

Paris Populace Given First Real Chance To Acclaim Noted Airman

Hundreds Gathered in the Streets to Pay Homage to Capt. Lindbergh as He Passed Along Streets.

MODESTY CATCHES HEART OF PARIS

In Midst of All the Honor and Glory Accorded Him "Slim" Remains Just as He Was Before Flight.

Paris, May 26.—(AP)—Capt. Charles Lindbergh was paraded before the eyes of the populace of Paris today to such cheers as no man has heard in this city since Woodrow Wilson made his triumphal entry into the French capital in 1919.

It was the first opportunity that the citizens of Paris have had to see the American aviator since his arrival on the Le Bourget flying field Saturday night, for all of his intervening hours have been devoted to receiving honors from persons in high places.

Tens of thousands of Frenchmen had their first sight of the young American this afternoon as he was escorted from his country's embassy to the Hotel de Ville. Under the trees that border the Champs Elysees the common people of France stood in great masses, waving flags and shouting bravo as the slender and unspoiled youth from America was driven past them in a state procession.

The Palace de la Concorde was packed and so was the celebrated Rue de Rivoli, looking out from the grand trees of the Tuilleries Gardens, beautiful under a brilliant May sun. It was a day such as poets and painters have celebrated for centuries, perfect springtime in Paris.

The flowers were in fresh bloom and the trees were fresh foliage, while the Tricolor and the Stars and Stripes fluttered everywhere. Republican guards mounted on horses led the route, while every few feet or so stood policemen holding back the frenzied hero worshippers. The scene was perfect, but the procession was somewhat of a disappointment to the crowds.

The bustle and hurry spoiled it somewhat for the patient folk who had waited so long for a sight of the smiling face of the man who left New York one morning and arrived in Paris the next night. The car in which Lindbergh sat sped through the Champs Elysees at twenty miles an hour or more.

THE COTTON MARKET

Opened Steady Today at Decline of 3 to 5 Points, July Going Off to 16.11.

New York, May 26.—(AP)—The cotton market opened steady today at a decline of 3 to 5 points, under a renewal of pre-holiday liquidation and local selling encouraged by relatively easy Liverpool cables and more favorable weather reports.

July sold off to 16.11 and December to 16.72 before the end of the first hour, as the result of weather map showing clearing conditions in the South with warmer temperatures was considered favorable over the bulk of the belt. There appeared to be some doubt whether west Texas had received sufficient rainfall.

The rally from the opening decline carried the market back to within 2 or 3 points of yesterday's closing quotations, but at 16.20 for July and 16.81 for December there appeared to be a little more selling. The market was comparatively quiet at midday and held fairly steady at net declines of about 7 to 10 points.

Cotton opened steady: July 16.19; Oct. 16.57; Dec. 16.80; Jan. 16.86; March 17.03.

LINER MALOLO HIT ON MAIDEN VOYAGE

\$7,000,000 Liner Will Have to Be Towed Back to New York Harbor. New York, May 26.—(AP)—The \$7,000,000 Matson liner Malolo, under the pride of the American merchant marine, with 310 persons aboard, today was anchored at sea 100 miles from New York, awaiting a tow to this port, after being crippled in a collision on the first day of her trial cruise.

The Malolo, the largest and fastest commercial craft ever built in the United States, and just completed for passenger service between San Francisco and Honolulu, yesterday afternoon was rammed amidships in a heavy fog and disabled, fifteen miles southwest of Nantucket lightship, by the Norwegian freighter Jacob Christensen. The lightship at sea off the Massachusetts coast is a marker for trans-Atlantic craft.

With her fire rooms flooded with four feet of water, the Malolo which in the Hawaiian tongue means "Flying Fish," flashed distress calls by radio and immediately a dozen ships started to her aid.

Maneuver War Lord Starts Drive. Peking, May 26.—(AP)—Yang Xu Ting, chief of staff of Marshall Chang Tso-Lin, the Manchurian war lord, today announced that a strong drive was being launched against Hankow, along the Peking-Hankow railroad, the engagement centering at Chumiatan, in the province of Honan, with 70,000 men.

