HIDDEN TALENT TOPIC OF SERMON BY DR. WHITLEY

Big Event Planned by Democrats Tonight; 260 V. Long Will Fire the Political Bomb—Winner of Popularity Contest is Wed.

(Special to The Daily Tribune) Kannapolis, Oct. 28.—The parable of the slothful servant who hid his master's talent in the earth was the subject of a sermon delivered last evening by Dr. J. W. Whitley at the First Baptist Church.

The sermon was one of a series which the Rev. Mr. Whitley is delivering at revival meetings in progress this week.

The audience, the largest gathering of persons since the inauguration of the services last Sunday evening, was highly pleased with the preliminary service conducted by Mr. W. F. Betts of Raleigh. The number rendered by the leader, entitled "The Inner Circle" proved a sterling feature.

The Rev. Mr. Whitley took his text from the 25th chapter, the 26th verse of St. Matthew: "And I was afraid and went and hid thy talent in the earth."

The speaker gave a definition of talent as being the capacity to do something for man's good and God's glory. He brought out that God gave the talents and that He has a right to demand that you use them.

Talent hiding is a common sin, said Dr. Whitley, who added everyone has a talent to love God. We love the world, its riches, its honors, its pleasures, and we love one another, and ourselves but we must use the capacity to love God and love Him supremely.

The great minister outlined several ways in which we can use the God-given talent: Provide for the family; give to the Lord weekly; pray; minister to the sick; give a welcome to the city's newcomers; seek the absent one; invite people to your church; come to church yourself; gather and impart information; and win lost souls.

Scores responded to the revivalist's call at the close of the sermon.

Finely Shirred and Crushed Velvet

Here is something decidedly different which adds an air of chic all its own to the season's already most popular material, Velvet. This splendid shirring is an ingenuity of MME. AONES and adds distinction in fashion's movement towards elaboration in millinery. Another effective point is the two-tone color scheme; the brim is wine color, introduced again in the quarterings of the crown which alternate with vicux rose.

Have You Heard This One?

"I should think that a night club would be the last place you'd go to," scolded her father. "Yes," replied the flapper. "It usually is."

Lee—I left \$20 in that suit of clothes I told my wife to send to the cleaners. Joe—Well, cheer up, maybe she found it. Lee—That's what I am afraid of.

Country Cousin—Now this is the boss cow that gives little Elsie such nice milk. Little Elsie (from the city)—Now show me the one that gives the malted milk.

Henry Peck (who has waited on the corner a long time)—Well, I see you are on time as usual, my dear. Mrs. Peck—Now, don't try to be funny. You know I'm an hour late. Henry Peck—Exactly.

Scotty (at the pictures)—I say, meester, will ye tickle me when the funny picture comes on? His Neighbor—What's the idea? Scotty—I'll no' ha'e it said a Scotsman has nae sense of humor.

New Office Boy—I've added those figures up ten times over, sir. Employer—Good boy! New Office Boy—And here's the ten answers, sir!

Smith—So you bought a radio, hoping it would keep your children home in the evening? Bioness—Yes. Now they don't go out until the announcer says "Good night, everybody."

The greengage plum is named after Sir William Gage, who popularized its cultivation early in the 18th century.

YOUNG MAN MURDERED; BODY PLACED ON TRACK

Wake Coroner Comes to This Conclusion After Examination of Body. Raleigh, Oct. 28.—Coroner J. M. Waring concluded today that an unidentified stranger found dead yesterday at the Marsh Creek bridge on the Norfolk-Southern railroad, was murdered then placed on the track to be so mutilated as to destroy the evidence of crime against him.

Examination of the stranger by a prominent physician, Mr. Waring says, established the fact that the unknown man was stabbed in the neck and under the heart. The man was carried some distance from where he was supposed to have been murdered. His blue denim suit had four one-dollar bills in it. This is regarded a ruse to hide the murder and to establish suicide. The case is puzzling. The dead man has only the shirt for clothes. He seems to have taken a bath. There is a suspicion that he was killed and bathed by his murderer. But all such stories indicate a vast amount of trouble for the man-killer.

The dead man is being left at a local undertaking place but there has been nobody tonight who could identify him. The young man seen never to have been seen in Raleigh.

Tre: at Rowan Courthouse Dedicated to Mr. Overman. Salisbury, Oct. 28.—A young tree standing on the county courthouse lawn was the afternoon dedication to Senator Lee S. Overman, for "services rendered state and nation." The Women's club of Salisbury dedicated the tree and the attendant exercises were witnessed by a number of fellow townsmen of the senator. State Senator Walter H. Woodson paid tribute to Mr. Overman. Presentation of the tree to the county was by Mrs. H. C. Daniel and it was accepted for the county by register of deeds, Max Baker. Immediately after the exercises a reception was given at the home of Mr. and Mrs. John E. Ramsay.

