KIWANIS CLUB HAS BUSINESS MEETING FRIDAY AT LUNCH

**B. Dixon Hall, of Atlanta, Tells of Prospects of Opening a Business College in Concord.**

The regular weekly luncheon of the Kiwanis Club which was held Friday at Hotel Concord was turned into a business meeting by R. E. Ridenhour, Sr. and Noel Reid, who had charge of the program.

The members of the club discussed ways of increasing and membership of the club and the activities of the club. The different members proposed the names of men of Concord to be members of the club, and those named will be acted on at a later date.

B. Dixon Hall, president of the Atlanta Business College, of Atlanta, Ga., was present at the meeting and said that a branch of the Atlanta College would in all probability be established here at an early date. Mr. Hall said that the college was one of the largest in the South with branches in different cities in several of the southern states.

Mr. Hall announced that he would turn over to the club a scholarship to be given by the club to some young man or woman who was capable of taking the business course and unable to pay the expense.

The club went on motion as favoring the opening of the college and offered its co-operation to the officials in any way that it could be of aid to them.

A. T. Person, field representative of the college, who, if the college is established, will stay in Concord for some time, was introduced to the members of the club.

J. B. Robertson and Dr. Thomas M. Rowlett will have charge of the program at the luncheon Friday.

**T. B. NURSE WILL BE NAMED LATER OFFICIAL STATES**

Will Be Several Weeks Before Nurse Is Named.—Representative of the Red Cross Here.

Miss Katherine Myers of the American Red Cross, field representative for the States of North and South Carolina, has been in Concord for the past two days on business of the Red Cross.

Miss Myers conferred Friday with Dr. D. G. Caldwell, county health officer, on different matters regarding the work of the Red Cross and Tuberculosis nurse which is done in connection with the work of the County Health Department.

Officers of the Cabarrus County Tuberculosis Association also met with Myers while she was in the city. One of the officers of the Association said today that the Association was not ready at the present to discuss what was decided upon at the conference with Miss Myers.

The announcement was made by an official of the Association that the Red Cross Tuberculosis nurse had not named to succeed Miss Naomi Moore, who for the past six weeks had been acting nurse. It was said there would be several matters of importance to be settled before a nurse was named and that it would probably be several weeks before one would be given the place left vacant by Miss Moore, who has left the city for six weeks.

The official of the Association suggested that when a nurse was hired, considerable change would be made in the work and that the prospects for the work of the future were unusually good.

REV. J. W. SNYDER DIES AT HOME HERE FOLLOWING STROKE

**Was Well Known as Minister and Teacher. — Funeral Services To Be Held Here Tomorrow Afternoon.**

Rev. J. W. Snyder, well known Baptist minister of Concord, died at his home here Friday night, death being due to a stroke of apoplexy which he suffered Tuesday morning while at the farm of his son, Braxton Snyder. His condition had remained so critical following the stroke that little hope for his recovery had been entertained.

Funeral services will be held at the First Baptist Church here tomorrow afternoon at 2:30, conducted by the pastor, Rev. C. Herman Trueblood. Interment will follow in Oakwood cemetery.

John Washington Snyder was born October 5, 1868, in Union county. He was a son of the late Rev. D. A. Snyder and a grandson of the late Rev. Solomon Snyder. His early life was spent on the farm and he taught school for a number of years before entering the ministry. He served as a minister for many years in the Baptist State Mission Board, organizing a number of churches in this and other counties. At the time of his death he was pastor of the Southside Baptist Church in Charlotte.

The deceased was married in October, 1892, to Miss Sarah Matilda McCurdy, of this county, who survives with the following children: A. H. R. R., R. D. A. M., and Miss Lethia Snyder. One daughter, Miss Annie Snyder, died in 1925.

Surviving also are five brothers, D. B. S. C., and Rev. E. C. Snyder, of Monroe; Rev. J. S. Snyder, of Fayetteville; and E. M. Snyder, of Hamlet, and two sisters, Mrs. T. S. Ross, of Union county and Mrs. G. H. Tadlock, of Marshville.

His step-mother, Mrs. D. A. Snyder, of Taylorsville, and a half-sister, Miss Vedic Snyder, of Greenville, S. C., also survive.