SAYS FARM OUTLOOK IN SOUTHEAST IS GOOD

Agricultural Prospects For 1927 Better Than in Many Years, Declares Banker.

Atlanta, Ga., May 26.—(INS)—The Southeast faces its brightest agricultural prospects in years, Lane H. Young, vice president of the Citizens and Southern National Bank, said in speaking of the crop outlook for 1927.

With an abundance of money for low rates, investment in retail, wholesale and manufacturing establishments, unusually healthy, and with the industrial development of this section making steady, substantial gains, the Southeast is resting upon a foundation of stability and the future is one of soundness and full of positive prospects of a great volume of business this coming fall, Mr. Young declared.

The rich Southeastern states, with almost untouched resources, offer the greatest and safest investments of the country, he continued, and the eyes of the nation are now turned upon us.

"Present business conditions in this section are satisfactory and will remain so during the remainder of the year," he said.

Mr. Young said the reason for this healthy condition is that the retail merchants have not bought large stocks of merchandise, jobbers are not over-loaded with goods, and manufacturers are not stocked up with excessive supplies of raw material.

"The present situation is the absolute reverse of that in 1920, when the post-war deflation started," Mr. Young said. "Then the retailer, jobber and manufacturer were loaded to the brim with finished or unfinished products."

"All lines of business are now operating as close to normal as possible and none have burdensome stocks of merchandise. They are making short, frequent purchases and thus provide a steady market for all essential commodities."

"Money is easier because of this condition. Merchants and other business interests, carrying a smaller inventory, have released hundreds of millions of dollars throughout the nation that formerly were tied up in 'frozen credits.'"

"According to a recent survey we made throughout the State of Georgia, the cotton crop is from a week to 10 days earlier than last year and with anything like normal weather throughout the remainder of the growing and maturing season, Georgia will undoubtedly produce one of the finest cotton crops in several years."

"The Southeast has gained national recognition as a great and growing industrial section and each year is bringing millions of dollars of new investments."

County Manager Plan Being Tried.

The Tribune Bureau Sir Walter Hotel Raleigh, May 26.—The county manager plan of county government has just been introduced in Craven county when the board of commissioners at a recent meeting elevated L. J. Cutler, chairman of the board, to the position of county manager of Craven county.

This is the first change to the manager plan made under the new county legislation which provides that the board of county commissioners may appoint a county manager who shall be the administrative head of the county government.

Other counties are said to be considering shifting to the manager plan of county government administration, among which Durham county is mentioned. Both the county commissioner form and the manager form are recognized under the new law.

DOCUMENTS FOUND AT SOVIET HOUSE ARE MADE PUBLIC

British Officials Publish Documents to Show Why Relations With Soviets Will Be Severed Now.

NOTHING NEW IN DOCUMENT

Most of Matter Had Been Covered in the Premier's Speech in House of Commons Several Days Ago.

London, May 26.—(AP)—The British government today made good its promise to publish some of the documents alleged to have been uncovered in recent sensational raid on the Soviet House in London, headquarters of the Soviet trade delegation and Avon Ltd., the Russian commercial organization.

It issued a white paper containing these documents to illustrate as the cabinet said, "the hostile activities of the Soviet government, and the third international against Great Britain."

The most interesting part of the contents from an internationalist point of view, was a list of addresses allegedly found in the possession of Anton Miller, Soviet spy chief, who Premier Baldwin told the House of Commons in Tuesday's speech, was found hurriedly burning papers in his office when the raiders appeared.

While the white paper gave this out simply as a "list of addresses found in the possession of Anton Miller" it is assumed to be the same list which Premier Baldwin described as a "list of secret cover addresses or 'legal' addresses for communication with communist parties in the United States, Mexico, South America, Canada, Australia, New Zealand and South Africa."

