PENNEY FOUNDATION WILL FUNCTION SOON

The Rev. D. L. Poling Will Be Director of Foundation Backed by New York World.

The Rev. Daniel A. Poling, pastor of the Marble Collegiate Church and president of the United Societies of Christian Endeavor, announced Tuesday, following action of his congregation, his acceptance of the post of director of the J. C. Penney Foundation. The foundation, established four years ago by James Cash Penney, head of the chain of 607 general merchandise stores which bear his name, is intended to administer a series of unusual philanthropies.

Associated with Dr. Poling in the special department of the foundation will be Burdette G. Lewis, who resigned Saturday as State Commissioner of Institutions in New Jersey. January 1st Mr. Lewis will become vice president of the Penney-Gwinn Company, which will administer the first of the idealistic endeavors of the foundation.

This is a "back to the soil" movement, conducted under scientific auspices. Mr. Penney has purchased 150,000 acres of land in Florida, which have been divided into 250 farms. The farms are to be allocated on the profit-sharing principle on which Mr. Penney organized his chain of stores.

None of the Florida farms is for sale, but the farmers will be selected for their fitness to raise vegetables, and each will be a potential owner. No rent is to be paid during the first year. Should the farmer be dissatisfied or deemed unsatisfactory, he may terminate the arrangement.

If the farmer gives up his allotment he is allowed to retain the full value of his crops. If it is mutually decided that he shall purchase the farm the sale is negotiated on long-term payments at the price agreed upon in advance.

Farming is one of the things in which Mr. Penney is deeply interested. Managing his 474-acre farm in Dutchess county is his pet avocation. There he maintains about 250 full-blooded and registered Guernseys and a bull whose picture hangs in Mr. Penney's office with the conspicuous inscription, "This Is Our Bull."

When Dr. Poling takes office as director of the Penney Foundation, the first of the year, its activities will greatly expand. Concerning the foundation, Dr. Poling said yesterday:

"It is to be increasingly the social, educational and religious expression of both the spirit and fortune of its founder. Its plan provides for a conservative beginning with a comprehensive program which aspires to strengthen, in the direction of self-help, the enterprises it may support, and which will lay a particular emphasis upon research and counsel in the field of vocational training."

Dr. Poling will retain his pastorate, the J. C. Penney Company is capitalized for \$45,000,000. For the current year the stores have been doing a \$90,000,000 business, so the Foundation should not be hampered for lack of funds. Mr. Penney's first job was with J. M. Hale & Bros. in the dry goods trade in Hamilton, Mo., where he was born, the son of a country minister. He received \$27 a month. Now he is insured for \$3,000,000.

Three years ago The World asked Mr. Penney to give the principles he followed in achieving his success. This was his reply:

"Selecting men who are morally right, placing responsibilities on their shoulders and examining results."

"Unlimited faith in associates."

"Making it possible for men to acquire interest in stores by allowing them to share in that which they produce."

"Tying men's interests up so that co-operation is assured, resulting in strong organization."

"Bearing with men in their mistakes."

DESIRE TO BUILD INTO GREENSBORO

Denton Railroad Definitely Seeking Entrance, It Is Learned.

Greensboro, Dec. 22.—Extension of the High Point, Thomasville and Denton Railroad to Greensboro as an active competitor here with the Southern Railway, with connections with three other lines as well, is being definitely sought by the H. P. T. and D. officials. It was learned here tonight from an absolutely reliable authority.

This line, which has risen from the old Carolina and Yadkin River Railroad and been placed on a sound footing, according to railroad men, is looking around for new territory and it is understood that all Greensboro would have to do would be to give some encouragement. Getting ready for entrance into the city with terminals at the place where encouragement is needed.

CONCORD WINS GAME FROM PROXIMITY Y

Locals Get Long End of 46-35 Score and Take First Game of Year—Collegians Heep.

Concord Y has won a game. After four consecutive losses, it began to look to those who are interested in local sports as though the Y team was headed toward the no-win championship, and was trying to see how few points could be scored this year.

Last night, however, under the coaching of Nevil Sappenfield, former Davidson football and basketball ace, the locals took heart and ran wild, showing the most clever work of the year and making the fans hopeful that next week's games with Wake Forest and Lenoir-Rhyne might terminate successfully.

The score in the game was 46-35 and the opponents were the members of the Proximity Y at Greensboro. The greater part of the Proximity score came during the last ten minutes of the game, when Coach Sappenfield's squad, with a commanding lead, let down the bars and the visitors took full advantage of the laxness of the locals.

All the scoring of the Proximity team was not due to the let-up on the part of the Concord players, however. They were shooting desperately to overcome the lead and made more of the miracle variety of shots than are usually stacked up in an entire season. The two Coble boys led in this work, tossing in seemingly impossible shots with a great degree of accuracy.

The regular Concord team was strengthened by the addition of a number of collegians home for the holidays. John Cook, member of the Davidson squad, Tom Coltrane and Ed Morrison, both members of last year's Y team, were among the additions to the locals. All played well, especially John Cook.

However, the star of the game was not Cook, Rob Dick, captain of the team, was the shining light, making 22 of his team's points and doing some clever floor work. Miles Wolf was runner-up in number of points scored, making a total of 14.

The locals started with a rush, catching several baskets before the visitors had found themselves. During the entire first half, Concord retained a good lead, the period ending 24-12 in favor of the locals. With the opening of the second half, Coach Sappenfield's charges again hoped off to a good start but became tired at the last part of the half and allowed the visitors to come within striking distance.

Box score:

Concord	RF	J. Coble (12)
Easley	LF	E. Coble (10)
Dick (22)	C	Costner
Wolf (14)	RG	G. Boone (2)
McLaughlin	LG	Sims (6)
Cook (4)		

Substitutes: Concord, Morrison (2) for McLaughlin; Coltrane (6) for Easley, McLaughlin for Cook. Concord for McLaughlin, Proximity, Bryant (5) for J. Coble; J. Coble for Costner. Referee, Long (N. C. State).

NEW OFFICES CHAMBER OF COMMERCE OPENED

Headquarters Established in Offices of Dr. T. N. Spencer, New Secretary.

Headquarters of the Chamber of Commerce are now located in the offices of Dr. T. N. Spencer, on Barbrick street. At their meeting Monday night directors of the chamber elected Dr. Spencer secretary and treasurer for the next year, so all office equipment belonging to the organization was moved from the Y. M. C. A. to his offices.

The equipment was used at the Y. M. C. A. when he was secretary of the chamber, and it had been left there until the secretary for next year had been elected.

Officials of the chamber have planned an active year's work for 1926, plans for the work having been tentatively agreed upon at the Monday night meeting.
