

Three Shades Are Smartly Used for Early Spring.

The young girl wite is on, the search for an unusual afternoon freck should have no difficulty in recogning a smart solution to her problem in this early spring model shown above.

To begin with, the one-sided slant to the tier and blouse is very smart, and then the use of three colors is new and effective. Beige appears through the hipline and this is finaked by a light and a deeper blue, joined by beige braid.
