

Judge George P. Bell Gives Ten Instances of Democratic Achievement

Raleigh, Oct. 11.—(AP)—Pointing out ten specific instances of Democratic achievement in North Carolina during the administration of Governor Angus Wilton McLean, and contending that during the last half century of Democratic control in the state that the party's record had been unassailable, Judge George P. Bell, corporation commissioner, summed up his version of the party's progress in an open letter to John G. Dawson, chairman of the State Democratic executive committee.

In a prefatory statement Commissioner Bell declared that in offering his record that he was following the custom of "off year" campaign in discussing the merits of county and state administration rather than national.

The ten points on which he bases his assertion of achievement during the McLean administration follow:

First—An executive budget system was adopted. Under the executive budget act machinery has been provided whereby the governor as director of the budget becomes the supervising head of all the fiscal and business affairs of the various State departments, institutions and other agencies, not only with respect to ordinary current operations, but also with respect to expenditures for permanent improvements.

Second—The State is now operated on the balanced budget basis, which is the only sound method of operation which will protect the State's credit and enable it to go forward with its program of public improvements.

Third—A great deal of duplication has been eliminated in the tax collection activities of the government by the consolidation of the tax collection functions of the State under the department of revenue. A large sum of money will be saved in this way, and the savings will increase as the

SAYS MODESTY IS NOT QUESTION OF SKIRTS

Girl Can Be Modest and Wear Gown at Ball, Preacher Holds.

Atlanta, Ga., Oct. 12.—A girl may wear her dress two inches above her knee and still be modest, Dr. William H. Houghton told 4,000 persons who jammed the Baptist Tabernacle here yesterday to listen to his "modern youth."

After warning that 65 per cent of Houghton gave the following ten hints to prospective bridegrooms on how to be happy after marriage:

Do not trifle with hearts or some one may step on yours.

Do not marry for beauty. Oftentimes a little paint covers an old model.

Do not court a "gimme," or your bridestone may be a grindstone.

Do not buy her all the candy now. Life will need some sweetening later.

Do not marry too young. Puppy love sometimes leads to a dog's life.

Do not forget married life is a partnership, not a battleship.

Do not expect faithfulness you do not give. Marriage is mutual.

Do not expect perfection. There is no one perfect but you.

Do not be critical. The tongue is a dagger that reaches the heart.

Do not marry an irreligious person. The hope of a life to come will help make this life right.

REV. A. R. McQUEEN IS ELECTED MODERATOR

Rev. C. M. Gibbs Chosen Temporary Clerk of Synod Opening of 113th Annual Session at Statesville.

Statesville, Oct. 12.—Rev. A. R. McQueen, of Dunn, was elected moderator of the Presbyterian synod of North Carolina at the opening of the 113th annual session in the First Presbyterian Church here tonight.

His election was unanimous. Rev. C. M. Gibbs was elected temporary clerk. Rev. C. D. Raynal, D. D., pastor of the Statesville Church, welcomed the synod. The enrollment for the first session was 225.

A gavel made of wood grown on the site of old Hawfield's Church where Orange Presbytery was organized in 1770, was presented to the senate.

Orange is the mother Presbytery of the synod and a celebration will be held there October 28th. The moderator was appointed to represent the synod there.

Rev. Mr. Seabright Preaches.

The opening sermon was preached by Rev. H. B. Seabright, of Washington, N. C., the retiring moderator. Mr. Seabright struck the keynote of the synod's meeting, evangelism. His text was: "Be Not Weary in Well Doing, for in Due Season We Shall Reap, if we faint not." He urged the synod to be patient and courageous in the defense of the true faith, and to exhibit great industry in soul winning.

Mr. Seabright, retiring moderator, outlined the purpose and virtues of evangelism and analyzed its purpose, urging more "diligent and persevering work" in that field.

"I mean, of course," he explained, "a sane and scriptural evangelism."

"Surely we cannot be satisfied with our slow rate of growth. Looking back over the records of the five years, there has been no gain in the number of additions on professions of faith either in our synod or in our general assembly."

"In fact, the number was smaller in 1925 than in 1925. Only 3,698 and 21,948 for the assembly, as against 4,087 and 24,200 the preceding year."