The edge was rather taken off most of the other documents from the fact that the premier read them or quoted extensively from them in Tuesday's speech in which he announced the intention of the government to break relations with Soviet Russia and terminate the trade agreement of 1921.

STORM AT NORFOLK AND PORTSMOUTH KILLED SIX

Most of Them Were Killed at Baseball Game When Part of Roof on Grandstand Was Blown Off.

Norfolk, May 26.—(AP)—Six are dead today and more than 30 recovering from injuries as a result of the windstorm which yesterday struck the Norfolk-Portsmouth section. Two of the dead and most of the injured were among the 2,000 fans who had crowded into the Portsmouth Virginia League baseball park for a game at which Kenesaw Mountain Landis, high commissioner of baseball, was a guest of honor.

A section of the roof of the grandstand was blown off, and fell within a few feet of Commissioner Landis, but he escaped uninjured, and today was on his way to New York.

William Barker, of Craddock, died today as a result of injuries sustained at the ball park, bringing the death toll here to two, Richard P. McWilliams of Portsmouth having died in a hospital soon after the tragedy.

Three negroes were killed, one died later, and four others were injured when the roof of a warehouse near Norfolk union station was torn off and dashed upon them.

It appeared today that all remaining injured would recover.

H. C. Everheart, president of the Suffolk Amusement Co., was badly injured, but this morning was virtually unharmed by physicians as virtually none of them were treated by physicians were not badly hurt and returned to their homes.

WATERS CONTINUE TO FLOOD MANY PARISHES

Despite Warnings, Many Residents Have Refused to Leave Their Homes.

New Orleans, May 26.—(AP)—In the face of continued warnings from relief chiefs and engineers, residents of Point Coupee parish still clung to their homes today. Many were leaving as water began to encroach on their lands, but relief authorities feared many had been cut off from escape.

An aerial survey of the territory affected by the break in the east bank of Atchafalaya at McRae, 130 miles north of New Orleans on the opposite side of the Mississippi, was halted late yesterday by a rainstorm which swept the area.

Relief authorities expected to send a naval plane out today. Waters from the crevasse at Molten, which was estimated as being 2,000 feet wide late last night, were believed to have spread over 200 square miles today.

A report that many cases of smallpox had broken out in the refugee camp at Harrisonburg was denied.

Stephen B. Davis Resigns. Washington, May 26.—(AP)—Stephen B. Davis, acting secretary of Commerce, in the absence of Secretary Hoover, has resigned, effective July 1, and President Coolidge has accepted his resignation.

R. L. Pickett Is Dead. High Point, May 26.—(AP)—R. L. Pickett, city manager of High Point, dropped dead in his office here this morning.

ROME'S NEWEST FIDDLER

Premier Mussolini is a fiddler as well as a go-getter. This picture of himself so pleased him that he autographed it.

State Equalization Board Is In Session in Raleigh Now

Tribune Bureau Sir Walter Hotel Raleigh, May 26.—Just what proportion of the \$3,250,000 educational equalization fund each county will receive, as well as the valuation of all property in each county and the school tax rate will be determined by the State Equalization board which is in session here today and which will move over into tomorrow.

The most difficult problem the board faces is determining the new valuation of the property in the various counties, since this new valuation, time must be estimated, since there was not sufficient time allowed to permit of an actual revaluation in each county. However, records have been obtained from all the counties of the valuation listed on the tax books in 1925-26 together with the school expenses for that year as yielded by a 40 cents tax for school purposes. Taking these figures as a working basis, the budget estimates for the coming school year of 1927-28 have been found and where the present valuation is insufficient to yield that amount from a 40 cents tax, the valuation will probably be increased sufficiently by law to operate the schools for six months.

It is believed that an increase of from only 6 to 8 per cent in the valuation will yield the necessary revenue, according to Leltoy Martin, secretary of the board.

But whether the board will do this or not is not certain, although it is the course being recommended by Mr. Martin, who has been devoting several months of study to the situation. For while the law allows a maximum tax of 45 cents for school purposes, the tax at present stands at 40 cents, and it is believed that the board will prefer to make slight increases in the valuation here and there, rather than undertake to increase the tax rate, since if an increase is made, it must be uniform in all the counties.