Mr. Snyder moved to Concord in 1902 and since that time spent practically all of his time in the interest of the Baptist Church. He taught in several of the public schools of the county but practically all of his time was devoted to church work. He was a member of Cannonville Camp No. 25, J. O. P. A. M., and was widely known and highly respected by a wide circle of acquaintances throughout this section of the State.

CROWELL LANDS BIG FISH AND FEAT HAS STIRRED FISHERMEN

**Brings Back to City a Bass Weighing Almost 6 Pounds — Minnows Were in Great Demand on Friday.**

This is a fish story that is verified by the fish itself.

J. L. Crowell and his son, J. L. Crowell, Jr., went fishing Thursday and returned at night with a bass weighing five pounds and fourteen ounces. It is the largest fish of its kind by far, that has been caught by any Concord angler in any stream in this section of the state, and it set local fishermen afire with the desire to try their luck.

The fish was hooked by the younger Crowell and was landed with a four-ounce rod. The elder member of the family aided with the catch. The fish was caught at Daves Dam.

"It could have sold \$15 worth of minnows as a result of this catch," one Concord fisherman who usually keeps minnows stated Friday. "But as luck would have it, I didn't have any and I couldn't get any."

Mr. Crowell carried the fish to his office Friday and scores of persons went there to see it. The hook and line with which it was caught had been left in its mouth.

The senior Mr. Crowell said that about 45 years ago he was present when a fish of about the same size was caught near the spot where this one was caught. "And this fellow may have been there all these years," he added.

FINAL REPORT IS MADE ON SALE OF SEALS IN COUNTY

**Approximately \$900 Is Made on Sale of Christmas Seals Conducted by Tuberculosis Association Here.**

The sum of \$911.25 was realized in Cabarrus County from the sale of Tuberculosis Christmas Seals, a final report made today shows.

The campaign, which was under way since last Christmas, was under the direction of Mrs. A. Jones Yorke as chairman of the sale for the county.

The \$911.25 realized from the Seal sale was collected as follows: Kannapolis, \$134.19; Mt. Pleasant, \$15; Scotia Seminary, \$10; Sunderland Hall, \$2; Jackson Training School, \$12; City Schools of Concord, \$114.06.

The Tuberculosis Association of Cabarrus County today, through one of the officials of the Association, reported that the amount collected in the sale during December was much larger than it was the previous year. The statement from the Association is as follows: "In giving the final report of the Seal sale the Association feels that the gain in this year is an appreciable one over the previous year, and wishes to publicly thank Mrs. A. Jones Yorke, the efficient chairman of the campaign, for the well organized work and her untiring efforts not only in planning but in bringing the campaign to a successful end."

**STATE HIGHWAY 74 HAS NEW MARKERS, ALL MADE OF METAL**

New Signs Have Replaced Old Wooden Ones Which Are Being Abandoned in All Parts of Section.

Metal markers, adopted some time ago by the State highway department, have been erected on route 74 in Cabarrus county. The metal markers take the place of the wooden ones which are being generally abandoned along all highways in the state.

Route 74 extends from Concord to Sanford and it is understood that the new markers have been placed or will be placed in the near future, along the entire highway.

Instead of the black lettering on a white background, the new curve signs have black lettering on a yellow background. The markers carry the hand designating the nature of the curve, but they do not carry the warning, "Dangerous Curve."

The markers with the numerical name of the highway are still white but they are of metal also, and are much smaller as a rule than the wooden ones.

"Side road" markers also have been erected on the highway, this being a change in the old system of marking. The "Cross Road" signs are still wood, these being metal also.

In addition to the amount collected two men who were charged with operating a car while under the influence of intoxicants, were each fined \$200 and costs when found guilty. The men were released to secure the amount of the fine and cost but unless it is paid in a reasonable length of time the men will have to serve road sentences, it was said.

PAVE WAY FOR NEW RAILROAD OUTLET TO SEA

Bids Received for Sixty-Mile Extension—Connection With P. & N. Charlotte News.