"We do not hold revival meetings frequently enough, nor do we, as a rule, protract them long enough."

"I have often known a church to get discouraged and feel ready to quit after a week or two, but by continuing longer a real blessing has come. It is tragic to stop on the eve of victory."

The beautiful little city of Statesville is making a splendid record. It is a far cry from old Fort Dobbs of 1752, located in the wilderness, with red men skulking near in the deep forests, and the paved streets and well ordered town of today with its 10,000 inhabitants, its fifteen churches, its immense flour mill, said to be the largest in the south; its famous herb market, its celebrated brick machine factory, known over the world. The slogan of the city is, "Statesville, the Best Town in North Carolina."

There certainly is a marvelous contrast to the old log church that stood near the fort, the first building the Presbyterians used, and the stately Greek church that crowns the hill and sends forth her chimneys to honor the pious emotions of those who hear. Dr. Charles E. Raynal, the pastor, and his flock are greatly blessed and prepared for modern Christian services.

CHARLOTTE MAY STATE CURFEW LAW FOR CHILDREN

Youthful Midnight Ramblers Have Poor Work, Teachers Say.

Charlotte, Oct. 12.—Charlotte's youthful midnight ramblers have caused considerable consternation not only among parents but teachers, who complain that late hours is the cause of poor school work.

This was learned today when welfare workers of the co-operative social agencies sought a solution to the problem presented by E. J. Baker, probation officer, who offers city ordinances and experiences of other cities which have had experience along this line.

"Some cities which have been very successful in coping with the youthful night street prowler situation, have passed city ordinances which newspaper boys and magazine distributors should receive a permit and a badge to show that this permit had been issued," Mr. Baker said.

Mr. Baker explained that in cities where permits were issued it was necessary to have both the recommendation of the parent and teacher, stating that the boy was doing satisfactory school and home work.

DAVIDSON STUDENTS ARE CHURCH MEMBERS

Only 20 Out of 640 Are Not Connected With Any Denomination.

Davidson, Oct. 12.—Twenty of the 640 students at Davidson College are not members of any church, according to announcement recently made by F. W. Hengeveld, registrar. This number is contained in the freshmen and sophomore classes, every member of the two upper classes being connected with some denominational church.

Since it is a Presbyterian institution, that denomination is expected to predominate. Of the 6,400 students connected with churches, 502 are Presbyterians, while 118 are of other denominations.

North Carolina, with the largest number of students, has 276 Presbyterians at Davidson, while 228 men of this faith come from out of State, which distribution will cover approximately 15 commonwealths.

Asheville Mayor Says He Doesn't Have to Go to Canada for Liquor

Asheville, Oct. 12.—"I don't have to go to Canada to get my liquor," Mayor John H. Cathey told the president of the Asheville Y. M. C. A., Frank S. Smith, this morning in the council chamber, in the presence of 200 citizens. "I can get all the liquor I want and need right here in Asheville."

"The trouble with you, Mr. Smith," the mayor declared, "is that you want prohibition for everybody but yourself. You want it for the other fellow, but you want the right reserved for you to drink all you darn please."

This exchange came during the stormiest session that the city hall has witnessed in several years, while several hundred property owners were calling upon the city commissioners in regard to the proposed election of a five-story building on the site of the old Bon Marche building on Patton avenue, which would block plans entertained for this street.

The problem at hand was the question of widening Lexington avenue, but it paled into insignificance as Thomas S. Rollins, prominent attorney, John A. Goode, Patton avenue merchant, and the mayor threatened with fists clenched to turn the council chamber into a prize ring.

Mr. Rollins charged the mayor with being "bullheaded," and his honor countered with the desire to fight. The clash with the merchant came a short time later and was equally violent.

Cleveland Cops Must Be Good Spellers, Says Chief

(By International News Service.)

Cleveland, O., Oct. 13.—If you want a job on the Cleveland Police Department you must be a good speller and write a legible hand.

"Show me a man, who is a good speller and I'll make a policeman out of him. The rest will follow naturally," according to Safety Director Ed Barry. His statement followed receipt of a report on sixty-five applicants for police jobs, from the Civil Service Department.

