Fancy Cuff

Ambitious indeed, is the wide flaring cuff that finishes this white kid glove. The checkerboard effect is achieved by weaving straps of black and white kid. It could be worn effectively only with the narrow, close-fitting sleeve, and with a very plain costume.

Commissioners Hold December Meeting.
Commissioners of Cabarrus county met at the court house Monday in regular session for December, but they found few matters to claim their attention.

The usual bills were presented and ordered paid and there were other routine matters, but no new business of importance was presented to them.

Jurors for the January term of Cabarrus Superior Court were drawn at the meeting, which was recessed at the noon hour so the commissioners could attend a dinner prepared in their honor by Sheriff R. V. Caldwell, Jr.

OVER 500 ACRES OF ROWAN LAND SOLD
Three Islands and Large Tract on Yadkin River Changes Hands, Salisbury Post.

One of the largest land transfers to take place in Rowan county in a long time, so far as acreage is concerned, is that embraced in several deeds registered in the official books in the register of deeds office Saturday, the total being 537 acres, lying on the Yadkin river in Providence and Salisbury townships, also three islands in the river, and listed as lying in Boone township, Davidson county.

The lands are deeded to W. L. Cotton, and it is said they are being acquired for the Tallahassee Power Co., the concern that operates the big plant at Badin. This company has been securing properties along the river for some distance for quite a while and there is talk from time to time of another big dam at some point on the river between the Southern railway main line and the present dam at Badin.

Probably the only woman who has voted in every national election since Grover Cleveland was chosen President in 1892, is Mrs. Samuel Posey, of Austin, Texas, who privilege it has been since she was nine years old to cast the ballot for her blind father.

WOUNDED NEGROES ARE CARRIED TO HOSPITAL

Anna Brewer and John Crump Sent to Charlotte Hospital to Undergo Treatment.

Anna Brewer and John Crump, brother and sister, wounded here Sunday night when shot by Walter Hayes, another negro, were carried to a Charlotte hospital Monday afternoon for treatment. When J. H. Brown, county welfare officer, and Dr. S. E. Buchanan, county physician, learned that the negroes could not be properly cared for in their homes, they made arrangements to get them in the hospital.

The woman has a wound between the shoulder blades where an entire load of No. 12 shot entered her back. Crump has a full load of shot in his right leg and apparently is the more seriously wounded of the two. His leg is badly swollen, it is said.

Local officers so far have not been able to find Hayes. They received information this morning that he was taken to Charlotte Sunday night following the shooting by Nathaniel Rainey, colored, and inquiry proved the truth of the report. Rainey said he drove his car for hire and as he knew nothing of the shooting until his return from Charlotte, he did not know Hayes was escaping from the officers.

Rainey told the officers that Hayes left his car near the Seaboard passenger station in Charlotte.

Hayes shot the couple, it is said, following a quarrel with the woman's daughter, with whom he had been living. He went to the Crump home, got Crump's doublebarreled shotgun and shot the pair as they came from the daughter's home.

BASKETEERS WORKING FOR CHARLOTTE NOW

Locals Take on Big Team Friday Night and Hope For Best.—Charles MacLaughlin Playing.

The Y basketball five has started a week's intensive practice in order to get in trim to meet the Charlotte aggregation on Friday night of this week.

The locals, although they realize that they will be up against what will probably be the strongest team they will hit this season, are hoping to be able to halt the fast stepping forwards of the Charlotte five.

Last week's game with Salisbury Showed Captain Dick and his men that they were weak in guarding and special efforts are being made to better the defensive end of the game. A way of breaking through a five-man defense is also being worked out and should be perfected by Friday night.

Charles MacLaughlin, former Mt. Pleasant guard, is out for a position on the team and looks like likely material. His defensive play in Monday night's practice made the local's stock rise higher.

Charlotte this year has one of the strongest teams it has had in years and is confident of winning the state championship in Y teams. It has been strengthened by the addition of Sam McDonald, of Carolina, and Starham, a former Penn star.

PLUMBER'S HELPER INJURED AT NEW HOTEL

Three Hundred Pound Pipe Mashed In Chest of E. J. Morris Monday.—Injuries Not Serious.

E. J. Morris, a plumber's helper at the new hotel and bank building, was injured Monday when his chest was mashed in by a heavy iron pipe which he was carrying. His injuries are not thought to be of a serious nature.

According to persons who were nearby when the accident occurred, Morris and another helper were carrying a 300-pound pipe from one part of the building on their shoulders. The man with Morris stumbled and fell, dropping the pipe as he did so.

When the pipe hit the floor, the weight from the rebound was so great that Morris' shoulder was mashed in and he could hardly draw his breath. It was thought that he was very seriously injured at first, but an examination showed that no bones were broken.