Following the determination of the property valuations in the several counties, the allotments of the equalization fund will be made.

It is in the apportioning of this large equalization fund that the board faces its most difficult task, however, since it must be distributed in accordance with the ability of the counties to raise the necessary funds by taxation to meet the cost of maintaining the constitutional six months term. This cost is measured by the November budget for the preceding year, including only teachers' salaries, plus 15 per cent of that amount for operating expenses.

But the ability to meet the determined cost is reckoned by the valuation of the property on the tax books of the counties participating. But here more trouble is encountered, since hardly two counties have the same standard of valuation, it is well known that the valuation ranges anywhere from 50 to 80 per cent, on an average, the valuation in some counties being as low as 23 per cent, as in Jackson county and as high as 98 per cent, in others, as in Carteret county, according to Mr. Martin.

Before the next division of the equalization fund the board will undoubtedly attempt to make an actual revaluation of all property in the several counties, since no adequate and equitable distribution of funds can be made without this actual revaluation. And such a revaluation would undoubtedly reduce the tax rate materially in the majority of the counties in the state. However, for the time being, the revaluation for this year and the consequent apportionment of the equalization will have to be done largely by estimate.

DR. ARTHUR PRITCHARD DIED SUDDENLY TODAY. Was Leading Surgeon of Asheville and Head of the French Broad Hospital There. Asheville, May 26.—(AP)—Dr. Arthur T. Pritchard, 45 years old, leading Asheville surgeon, and head of the French Broad Hospital died suddenly early today. His death was attributed to acute indigestion and heart disease. Dr. Pritchard was a son of the late Jeter C. Pritchard, who successfully served as United States Senator from North Carolina and Judge of the U. S. Circuit Court of Appeals.

The surgeon was stricken at nine o'clock last night while visiting at the home of a neighbor.

SEARCH AT AZORES FOR PINEDO, WHEN REPORTS CONFLICT

Reports Continue to Come in That He Has Been Saved But Definite Data is Not Yet Available.

WARSHIP SAID TO CARRY HIM

At the Same Time Another Report Says He and His Plane Were Picked Up by Another Ship at Sea.

London, May 26.—(AP)—Search for Commander de Pinedo, who was missing after the crash of his plane near the Azores, continued today.

Although circumstantial reports have been received that the Italian four-continent flyer had reached either Fayal or Flores islands of the Azores group in his homeward flight from New Foundland, no fairly, near-guesses indicated that nothing was definitely known in the Azores other than a report that a schooner had been sighted towing a plane generally assumed to be de Pinedo's.

Efforts by the gubato Beira and tugs to obtain news on the nine islands forming the main Azores group and the smaller islets, said one report from the Azores, met with no success. The warship's latest trip was to Corvo, most northern of the islands, but it gained no information.

Another Report.

Horta, Azores, May 26.—(AP)—A radio message received from the Italian steamer Fust from the Italian steamer Superga, says that the latter encountered Captain Francisco de Pinedo in Latitude 40, degree 7 minutes, and Longitude 30 degree, 3 minutes.

Says Airman is On Warship.

Lisbon, Portugal, May 26.—(AP)—A wireless message received from an Italian steamship at 3 o'clock this afternoon says the Portuguese warship Infante de Sagres, is taking commander de Pinedo and his damaged plane to Horta on the island of Fayal in the Azores.

With Our Advertisers.

Practical time pieces that are ornamental as well as useful at the Starnes-Miller-Parker Co. Tonight and tomorrow the Downard & Earle Stock Co. will be at the Concord Theatre. "Tropical Nights" is the comedy-drama to be presented.

"The Patsy," three acts of laughter, will be represented on the third night of Chautauqua. The program will begin tomorrow afternoon. Season tickets only \$2.50.

