Wanted Governor to Find Him a Bride.

(By International News Service) Baton Rouge, La., May 24.—This thing of being Governor is no simple job, as everyone knows, and many are the requests for various kinds of services received, but now Governor Henry L. Fuqua is about to find his office turned into a matrimonial bureau.

John X. Kenny, of Bloomington, Ill., wrote the Governor seeking his aid in finding him "a nice, refined Christian lady or widow between the ages of 16 and 40." Kenny wants a wife from Louisiana, his letter said, because his grandfather and mother were natives of this state.

Another reason Kenny gave for wanting a Louisiana bride is because, he said, "girls from the South are better than the girls in the North, East or West." "I am an American, white, aged 30, and an ex-soldier of the world war," the letter said, "I want some one to settle down and marry and help make a home."

MANY FRAUDULENT SCHEMES SHOW NEED OF TRUE THRIFT

By S. W. STRAUS, President American Society for Thrift.

THRIFT does not consist alone in saving money. Knowing what to do with one's savings is equally important. Thrift lessons half learned are as unfortunate as no lessons at all. Learn how to save. Learn how to invest. Learn how to spend. Unless you do so you do not understand true thrift.

S. W. STRAUS

Recently in an Eastern city a number of men were indicted for having defrauded hundreds of poor persons out of their life savings on a "free lot" real estate scheme. The victims were first led to believe that they were actually getting something for nothing. They were then induced to put up money in order that they might secure full advantage of their so-called good fortune. All of the victims are described as working people who have lost amounts ranging from \$1,500 to \$5,000.

The "free lot" scheme is an old trick. There are many like it. About one billion dollars a year is lost by the people of this country through frauds of various kinds.

The fact cannot be emphasized too strongly that it is hard to get something for nothing—so hard in fact that any scheme with the slightest suggestion of being of this nature should be immediately viewed with suspicion.

It is nothing short of tragic that persons who practice patient economy for years should by one ill-advised investment lose all their savings.

One of the most important lessons in thrift is that you rarely ever get something for nothing.

HE

Industrial Peace. Men are of two kinds and he was the kind I'd like to be. Some preach their virtues, and a few express their lives by what they do. That sort was he. No flowery phrase or glibly spoken words of praise. Won friends for him. He wasn't cheap. Or shallow, but his course ran deep, and it was pure. You know the kind. Not many in a life you find. Whose deeds outrun their words so far. That more than what they seem they are.
