CONCORD GIRL WRITES ARTICLE FOR PAPER

Miss Katherine Wolf, Student at N. C. C. W., contributes to Bulletin of Women Voters.

The following from a recent copy of The Bulletin of the North Carolina League of Women Voters will be of much interest in Concord. The article was written by Miss Katherine Wolf, daughter of Mr. and Mrs. S. A. Wolf, who is a student at North Carolina College for Women at Greensboro and president of the Young Voters Club in college.

The text of the article is as follows:

"During the past several years, a group of girls on the N. C. C. W. campus, interested in political and social affairs, have studied in an International Relations Club. Some felt, however, that the very nature of this club limited the scope of the work and interest. This year the club was reorganized and it is now affiliated with the North Carolina League of Women Voters as a Young Voters Club.

"Most of the members felt that they would still like the programs to be concerned mainly with foreign problems. During the fall, a most intense and extensive study of the world was made by the club. It cooperated in every way possible with the Y. W. C. A. in putting on the world court campaign on the campus. The two December meetings were spent in studying the subject of Pan-Americanism. It is the policy of the club to have a competent speaker address it very informally on some subject and then to spend the following meeting discussing the topic.

Among the topics included in the program for the rest of the year are the Australian ballot and the problem of the foreign-debts.

"It would be impossible to write of the club without mentioning Miss Harriett Elliot. Without her help and interest, the reorganization would have been well nigh impossible.

"The first meeting in February is to be an open meeting with for members of the Greensboro League at the home of Mrs. Julius Cone. The members of the club will present a program on the Australian ballot.

"There are at present 22 members in the club. They are chosen from the junior and senior classes; and are girls who have attained a scholarship requirement of 3 on all subjects and a 2 on history, and who have an interest in the work. The officers are Katherine Wolff, of Concord president, and Christian Curtis, of Asheville, secretary and treasurer. Helen Nora Sherrill, of Charlotte, is chairman of the program committee.

"It is the hope of the girls in the club that they can be more nearly a force in the state contributing to its progress and prosperity."

GALA OCCASION FOR RED MEN SATURDAY

Kickapoo Tribe of Kannapolis Red Men Play Lively Day.—Installation of Officers Feature.

BY JAZZY MOORE

Kannapolis, Jan. 15.—Local Red Men are planning a gala day for Saturday when installation of officers, a dinner, jazzy music, and interesting talks and speeches will constitute the day's program.

Kickapoo Tribe No. 140 and the Potomac Council will have a joint installation of officers for the ensuing year. The installation will be conducted by Edward Grey, great sachem of North Carolina.

John G. Carpenter, past great prophet of Gastonia, and an able lawyer of Gaston county, will be the principal speaker of the day.

An oyster supper will be served in connection with this affair while by the Cabarrus Y. M. C. A. orchestra will handle the musical part of the occasion.

The Kickapoo Tribe No. 140 of the Improved Order of Red Men is doing a fine work in Kannapolis. They have just closed a great year and all indications point to another prosperous one.

The local boys boast of a crack degree team and are willing to recognize all such teams, but they positively refuse to bow to any.

THE STINGIEST PERSON.

New York Mirror.

The stingiest person I know is a woman who will not let ducks swim in her stream.

The stingiest person I know is a man who was going on a hiking trip and came to borrow my boots so that he could save his own.

The stingiest person I know is a business man who takes an adding machine for a thirty-day trial and returns it after inventory.

A new window glass designed especially for factory use is of yellow tint and is intended to exclude the ultra-violet rays which have a tendency to fade colors and rot silk, rubber and various other materials.

Dr. A. A. Michelson is measuring the velocity of light used a set of mirrors 22 miles apart.

ONE THING TO BE THANKFUL FOR.

Charity and Children.

Old Bill, once the Kaiser of Germany, says that "without Wilson's ambition to be remembered as the greatest Englishman of his generation America would perhaps have kept aloof from the war." Perhaps so, but whatever Wilson's ambition, we rejoice that he put Bill out of business.

When horses were first introduced into Polynesia they frightened the natives, but they are now called "bunahovo-fenna," meaning "a pig which runs quickly over the ground."

A GROUCH NOT WANTED

There is nothing so harmful to success as being a grouch. Stomach, liver and intestinal troubles make one grouchy. **MAYR'S "One Dose Will Convince"** will help overcome these and usually gives complete results.

Our advice to every one troubled in this way, especially when accompanied with bloating in the stomach, is to try this remedy. It is a simple, harmless preparation that removes the esternal mucus from the intestinal tract and allays the inflammation which causes pestilential flatulency, liver and intestinal ailments, including appendicitis. At the Gibson Drug Store and druggists everywhere.