Straw is featured in many of the summer hats carried at the J. C. Penney Co. The brims on these hats will protect mildly from the sun. Priced from \$1.98 to \$4.98. Dresses are also being featured at this company, with special bargains in frocks for women, misses and junior misses at \$7.90. Read ad, carefully.

The Standard Buick Co. has a number of used cars for sale. See list in new ad, today.

Talc and Soapstone Production Increased.

The Tribune Bureau Sir Walter Hotel Raleigh, May 26.—Production of talc and soapstone in North Carolina in 1926 was practically double the output of the previous year with a value of \$97,008 as compared with \$48,550, according to figures announced today by the department of conservation and development.

The large increase in the production of the minerals is ascribed by State Geologist H. J. Bryson chiefly to developments and the extension of operations at two of the largest companies at Hemp and Glendon, in Moore county, producing pyrophyllite, a commercial variety of talc.

A further increase in the output of the minerals during the current year is expected by the geologist with preparations being made to operate on a much larger scale at Glendon. Machinery to increase the output of the mines at the place is being installed and will be ready to begin operations within a short time. Pyrophyllite will be marketed from Glendon in both powdered and saved form.

According to geologists, the only commercial deposits of pyrophyllite known in the United States are found in North Carolina.

Will Cotton Acreage Be Reduced?

Raleigh, May 26.—Cotton acreage undoubtedly will be reduced in North Carolina this year, according to a statement today from the North Carolina co-operative crop reporting service.

Most of the crop, it was reported, is planted, and chopping is underway. The stands are far better than a year ago, and dry conditions are aiding in the cultivation, it was said.

The tobacco outlook was reported optimistic, with an increase in acreage. Planting, held back by dry conditions, probably will affect the stands, it was reported.

HUNSUCKER AND FOGLE ARE FREED AFTER HEARING

Hickory, May 26.—(AP)—Catawba county's longest preliminary hearing came to an end at three minutes after 12 o'clock today, when Judge W. P. Council found there was not sufficient evidence to bind the defendants, Dr. L. Hunsucker and W. P. Fogle, over to Superior Court, for a preliminary hearing, pretty New York.

GRAMMAR SCHOOLS FINALS BE GIVEN IN CITY TONIGHT

Graduating Exercises of Central and No. 2 Schools To Be Held This Evening, Beginning at 8 O'clock.

Graduating exercises of Central and Number Two grammar schools will be held this evening, marking the close of one of the most successful scholastic sessions in their history. The commencement finals of Central school will be held in the auditorium of Concord high school. The program of Number Two school will be given in its auditorium.

Exercises at both schools begin promptly at 8 o'clock, and a cordial invitation is extended to friends and parents of students in these two elementary institutions. Certificates of promotion to high school will be given fifty pupils by these grammar schools.

The program of Central school follows:

March, High School Orchestra. Song: "America, The Beautiful." Audience standing and singing. Prayer: Rev. L. A. Thomas. Music: High School Orchestra. Presenting the D. A. R. Medal, Mr. L. T. Hartzell.

Address and Presentation of Certificates, Rev. R. S. Arrowood. Salute to N. C. Flag. The Old North State.

Songs by the Class. The American Creed, Class. "The Star Spangled Banner." Everybody.

Class: Winifred Eugenia Blackwelder, Katherine Rosetta Best, Clarence Burleyson, Jr., Harry Purr, Mack Harris, Henry Clifton Hinson, Virginia Jean Hinsel, Stuart Clark Henry, W. D. Hinson, Jr., Caroline Ivey, Charles M. Ivey, Jr., Frances Gray Loftin, John C. Pounds, Jr., Lullie Ritchie, Van Scott, Alice Juanita Sides, Levi A. Tallier, Jr., Charles Brown Thompson, Willene Swink, Lewis Varner, William White, Ralph B. Ward.

Marshalls: Wyatt Armfield (7-B) Chief, Nancy Haywood, 7-B, Mary Gibson Junker, 7-B, Lax Shu, 7-B, Ellis Washington, 7-B, Eugenia Brumley, 6-A, Mack Fuller, 6-A, Margaret Royster, 6-A, Lois Holbrooks, 6-A.

