Employees in the Concord postoffice report that business is about normal again. The holiday business was well handled at the local office this year despite the fact that more business than ever before was handled. During this week usual conditions have prevailed, it is said.

Warmer weather greeted Concord people when they arose this morning and there are signs aplenty that the cold wave has passed. Monday night was very cold but the mercury started an upward climb Tuesday and temperatures that night were not nearly so low as during the first part of the week.

Dr. T. N. Spencer, secretary of the Cabarrus Fair Association, continues to get offers for attractions for the 1926 fair. So far Dr. Spencer has signed up none of the features to be offered at the fair grounds next October as he wishes to look over the entire field before deciding on the attractions needed.

While inventory is being taken already in some of the business houses of the city, other concerns plan to start the work the first of next week. Stock taking is always dreaded by most clerks and other store employees but it is necessary at least once each year to determine the profits for the past 12 months.

Looks Like a Dry New Year

Washington is going to be dry on New Year eve, if these people have anything to say about it. Five thousand gallons of liquor, of all qualities, have been confiscated and are about to be destroyed. At the left is U. S. Marshal E. C. Snyder, former newspaper man, with his axe ready to break the bottles; next is Wayne B. Wheeler, general counsel for the Anti-Saloon League. Detective Scrivener of Washington, is at Wheeler's left, and Mrs. Mabel Walker Willobrandt, assistant attorney general of the United States in charge of all federal prohibition cases, is at the right.

GREAT-GREAT GRANDFATHER BAPTIZED IN ICY WATER

Christmas Reminon Held at Home of D. S. Hughes, at Rusk, in Surry County—Interesting Occasion.

Winston-Salem, Dec. 29.—The reunion of four generations of the Hughes family was held Sunday at the home of Mr. and Mrs. D. S. Hughes, Rusk, R. F. D. 1, in Surry county. Mr. and Mrs. Hughes are the parents of nine children, all living, and are the grandparents of 30, and the great-grandparents of 20, 19 of the grandchildren being present.

Perhaps the most interesting event of the day was the baptizing of the aged father and grandfather of the descendants. "Mr. Hughes was baptized by Rev. A. J. Williams, an old

and retired minister of the Baptist Church, the baptizing taking place in Mitchell River, ice having to be cleared away for the exercises. Mr. Hughes will be 71 years of age on March 24, 1926.

Mrs. Jones: "And how many evenings will you expect off each week. I never give more than two." New Maid: "I'm afraid that won't do, ma'am. You see, I'm a debutante this season."

Chloride, the colored maid, had announced her impending departure. What's the matter, Chloride?" asked her mistress. "Aren't your wages sufficient? Don't we treat you all right?" "Well, de wages is all right, an' mostly yo' treats me right, but de trouble is dis: Dere am' too much shiftn' of de dishes fo' de fewness of de victuals."

TOM SIMS SAYS

First saxophone was made in 1840 and there are those who will claim it was a serious mistake. These shortest days are the longest to the boy waiting for Santa Claus. The fastest run on record is the Christmas run on the bank. Jumping out of a flying machine with a parachute isn't very dangerous. Not half as dangerous as jumping out without one. The most dangerous word in our language is "yes." Our idea of a radical is a man who thinks he deserves his neighbor's car because he can run it. (Copyright, 1925, NHA Service, Inc.)

"You should never point, Johnnie," said Mrs. Brown, as they left the store. "It is very rude."

"But what are you to do, Ma, when you don't know the name of the thing?"

"Why, just let the clerk show you everything until he comes to the right one."

The best sympathy

IT is only human for a funeral director to feel sympathetic in the presence of bereaved patrons. But it is real sympathy when he recognizes an obligation to see to it that the highest character of burial equipment is furnished at honest prices. Such a policy has been responsible for the success of this concern.

Typical of the burial equipment furnished by us is the Clark Grave Vault, recognized as a leader in the vault industry, because it gives positive and permanent protection.

USE A GAS HEATER FOR KITCHEN WARMTH Keep your clean, efficient gas range in operation Why go back to the muss and dirt and bother of your coal or wood range in wintertime? It's not such a great economy, after all, because solid fuel is expensive. And think of the bother! Aren't your time and strength worth something? A little gas heater will quickly warm up the kitchen on cold mornings and you can regulate the heat more easily than in a stove built primarily for cooking. Continue to use your clean, convenient gas range for cooking, and have no fuel to lug, no ashes to carry, no fires to build, no hard, slavish work.
