

EARL OF CRAVEN IN CANADA AS WARRANT IS ISSUED FOR HIM

Earl Is Charged With Being Guilty of an Offense Involving Moral Turpitude.—Is In Canada.

WARRANT TO GO TO NEW YORK CITY

Will Be Served There if Earl Returns From Canada.—Countess of Cathcart Mentioned in Case.

Washington, Feb. 15.—(AP)—A warrant for the arrest of the Earl of Craven was issued today by the Department of Labor.

Issued at the request of Commissioner Curran in charge of immigration affairs at New York, the warrant will be forwarded to him for service. It was not known at the date of the Earl already had departed for Canada.

The charges contained in the warrant are that the Earl is guilty of an offense involving moral turpitude in his shipment to Africa with the Countess of Cathcart, who has been denied admission to this country on similar grounds.

Should the Count return to New York the warrant would be served and he would be given a hearing at Ellis Island.

Meanwhile Wilton J. Lambert, of this city, and William A. DeFord of New York, attorneys for the Countess, went forward with their plans to contest the order of Commissioner Curran in New York for deportation of the countess.

While the Labor Department was issuing a warrant for the Earl of Craven with the idea of having him also declared ineligible to remain in the United States, 150 women of the National Women's party made arrangements to appear at a hearing this afternoon in the case of the Countess.

Assistant Secretary Earl Robe White of the Department, expressed the view that inasmuch as the Earl had gone to Canada the effort sought by the warrant had already been accomplished.

"The primary purpose," he said, "was to get him out of this country."

Montreal, Feb. 15.—(AP)—The Earl of Craven was staying at the Ritz-Carlton Hotel, Montreal today. He refused to be interviewed.

Lord Craven arrived this morning from New York and went directly to the rooms reserved for him. He declined to receive newspaper men, but sent out word that he might make a statement to make this afternoon.

CHAPMAN LOSES IN FIGHT TO BE SENT TO ATLANTA PRISON

Circuit Court Refuses to Give Him Writ of Habeas Corpus, Sustaining Lower Court.

LAW QUESTION NOT DISCUSSED

Court Did Not Touch on the President's Right to Commutate Sentence of Condemned Man.

New York, Feb. 15.—(AP)—Gerald Chapman, convicted bandit and murderer, today lost his appeal to the U. S. Circuit Court of Appeals for a writ of habeas corpus. The appellate court sustained the order of Federal Judge Thomas, of Connecticut, in dismissing Chapman's application for the writ.

Chapman, under sentence to hang on March 3 for the murder of a New Britain, Conn., policeman, sought by the habeas corpus proceedings to be returned to the Atlanta penitentiary from which he escaped after serving only a short part of a 25 year sentence for the \$1,000,000 mail robbery in New York.

The court held that only the United States government would have the right to enter an objection in this connection and pointed out that the government through Assistant United States Attorney Cohen had argued that the sentence from the Connecticut state court be carried out.

MINERS HELD IN PIT THREE HOURS

They Were Able to Leave Through Main Entrance Three Hours After the Explosion.

Bellaire, O., Feb. 15.—(AP)—One miner was killed, 19 others were injured, one perhaps fatally at the Powhatan mine, sixteen miles south of here, this morning. Six hundred other men in the mine escaped uninjured.

An explosion shortly before 6 o'clock wrecked the entire interior of the mine shaft, resulting in the death of one miner and the injury of 19 others. Ten of the injured were taken to a Bellaire hospital, where the other nine were sent to their homes.

The miners engaged in working farther in the mine shaft escaped through the main entrance within three hours after the explosion.

W. O. Percival, mine manager, said the mine would be reconducted today with a view to renewing operations tomorrow.

By a strange fate the miner killed was drowned. The blast threw him into the air and he landed face downward in a puddle of water.

The mine reopened today after having been closed since Friday. It is owned by the Powhatan Mining Company.

The cause of the explosion is undetermined. The blast wrecked houses in the vicinity and flames shot 100 feet above the mine tangle.

The injured were being brought here on a special train.

THE COTTON MARKET

Easier in Early Trading, After Opening Steady at Decline of 5 to 11 Points.

New York, Feb. 15.—(AP)—The cotton market was easier in today's early trading owing to lower Liverpool cables, less favorable reports from the cotton goods trade in Lancashire, and continued reports of good progress with early farm work in the South.

The opening was barely steady at a decline of 5 to 11 points. Active months soon showed net losses of 15 to 19 points, May selling down to 19.49 and October to 18.18. There was price fixing on a scale down, and a good many contracts were absorbed on the decline, but local, Wall Street and southern selling gave the market a rather unsettled appearance.