Question like: If a room is twenty feet long and fifteen feet wide and ten feet high, how many rolls of wall paper will it take to cover the surface? are barred under Barry's regime. The tests concentrate on spelling and writing.

MAN LOSES HOPE

"For ten years I suffered severely from stomach trouble. The doctors said I had cancer of the stomach and I lost hope when they told me nothing would do but an operation. I took my last round of MAYER'S 2-1-2 years ago. Since then I sleep well, eat what I want and feel fine." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Gibson Drug Store and druggists everywhere.

Rumanian Queen Forced to Come Out Without Jewels

Paris, Oct. 11.—Queen Marie of Rumania must travel to the United States without the \$1,400,000 worth of jewelry, her personal property, which she had hoped to display during her sojourn in America.

When Marshal von Mackensen entered Bucharest and the Rumanian royal family took refuge at Jassy, the Rumanian treasure was sent to Moscow, then the capital of an allied state. Negotiations for the return of the property have been going on for several years but recently the Soviet government proposed that they retain it for another 10 years.

Bankers Asked to Help Hold Cotton

Southern Bankers Urged By Texas Delegation to Comp to Farmer Aid.

Los Angeles, Calif., Oct. 7.—A proposal that bankers of Southern cotton growing states adopt the policy of Texas bankers in financing a withdrawal of one million bales of cotton from this year's market to stabilize prices was made today by a group of Southern bankers attending the convention of the American Bankers' Association here.

W. W. Woodson, of Waco, Texas, presiding at the meeting, explained that Texas bankers already had agreed to finance storage of 1,000,000 bales of the Lone Star State's crop. He asked the bankers of other states present to finance the withdrawal and storage of an additional 2,000,000 bales in order to aid market conditions.

The matter was taken under advisement.

After the general session today, at which Wigginton Ellis Creed, of San Francisco, delivered an address on "The Value of American Prosperity," the bankers began three days of entertainment, starting with a tour of the motion picture studios this afternoon.

Arkansas Lady Says She Has Never Found a Better Laxative Than Theodor's Black-Draught.

CHILDREN'S ILLS

FLIT DESTROYS Flies, Mosquitoes, Roaches, Bedbugs

Mineral Springs, Ark.—"We use Black-Draught in our family of six children," says Mrs. C. E. Nutt, of this place, "and we find it a good bowel regulator. I give it to my children for colds and constipation, or any other stomach disorders, and it certainly is very helpful. I have never known it to fail them. Where there are so many children, it is a good idea to keep a laxative on hand, and Black-Draught is what we use."

"I have taken it myself for indigestion. I would feel dizzy, have gas and sour stomach. I would also feel a tightness in my chest. I took a good dose of Theodor's Black-Draught when I felt that way and it would relieve me. I would feel better for days."

"My husband takes Black-Draught for biliousness. He says he has never found its equal. When he has the tired, heavy feeling, he takes Black-Draught night and morning for a few days and he doesn't complain any more. I sure do recommend Black-Draught."

Newer, more distinctive silhouette—
Newer, more exquisitely graceful bodies—
Newer, exclusive style of military front and cadet visor on enclosed models—
Newer luxury of comfort with deeper and softer cushions—
Newer, greater riding ease, with exclusive nose-side-vanadium springs, Watson stabilizers and extra-size full balloon tires, mounted on newly-designed smaller wheels—
Newer richness of interior upholstery. Finer hardware and fittings with a handsome clock added to the newly beautified instrument panel—
Newer refinements in controls and headlamps—
Newer, more attractive blendings in body tones, with newer and subtler harmonies in stripings and panelings.

Chrysler standards of performance and symmetry originated three years ago, the new, finer Chrysler "70" excels the charm and smartness of its older self, just as that older self relegated the earlier conceptions of motor car beauty and performance to oblivion.

With its new vibrant beauty, joined to energetic and vivacious performance, unapproached economy, proved dependability and long life—

at prices which register a distinct enhancement of motor car value—the new, finer Chrysler "70" leaves today's trend as far behind as the original "70" advanced the styles of three years ago.

Come in. See this new Chrysler "70" beauty today—experience its new measure of comfort—combined with a performance which an entire industry for three years has failed to approach.
