The Rocky River Missionary Society Meets. The Agnes Penick Missionary Society of Rocky River met at the home of Mrs. J. Russell Friday, July 23rd, at 10:30 o'clock in the morning.

The president, Mrs. R. A. Sappenfield, being absent, Mrs. C. S. McCurdy, vice president, presided.

An important feature of the program was a lecture on the book of Acts by Rev. T. H. Spence which was very interesting as well as helpful.

After this lecture matters of business were attended, then came a delightful talk by Miss Akerstrom, principal of the Rocky River school. She told of her work as a missionary in Malaysia and exhibited many curious she had brought from that country. The stories that went with some of the curios were very interesting.

Men, as well as women, are invited to these all-day meetings and those present amused themselves by swapping yarns and pitching horse shoes.

When the meeting was over a long table was made under the big oak trees in the yard, and was soon filled with the good things to eat that the ladies of the church had cooked for the occasion.

Mrs. Russell had made gallons of tea and this was thoroughly enjoyed by the people attending the meeting.

After the picnic dinner a number of cars filled with men, women, boys and girls were driven down to Coddle Creek to "the Ole Swimming Hole", for a swimming party. They reported a fine time when they came back.

There were 75 persons present, including visitors from Marion, Statesville, Kannapolis, Harrisburg, Fort White and Lake Gem, Florida.

About 4:30 o'clock in the afternoon the crowd went home, feeling that they had had a most pleasant day with Mrs. Russell.

The next all-day meeting of the society will be held at the home of Mrs. W. M. Gourley in No. 10 township, sometime in August.

Price Doyle Popular in Nebraska. A. S. Webb, superintendent of the city schools, has just received word that Price Doyle, last year director of music at Concord high school, has become very popular with the authorities of the State Normal School and Teachers College, of Peru, Nebraska, where he is spending the summer as an instructor.

According to the word received by Mr. Webb, they have been so impressed by the work of Mr. Doyle that they have insisted he remain at the college through the winter term, and have put him under contract for a year.

Kannapolis Releases Johnson and Signs Kirk as Manager of Club

Former Piedmont League Star Annexed as Boss in Effort to Win State Amateur Title; Radical Reorganization Started; New Blood Added Should Offset Early Season Losses.

By JAZZY MOORE Kannapolis, July 28.—Plans for a radical reorganization of the local baseball club were given a start today when Ed. E. Lady, president, made public an announcement that a new manager and several professional luminaries had been annexed to the club's payroll.

Failure to show enough stuff to warrant their being kept on the home lot also caused the Prexy to flip off three regular infielders, former flashy collegians; a pitcher, and a catcher. Molsinger, keystone custodian, being the sole survivor of the infield. Bob Kirk, who has been quite a character in baseball because of physical peculiarities, sore feet, creaky joints, and the like; a lusty swarther of the horsehide, and an old head of the pasture, has been selected to succeed Johnnie Johnson as manager. His appointment answers the frantic howl sent up by fans, and just as long as he is able to outwit the sly old Basinger, skipper of the Gibson crew, will govern his reign as boss here.

CHIEF TALBIRT'S REPORT FOR LAST SIX MONTHS

Shows More Than \$8,000 Collected in Recorder's Court During Six Months This Year. Chief L. S. Talbirt, of the Concord Police Department, this week submitted to the county board of education his report covering fines collected in recorder's court during the first six months of 1926.

Under the law the county board of education gets all money collected as fines in the city court and the city gets the costs in the cases. Chief Talbirt makes a report twice each year.

In his report Chief Talbirt showed a total collection of \$8,810.64. Of this total \$5,491.00 was turned over to the board of education and the remainder \$3,319.64 went to the city in costs.

PALM BEACH SUCCESSES MILLION LOSS IN STORM Forty Yachts and Houseboats Sunk and Ocean Front Property Damaged. Palm Beach, Fla., July 27.—Property damage aggregating more than a million dollars was reported at Palm Beach and West Palm Beach today caused by a hurricane which came in from the Caribbean sea.

Forty yachts and houseboats sank in Lake Worth, a body of water between Palm Beach and West Palm Beach. The wooden bridge over Lake Worth also was washed away. Ocean front properties in both towns were damaged considerably.

The pier at which the yacht was anchored also sank and the couple clinging to the piling.

E. C. BROOKS OFFERED POSITION IN LOUISIANA But President of N. C. State College Wouldn't Consider University President. Raleigh, July 27.—"I told them I was unable to consider an offer," Dr. E. C. Brooks stated Monday, in confirming the rumor which has been current on the State college campus for the last few days that he had been asked to consider the presidency of Louisiana State university, at Baton Rouge.

It became known yesterday that Dr. Brooks was approached, early in the summer, by a committee from the board of trustees of Louisiana institution. Last week, it is stated, the same committee again presented the matter to the State college president.

In declining to allow his name to go before the board of trustees, Dr. Brooks is said to have expressed the opinion that whatever contribution he could make to society should be given to his native state. Besides, he continued, "my work at State college must be considered as a piece of unfinished business. We are just beginning to operate fully under reorganization plans started three years ago. For the first time in more than three years I am able to watch with considerable pride the progress of a going and growing concern. I want to stand by the job."

Louisiana State university is also a land grant college, similar to State college, with a student body of about 2,000. In addition to federal appropriations for agricultural extension and experimental work, the institution receives, from a constitutional tax, an annual income of nearly \$1,000,000.

A little over a year ago Dr. Brooks refused to accept a position as commissioner of education, or state at a substantial increase in salary.