The Marshalls are elected on their class record.

The program of Number Two school is given below:

The Violet ("Humoresque") Dvorak. Invocation, Rev. J. W. Strider. Address, Rev. R. M. Courtney. "Morning Song," Forman; Chorus. Presentation of Certificates, Rev. G. H. Hendry.

Class Colors: Black and Gold, Class Flower: Carnation, Class Motto: Be Prepared.

Class Roll

Harry Arrowood, Spencer Barnhardt, Pauline Beaver, Alice Beaver, Iretta Bean, Margie Barber, Viola Carter, Harry Crowell, Rayfield Dunn, Bernard Dry, Clarence Dellinger, Olin Helms, Louise Hunter, Nora Lee Misenheimer, Fay Misenheimer, W. R. Murr, Eugene McLaughlin, Ruby Peigler, Broughton Smith, Willie Mae Shelton, Howard Simpson, Dixon Sims, Rachel Williams, Ira Verble.

Marshalls: Mary Frances Calloway, Chief, Margaret Beaver, Edna Goodman, Odessa Piles, Fay Calloway, Ila Whitley, Willard Jenkins.

Burgwyn Goes to Prison Farm.

Tribune Bureau Sir Walter Hotel Raleigh, May 26.—Henry K. Burgwyn, formerly a director of the State Prison, has resigned from the board, and has been elected general manager of the Caledonia Prison farm in Halifax county. Walter D. Laroque, banker and farmer of Kinston, has been appointed by Governor McLean to succeed Mr. Burgwyn.

Since the resignation of N. C. McNair as general manager of the Caledonia prison farm in January, 1926, there has been no official general manager, though G. N. Moore has been acting in that capacity, as well as being general farm foreman. However, the farm is so large, with more than 4,000 acres under cultivation, with 370 prisoners employed—that it was considered necessary to have a general manager. Because Mr. Burgwyn has been a member of the board for a number of years and is thoroughly familiar with conditions, and because he owns a farm of his own just across the river from Caledonia, he was selected for the position.

Renewed Activity and Strength of Ralls Featured Market Today.

New York, May 26.—(AP)—Renewed activity and strength of the railroad shares nearly a score of which touched record high prices, overshadowed all other developments in today's stock market. Industrial shares closed widespread irregularity, buoyancy of several specialties being offset by heaviness of some of the standard steels, motors and textiles.

The market closed irregular. Total sales approximated 2,000,000 shares.

WEATHER

Fair tonight and Friday, cooler night and in the east portion Friday.

SEARCH FOR FRENCH AIRMEN RENEWED AS NEW REPORT COMES

2 Workmen in New Foundland Tell of Hearing Crash Which May Have Been Caused by Plane.

SAME DAY THAT MEN WERE LOST

Men Giving Report Were in Vicinity of Homes of Other Persons Who Said They Heard a Motor.

St. John's, N. F., May 26.—(AP)—The search for Captains Charles Nungesser and Francis Goll, missing transatlantic flyers, went forward today with new hope born of a report that a crash which may have been that of a falling plane had been heard by two workmen near Penticton Bay.

Henry Collins and his son, of Penticton Sound, an inlet of the bay, that at 10 o'clock Monday morning, May 9th, the day on which the Paris-New York flyers were due to pass over New Foundland, they heard a falling object followed by an explosion. A preliminary investigation failed to disclose the cause of the sounds.

Other persons at points near Conception Bay, where the aviators might have been expected to have first sighted the mainland, have told of hearing a plane on the same morning.

REVOLTING CRIME IS REPORTED IN FAYETTEVILLE

It Is Charged That Eight Men Held Two Women Prisoners After Kidnapping Them.

Fayetteville, May 26.—(AP)—The Fayetteville Observer will say this afternoon that two Scotland county men are under arrest in Laurinburg and six others being sought as result of one of the most revolting crimes in the criminal annals of North Carolina.

It is charged that the eight men attacked
