an ardent supporter of tick eradication. And much of the credit for the success of this work was due to his untiring efforts."

The United States Department of Agriculture, in a bulletin just received here, discusses the cattle tick work in the South, and makes special mention of North Carolina. It points out that the work was begun in 1906, and that three years ago the state veterinarian in North Carolina adopted the slogan "No ticks in '26"—a slogan that has been realized, it says. The work in this state, it points out, was carried out by dividing the state into three zones, one of which was cleaned up each year.

The cattle tick eradication work was reviewed in detail today by Dr. Moore. He pointed out that more than 50 years ago it was known that when cattle were moved from the South to the North, that these cattle will leave behind them a trail of disease among the cattle with which they came in contact. An investigation was begun in the '80's, and the experimental work having been done in North Carolina, after a few years of study, it was determined that the cattle tick, technically known as the murgaropus annulatus, was responsible for this peculiar disease affecting cattle, and by 1906 the method of propagation and complete life history of this parasite had been worked out by the veterinarians in the federal and state departments of agriculture.

When it was established, said Dr. Moore, that this parasite was able to transmit a disease, tick fever, by its bite, it was the first instance up to that time that it had been proven

that a parasite could transmit disease by "biting its host," as Dr. Moore expressed it. The control of malaria and yellow fever have followed this discovery, he remarked.

"As a result of these studies," said Dr. Moore, "and experiments, three fundamental facts were established, and these, through the years of eradication work, have ever held true and been the basis of all work:

"1. That the cattle tick can only propagate on cattle, horses, mules, and asses.

"2. That the shortest possible time that the female tick can mature and reproduce is 20 days.

"3. That if a given area is kept entirely free of cattle for a period of seven months, or if all the cattle, horses, mules, and asses in the area are dipped in the proper arsenical solution for a period of seven months, the area will be freed of cattle ticks."

## Rowan County Farmers Get Pyrotol

Salisbury, N. C., Nov. 28.—(P)—Five and one-half cars of pyrotol, a cheap government explosive manufactured from surplus war material, has been distributed to Rowan county farmers during the past two years, according to a report of Farm Agent W. G. Yeager.

Three and a half cars was distributed last year, and this year so far 39,000 pounds, or two cars, has been placed, with the possibility of another car shipment.

The net saving to the farmer, by buying this material, says Mr. Yeager, is about \$15 per hundred pounds. And the purchase of the material has resulted in hundreds of acres being cleared that would never have been cleared, if only the high priced commercial explosive had been used, Mr. Yeager believes.