DANIELS ADVOCATE EIGHT MONTHS TERM

Speaking at Lincoln, He Also Stresses Australian Ballot for the State. Lincoln, Oct. 28.—An eight months school term for every child in North Carolina is the next logical step in the state's educational progress which has been made under the leadership of the Democratic party, declared Josephus Daniels, former secretary of the navy in Wilson's administration, in a campaign speech here tonight.

He also advocated adoption of the Australian ballot as the logical result of the success that he said has been achieved in Buncombe county and a score of other counties in the state.

Mr. Daniels reviewed the fight led by Representative Fall in the last legislature when the Australian ballot act failed by a narrow margin and said that the Democratic party must carry that fight to a strict conclusion.

The speaker pointed to the increased Democratic majority in Buncombe county under the Australian ballot act and declared that the party had proven the Australian ballot is both feasible and workable in North Carolina.

TO BROADCAST HALL-MILLS TRIAL AT SOMERVILLE

Public Will Get Story of Trial "Round by Round." New York, Oct. 28.—Radio fans will be able to get a "blow by blow" description of the Hall-Mills trial at Somerville, N. J., next week, by an arrangement for broadcasting the proceedings announced today by station WJNY.

"I plan to broadcast the trial just as a prize fight is broadcast from the ringside," Charles D. Isaacson, director of the station, told the Associated Press.

Isaacson said that the officials in Somerville had raised no objections to the broadcasting.

Francer and Beane's Cotton Letter. New York, Oct. 28.—Cotton moved up a dollar a bale today owing to cessation of hedging and trade and investment buying. Spinner are reported to have bought a good deal of cotton to fix prices on spots while the low price and steadiness of the market seems to have affected further investment buying. The price is so low there is not much short selling and market responded easily to any buying whenever hedge sales decrease. The campaign which Eugene Meyer, chairman of the President's committee is conducting in the south to induce farmers to hold their cotton is making itself felt among consumers and is probably responsible for much of the price fixing now going on. Reports were also current that some of the large shorts are covering quietly. Sentiment has improved considerably in and out of the trade and indications point to a further upward movement in values. FENNER AND BEANE

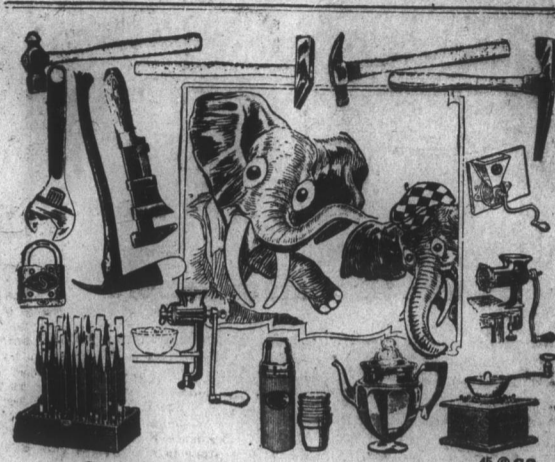

Rocky Mount, Va., Would Not Accept Preacher. Danville, Va., Oct. 27.—Reports from Franklin County tell of the settlement of the dispute which recently developed in the Rocky Mount Methodist Church which resulted in an alleged point blank refusal on the part of the congregation to accept

the appointment of a minister to that charge. The church is understood to have vigorously requested the reappointment of the incumbent and on failing to have assumed an attitude which for the good of the church resulted in the presiding elder of the Danville district hastening to see Bishop Collins Denny who authorized an exchange.

The Rocky Mount congregation was extremely desirous of securing the reappointment of Rev. Starke Jett and adopted strong resolutions to that effect. Bishop Denny appointed Rev. U. E. Blankenship who has been conference secretary of education. The congregation, however, insisted on a change and the bishop now has appointed Rev. W. G. Bates of Orange to Rocky Mount. Rev. Mr.

lankenship will go to Orange and Rev. Mr. Jett to Amherst.

MARIE TO SPEND THREE DAYS IN ASHEVILLE. Miller Says She Will Visit Mountain City Early in December—to Spend Two Weeks in South. Asheville, Oct. 28.—Queen Marie of Rumania, will spend three days in Asheville early in December, according to F. Roger Miller, manager of the local chamber of commerce who returned to Asheville this afternoon from a conference with the Rumanian legation in Washington. Mr. Miller said the queen would spend two weeks before the Mason and Dixon line after her return to Washington on November 24.
