Swallows Needle; Gains Freedom. A 19-year old girl who ran away from home and was arrested at a New York amusement resort on a charge of vagrancy was held in the house of detention pending investigation. Then after dinner one day the girl accidentally swallowed a needle. Later she complained of severe pains and an operation was thought necessary. When she was told of the probability of an operation the girl became almost hysterical and declared that she would not submit to one while she was a prisoner. Efforts to pacify the girl were unsuccessful and the warden of the detention house telephoned at mid-

CABARRUS-CANDIDATE IS SWEEP INTO OFFICE Judge Oglesby Ran With Leaders on Ticket in Cabarrus and Throughout the State

For the second time in the history of the State a Cabarrus man has been elected on a statewide ticket. The successful candidate is Judge John Montgomery Oglesby who was swept into office on the tide of the Democratic vote rolled up in the State Tuesday.

In Cabarrus county Judge Oglesby ran well with the leaders on the Democratic ticket. The complete vote on the State ticket will not be available until the vote is canvassed tomorrow but it is known that all State candidates received about the same vote as the candidates for county offices.

Unofficial returns from the voting in Cabarrus show that Judge Oglesby will have a majority of about 900. This is higher than some of the county candidates and lower than the leader, L. V. Elliott.

Judge and Mrs. Oglesby are spending the week at their home here. Reports received by him from friends and party leaders in various parts of the state show that he has been elected over John L. Randleman by a big majority.

Congressman Doughton and Solicitor Zeb V. Long also have been re-elected, early returns indicate, and their majorities are so large that their election is assured even on the face of incomplete returns.

Judge Oglesby was appointed to the bench by Governor A. W. McClean to serve the unexpired term of the late Judge Ben F. Long, of Statesville. As a result of his election Tuesday the Concord judge will serve for eight years. Superior Court judges being chosen for terms of eight years.

NEGRO STILL IN JAIL; DETECTIVE ON CASE Officers Doubt Whether Negro Can Be Able to Direct Officers So as to Find Relatives. The negro Jim, arrested here Tuesday morning when found in a freight car at the Southern freight depot, is still in the county jail. Convinced that the negro is feeble minded officers are uncertain now as to his fate.

Railroad detectives have been called on the case, it is said, and they will make an effort to locate relatives of the negro, who says he is about 17 or 18 years old. In conversations so far Jim has not been able to give any definite information about himself and for this reason officers may not be able to locate his home folks.

The negro talks about coming from "down in Virginia" but he does not know the name of the town he started from. If it is established that the negro is feeble minded he may be sent home if his home can be learned. Otherwise an effort may be made to enter him in some institution where he can be cared for.

Clinic Off to Excellent Start. The clinic among underweight school children in Concord and Kannapolis got off to a good start Monday and Tuesday. Dr. S. E. Lee, who is conducting the clinic, will complete his preliminary tests in the Concord schools today, it is believed, and will then go to Kannapolis. Later he will return here to see if there is any reaction from the first tests. Where there is reaction the children will be given a thorough examination.

Parents are co-operating splendidly with the work. Dr. S. E. Buchanan, county physician, states, and he predicted that the clinic would prove of great benefit.

Legionnaires Urged to Attend Meeting. Every member of the Fred Y. McConnell post of the American Legion is urged to attend the meeting to be held Friday night at the club rooms on Barbriek street.

New officers chosen at the last meeting and to be installed at the meeting and they are anxious to have every man present so plans for the coming year can be discussed. The meeting is scheduled to begin at 7:45.

More Clubs Formed in Mecklenburg. Charlotte, Nov. 2.—Two girls' clubs with an enrollment of 170 members have been organized at Berryhill and Paw Creek, in Mecklenburg county, reports Miss DeLano Wilson, home agent. These two new clubs will meet at the schools of the communities and the stores and other equipment necessary for carrying on the work has been promised by the school authorities.

In the women's clubs meal planning is being studied and posters are being made by each member showing the foods used for breakfast. These posters are then scored and, where necessary, recommendations made for a more balanced meal. Lee E. Todd of the Williams and Mary College eleven is chased by critics as one of the best defensive centers to be found in football this season.

