Don't Take Chances With Cracked Ice

The Automatic's Built-in Water Cooler Safeguards Health
Just turn the faucet and out flows, pure, clean drinking water, ice cold, yet untouched by ice. This tank has a one-piece glistening white porcelain lining and is fitted at the top with a secure holder for the inverted water bottle.

Exclusive in the Automatic

The Built-in Water Cooler is an exclusive Automatic feature, the value of which will be quickly appreciated by all who realize the danger to health in using cracked ice, to say nothing of the inconvenience and expense saved by the Automatic's "double duty" performance. Additional distinctive features are the patented sanitary trap, the scientific air circulation and many other advantages which we will be glad to explain.

135—8:00 P. M.
29—11:00 P. M.

LOCAL MENTION

The Catawba College baseball team is here today for a game with the Gibson Mill team. The game will be played at 3:30 at the Gibson park. The locals have a strong lineup for the battle.

Many Concord stores were filled with shoppers at an early hour this morning, indicating that another fine business is to be enjoyed by the merchants today. Business here during the past several Saturdays has been unusually good, merchants report.

A casing and rim were stolen Friday night from the auto of Judge John M. Oglesby. The car was left standing in the street in front of the home of J. L. Brown and the thieves carried off the tire and rim after breaking the safety lock.

Quite a number of Duke and Davidson alumni went to Gastonia today to see the baseball game between the teams of the two institutions. This is the last important game of the year for the Davidson team. The two teams are evenly matched.

Miss Mary Matthews, teacher in the Concord high school who has been confined to her home in Asheville by illness for two weeks, will return to Concord tomorrow and resume her work at the high school Monday morning.

Chief of Police Talbirt and J. H. Brown, county welfare officer, left Friday for Columbus, Ga., to get Dick Simpson, white man wanted here on a bandit charge. They plan to return to Concord tomorrow, having made the trip in Mr. Brown's car.

Charlotte hotels are filling up now for the May races to be staged Monday, it is reported. During today many persons from various parts of this state and Virginia passed through Concord en route to Charlotte, and hundreds of others are expected tomorrow and early Monday morning.

Friday was one of the busiest days in recent years in the register of deed's office. Forty-four papers were filed for record during the day, many of them being contracts. Included in the papers were a number of chattel mortgages, filed for the most part by local motor companies.

Shakespeare Harris, one of the best known Confederate veterans in the state, was in Greenville, S. C. this week for the annual state meeting of South Carolina veterans. Mr. Harris said he went to Greenville because North Carolina did not have enough reunions to satisfy him.

One man was given three months on the chain gang when he pleaded guilty to possessing liquor in recorder's court. Another was given six months for abandonment, giving notice of appeal. From other defendants more than \$50 was collected in fines and costs, the charges against them not being of an aggravated nature.

Mrs. Minnie F. Troutman has sold to L. O. Winecoff property in No. 4 township for \$2,000, according to a deed filed Friday. Another deed recited the sale of property in No. 11 by A. H. White to Harold Dry for \$303 and still another records the sale of property in Underwood Park by E. D. Underwood to T. C. Shank for \$386.

RABID ANIMAL BITES TWELVE

Members of Three Families Near Shelby Taking Treatment.
Sheby, May 7.—Reports from whom appears to be the worst "mad dog" affair in the history of this section of the state came today from the No. 1 township community, where 12 people, seven in one family, were bitten by a dog, wild with rabies.

As near as could be verified over the telephone the dog bit seven members of the family of Kester Hamrick, well known farmer of that section, and five members of the families of Love Ellis and Luther Humphries. The 12 are now taking the Pasteur treatment and are thought to be getting along nicely. Mrs. L. I. Scruggs said by long distance telephone today that the dog was a pet in the Hamrick family and that it became mad sometime during the past week-end. Members of the family merely thought the dog had "running fits" until after seven members of the family, all except Mrs. Hamrick, including the baby and Mr. Hamrick, were bitten, and then it was decided that the dog must be mad, and it was killed.

However, five members of the families of Ellis and Humphries were bitten before that time. The head of the dog was sent off for examination and the report revealed that the dog was infected with rabies. Immediately after the dog was killed a "mad rock" in that section was secured and used on those bitten by the dog. The rock, it is said, failed to stick on some of those bitten. Later the 12 were taken to Gaffney, S. C., where they were treated by a physician. Since the examination revealed that the dog was really mad the Pasteur treatment has been given.

Zachary, who was released by the champions Washington Senators last year, is pitching fine ball for the St. Louis Browns.

CHURCH NEWS
