## INTENSE SUFFERING MADE LIFE MISERABLE

Until He Found Herb Extract Known as HERB JUICE Which He Says Brought the Relief He Had Been Seeking For Year.

W. B. HARGETT

"It was a long time before I finally found a medicine that would give me any satisfactory relief and now that I am at last relieved of my former trouble, I feel as though I shall give this statement and tell others how my health was greatly improved through the use of the wonderful herbal remedy, Herb Extract, known as HERB JUICE.

"Herb Extract, known as HERB JUICE, is the best medicine I have ever found to keep me healthy and in an active condition," said Mr. W. B. Hargett, well known carpenter, who resides at 1822 Dallas Avenue, Charlotte, N. C. He told the HERB JUICE representative in an enthusiastic way how HERB JUICE had restored his health.

"For a number of years before I began taking HERB JUICE I had suffered dreadfully from constipation and indigestion. My stomach was always upset, never felt like eating at meal time and what little I did eat caused me to suffer afterwards with a tight, bloated feeling in my stomach from gas. I tried in vain to find something that would cure me of the indigestion pains, regulate my bowels and build me up. I could not sleep at night and had such a tired, worn-

out feeling when I would get up in the mornings that I did not feel like going to my work. Several months ago I started taking Herb Extract known as HERB JUICE, having been urged to do so by a friend who said it would do the work for me and put me in a healthy condition. He did not over state the facts, for just as soon as I began to take it I began to improve and feel better in every way. It gave me quick relief from the gas pains and bloated feeling in my stomach, and through its natural action on the bowels I have been entirely relieved of the constipation trouble. The result is my system is free of poison, I have a very keen appetite, eat most anything I want and digest all of it. I have gained in weight and strength and now my work is a pleasure as I have more energy than I have had in a long time. Herb Extract, known as HERB JUICE, is the most effective laxative, system regulator and builder I have ever found and I can heartily recommend it to all sufferers of the same ailments as I had. It has benefited beyond all expectations."