A step in the development of a new outlet from Charlotte to the southeast and Florida was being taken in Augusta, Ga., Friday, following reception bids for the construction of a sixty-mile extension of the Georgia-Florida railroad. The new line will run from Augusta to Greenwood, S. C.

It was in this connection that Charlotte business interests saw a new outlet. The Southern terminals of the enlarged Piedmont and Northern lines will be Greenwood and it was indicated that connections would be established, which will give this city a direct connection with Savannah, Ga., by way of the Seaboard at Vandalia.

Spirited development of manufacturing along the new Piedmont and Northern lines, which will be constructed between Gastonia and Spartanburg, S. C., and between this city and Lexington, and eventually Durham and Winston-Salem, is expected to follow rapidly when the construction work of the P. & N. is completed.

Business interests here and in Savannah, Ga., saw Friday the unfolding of a plan to give this section an outlet to the sea. Savannah interests were said to be enthusiastic over the prospect of being placed in a position to bid more strongly for the export business of this section.

These interests, it was understood here, are pointing out that the decision to extend its lines and decision of the Georgia-Florida railway are part of a plan to provide a through route for the shipment of tobacco and cotton products for export.

This, these interests contend, is logical. The Piedmont and Northern is owned by the J. B. Duke interests. The late J. B. Duke was a tobacco magnate, prior to the time he began the development of hydro-electric power in this section.

The Savannah men point out that it would be the most natural thing for these interests to favor, with their export shipments, a southern port, if direct transportation were available.

Men close to the tobacco trade are known to have been pondering for some time for a way to avoid the shipment of export stuff through New York.

Tobacco interests in what they call shift their export shipments to Norfolk but, with the return of more normal conditions, were forced to turn again to New York.

Savannah men also point out that several warehouses at that port are being used for storing tobacco and that that is an indication of thought of tobacco companies.

SOUTH CAROLINA'S ANCIENT BLUE LAWS

**A Bill Now Pending in the Legislature to Amend Them.** (By International News Service) Columbia, S. C., Feb. 26.—Following the enforcement last Sunday of South Carolina's ancient blue laws, a bill is now pending in the state legislature to amend the laws to conform more with modern conditions.

The bill, introduced in the house by Representatives Carter, Odum and Cobb, would allow the publication of newspapers and other necessities at all hours, but would restrict the sale of gasoline, soft drinks and similar commodities during church hours.

Drugs, however, could be sold at any time on Sunday in cases of emergency under the provisions of the bill. Sports of all kind would be prohibited under the bill.

The measure was presented to Governor Richards before it was introduced. It was learned, but the governor did not approve of the bill in its entirety.

Governor Richards declared when he clamped down the lid last Sunday that "so long as the old blue laws are on the statute books I'm going to enforce them."

The enforcement of the blue laws applied only to the capitol city last Sunday, but this Sunday it is expected that an effort will be made to enforce the law in all principal cities of the state.

THOMASVILLE WINS FROM GIRLS' TEAM OF CONCORD HIGH

**Local Team Eliminated in Championship Game With Thomasville by a Score of 26 to 23.**

The Concord High School girls' basketball team was defeated Friday night at Spencer when it met the team of the Thomasville High School in the first of the elimination series for the state championship. The score was 26 to 23.

Morris, captain of the team, got the tip off to Howard in the first of the game, and the ball was played in the first half of the game in Concord's territory.

Edna Varner, for the locals, was the bright light in the scoring end of the game using her uncanny skill in ring. Her work was also noticeably good, she gaining possession of the ball with ease and using her dribble to work it under the basket.

Howard's work in the back ward was excellent. She was especially good on passing, making them accurate and waiting for an opening.

Dayvault and Suttler, intercepting their opponents' passes, made life miserable for the visiting forwards. Ridgmont and Linker, substitutes for Howard and Suttler, charged with persons—were good at guard and predicted a good future. The past work of these guards was particularly good.

Coach Bloomfield's charges lasted throughout the first half and made a sport which carried them far in the lead for a time.

The lineup is as follows:

Thomasville	Pres.
Howard	Ed
Suttler	Hooper
Dayvault	Trish
Harris	Page
R. Varner	Warren
H. Varner	Lambeth
