**ASHEVILLE NEGRO DENIES HE HAS MADE CONFESSION**

**Mansell, Facing Death Sentence, Insists He Is Innocent to Prison Officials.**

**Lexington, Nov. 30.—** No trace had been secured to date of an unknown man reported to have been run over by an automobile on the central highway about three miles south of here early this morning, when three men are alleged to have attempted to hold up C. W. Lively, of Faith, Rowan county, with pistols.

**Mr. Lively reported to local officers on reaching here that three men were standing in the road near the bridge over Swearing Creek and that two of them had pistols in hand and waved him to stop. He started to slow down he stated to the officers, but on second thought decided to make a dash to escape being robbed, so stepping on the accelerator, swerved to the right and pulled full speed ahead. He failed to miss one of the men and was of the opinion he ran almost squarely over him. He is quoted as saying that he glanced back after he was a safe distance away and saw two men dragging a third off the roadway.**

**Officers from here went to the scene at once and saw some evidence that a car had struck something. There was no definite trace of the men, though a person living near the place is reported to have stated that an automobile stopped near the creek about the time Mr. Lively reported striking the alleged highwayman.**

**It is thought that the men either had a car nearby or else stopped a passing machine and took their companion away.**

**The action of Northwestern University in surrendering all claim to the "Big Ten" football championship in favor of Michigan will certainly go down in gridiron history as a splendid example of sportsmanship.**

**Three Boys From Chester, Pa., Arrested When Found in Auto Stolen Here.**

**Harry Johnson, Harry Starkey and Frank Willauer, three white youths who told officers their homes are in Chester, Pa., are being held here in connection with the theft of Matthew Tucker's Chevrolet touring car last Friday. The youths were arrested in Spartanburg, S. C., early Monday and were sleeping in the car at the time of their arrest, local officers have advised.**

**An officer from Spartanburg, en route to Greer to get a prisoner, brought the youths and the car to Concord Monday afternoon. When questioned here the boys gave their names and addresses and told officers they were en route to Florida and as they had no means of transportation decided to steal the car here. They came to Concord with friends who had car trouble here, and after wandering about the city for a couple of hours found the car and rode off.**

**Johnson and Sharkey are sixteen years old, they told local officers, and Willauer stated that he is fifteen.**

**The youths were placed in jail here and will be given a hearing tomorrow afternoon.**

**Policemen report that the Chevrolet was not damaged by the trip. Spartanburg officers knew of the stolen car by reason of a descriptive post card sent them by local officers.**

### Last Singers' Convention of the Year.

**The last singers' convention of the year was held at Mt. Hope Reformed Church on November 29. A large and attentive audience was present. The program consisted of congregationals, choir, quartettes, duets, solo and choruses singing.**

**An attractive feature of the program was a duet by two little tots, Linker and Stirewalt children, who are just beginning to talk. They set the audience in an roar of lengthy applause. Another noticeable feature was the president's choir, consisting of all the old people over 60 years of age, singing the hymns of their childhood days. A cash donation by the president to the oldest member of this choir was given to Mrs. Josey, her age being 79 years.**

**The program was interspersed with five minute talks which were instructive and highly appreciated by the large audience. Talks were made by:**

**Rev. D. S. Lee, pastor First Baptist Church, China Grove; Rev. H. E. Haase, pastor Methodist Church, China Grove, Rev. J. D. Andrews, of Faith Reformed Charge, Rev. Mr. Stallings, Oak Ridge Church, Cabarrus county; Rev. Shuford Peeler, dean of Catawba College, Salisbury.**

### ORTHOPEDIC SERVICE NOW FOR CABARRUS CRIPPLES

### State Rehabilitation Department to Assist Disabled Civilians—Clinic at Charlotte.

**The State Rehabilitation Department, which has been established to assist disabled civilians in securing needed treatment and training to the end that their earning capacity may be increased, has recently begun the organization of orthopedic clinics at central points all over the State, making available expert orthopedic service for every cripple in need of such attention.**

**One of these clinics is being located at Charlotte to serve a group of counties including Cabarrus, Rowan, Stanly, Union, Iredell and Mecklenburg. This clinic will be held at the City health department building on Saturday, December 5th and monthly thereafter. It is being sponsored by the Charlotte Rotary Club and will be in charge of an expert orthopedic surgeon. This clinic will be equipped so as to provide thorough examinations and also treatment such as can be administered outside the hospital. The examinations will be absolutely free for everybody and for those who need treatment and are not able to pay, provisions have been made to take care of their needs without cost, at the clinic and in hospitals. All cases that can be treated without hospitalization will have the advantage of this clinic every thirty days. Those cases, requiring hospital care, if under sixteen years of age, will be referred to the State Orthopedic Hospital at Gaston's, if over sixteen years of age, will be placed in free beds arranged for at hospitals in Charlotte.**

**It should be noted that all cripples, regardless of age, or race, are eligible to this clinic. Besides the orthopedic services, the Rehabilitation Department offers special training, without cost, to cripples over sixteen years of age whose disability amounts to a vocational handicap. A representative of this department will be present at each clinic to interview all cases in this class who may wish to educate themselves for some suitable occupation. If you know of any cripples in need of these services, you could do them a favor by calling their attention to those provisions being made for their benefit or by reporting their names to the Department of Vocational Rehabilitation, Raleigh, N. C. It is hoped that no cripples in this territory will fail to take advantage of this clinic, as they have everything to gain and nothing to lose.**

### PAPER REPLIES TO PARK OPOSITION

### Asheville Citizen Maintains That It Is "Common Good Against Exploitation."

**Asheville, Nov. 30.—The campaign for funds for the purchase of the Great Smoky Mountains for a national park which begins here in earnest tomorrow promises to be complicated by the organized opposition of certain lumbering interests, and by a battle between these interests and the hotel owners—the newspapers and the business interests of the cities of Western North Carolina, which are lined up firmly on the side of the national park.**

**Full page advertisements in the local dailies have during the past week announced the opposition of the Champion Fibre Company to the establishment of a national park in the Great Smoky Mountains. In reply to this broadside the Asheville Citizen, one of the foremost proponents of the national park plan yesterday in an editorial declared that the question of the establishment of a national forest in the Smokies after the mountains had been denuded of its trees and the creation now of a great national park was "a question of common good against individual exploitation."**

**"The broad proposition," the newspaper says, "is whether the general good of all people, financially as well as otherwise, lies in the creation of the park and its maintenance, or in the removal of the remaining portion of this virgin forest which would be completed in a very few years, leaving the great summits and sides of these mountains bare and open to destruction by fire. It is a question of common good against individual exploitation."**

**"On the one hand we have the argument that it is better to leave these forests to be cut away for industrial purposes and on the other hand the proposition to preserve them as a national playground for all the people with the consequent financial returns which experts say would follow and which would continue throughout all time. Evidently if we**

**wait until these mountains are denuded, the interest of the National Government in them as a park will have entirely abated."**

**In a reply to the charges of the Champion Fibre Company that the establishment of a national park withdraws for all time and regardless of changed economic conditions one of the very large natural resources of Western North Carolina from all industrial use," the editor of the Citizen points out that the lumbermen of North Carolina have all the forests of Western North Carolina, outside the relatively small area to be reserved as a park, from which to draw on for lumber.**