BITTER CAMPAIGN ENDS WITH ALL REPUBLICANS DEFEATED

(Continued from Page One) which when added to these totals will make the State officers run well at the head of the ticket.

The vote and majorities of the county officers are as follows: Black 4,802, James 3,821, majority 910. McAllister 4,804, Kestler 3,982, majority 822. Boger 4,835, Dorton 3,981, majority 854.

Miss McEachern 4,854, Mrs. Yost 3,900, majority 945. Elliott 5,022, Housel 3,730, majority 1,292. Furr 4,785, Lentz, 4,023, majority 762. Hartzell 4,820, Potter 4,000, majority 811. Caldwell 4,831, Cline 3,954, majority 787.

Commissioners: Chairman Isenhour 4,790, Harris, 4,024, majority 777. Democratic commissioners: Graber 4,807, Smith 4,814, Foll 4,804, Hartzell 4,810. Republican commissioners: Emerson 4,632, Castor 4,023, Gourley 4,000, and Cox 4,004.

Before the election some of the Republicans claimed that the vote in the county and Concord would result in a Republican majority of anywhere from 300 to 700. As a matter of fact the Democrats carried the county and Concord. The Democratic vote not including Kannapolis showing a majority for each of the candidates.

Fair without his Kannapolis majority of 722, had a majority of 40 votes; McAllister in Concord and the county had a majority of 106; Miss McEachern had a majority of 228 outside of Kannapolis and Elliott had a majority of 539 before the Kannapolis votes were counted. All of the other Democrats had majorities of like proportions.

Some Republicans also laid claim to the Kannapolis vote, while others said the vote there would be about even. None of the Republican leaders apparently, had any idea that the Democratic majority there would be anything like 704, the average.

The Republicans showed their biggest gains at the Hartzell and Brown mills, where they have always been strong. They carried Ward 5, Box 2, Ward One, but showed practically no gain in either. Before the election the G. O. P. leaders were claiming Township 11, Box 1, Township 9, Township 6, and Township 10. The vote in all of these was close and at the Roberta Mill, another Republican stronghold, the Democrats held their own. Instead of carrying Townships 6 and 9, the Republicans saw a majority in each for the Democrats.

The vote in the county was unusually heavy in spite of the fact that this is an "off year." The total vote showed an increase of about 600 over two years ago in the county with the Democrats getting an even break in the increase. The Democrats made increase in Ward 4 and Ward 2. In Ward 4 three more people voted than were registered. This was accounted for by the fact that three persons had become of age since the registration books closed.

Democratic leaders were especially gratified with the vote in the county, where the Republicans had centered their forces for the most part. All sorts of talk about high taxes had been made and the promise of a 10 per cent. tax reduction offered by the Republicans, yet the Democratic vote in the county showed strength everywhere.

"This shows that the people want progressive people at the helm in the county," one man stated. "We can't have tax reductions and progress and the people are willing to pay when the taxes mean better roads and better schools."

During election day the Republicans apparently lost hope of electing anything like their full ticket and sought to get in their candidate for sheriff. It is known that Democrats in all parts of the county were asked to scratch Caldwell for Cline, the Republicans offering to vote for Elliott in exchange, apparently in the knowledge that they had no chance to defeat the register of deeds.

Most of the scratching, however, was done by Republicans as is shown in the Elliott-Housel vote. Elliott had the largest vote and Housel the smallest. Democratic leaders have been generous in their praise of the Kannapolis voters. Sixty years ago Kannapolis was Republican by several hundred but by hard work the Democrats there have changed the complexion of things and the "new city" is now safely in the Democratic column.

There was little betting on the election, most of the bets being placed on majorities. It is said that several Democrats bet that the lowest man on the ticket would poll a majority at the last vote, there was no even money bet on the outcome, it is said. The official vote will be canvassed tomorrow morning and is not expected to show any great change from the unofficial count carried in a table in this paper today.
