**Violet Ray Glass.**  
London, June 23.—The new type of glass, which, unlike ordinary window glass, admits the violet rays of the sun, is to be tested in green-

houses at University College, Southampton, and at Kew, the famous botanical gardens.

At Kew, one-half of an experimental greenhouse will be fitted with the new glass and the other half with ordinary glass. A typical selection of plants and flowers will be duplicated in each section, while a similar course will be followed with a wide variety of plants, including radishes, sunflowers, and beans, in a large glass corridor with a southern aspect.

It is hoped to discover whether any advantages, such as earlier cropping, better quality, heat saving, better color, hardier constitution, and great-

er resistance to disease, are obtained by the use of the new glass.

A safe-blower doesn't blow about it later.

### WANT CHAPEL AT PORT BRAGG CAMP

Start Campaign For \$100,000 For War Memorial and Chapel For Soldiers.

A drive for \$100,000 with which to build a memorial chapel, with plans to build a house of worship for the 3,400 soldiers, officers, their wives and civilians employed at the camp, who now have no place of worship except the war department theatre. This chapel, which is to be a memorial to the men of North Carolina who gave their lives for their country during the World War, will be non-sectarian.

The club, which has been formed to head this campaign, is called the Fort Bragg Memorial Chapel Give and Get Club with headquarters in the Prince Charles Hotel building at Fayetteville. The work of getting the chapel was initiated by the late Dr. John A. McKethan, of Fayetteville, who organized the Fort Bragg Memorial Chapel Association. It is under the guidance and as a part of this association that the Give and Get Club will operate.

J. M. Litt is president of the association, which will make a State-wide appeal for funds for this chapel. The aim is not for a few large contributions, but for many small ones. Many towns with not more than 3,400 population boast several churches, the association points out, whereas the one here available for religious services is lacking in both facilities and the necessary equipment for Sunday school work.

The government has donated a site for the chapel, and maintains a chaplain, Walter R. Zimmerman, who will not donate funds for the chapel. The residents of the post have already made generous contributions for the erection of the chapel, but this falls far short of the amount deemed necessary to erect a chapel commensurate with the needs of the post.

An appeal, issued by the association states:

Inspired by Dr. McKethan's pioneer effort, the forthright approval of the General Commanding the Post, Brigadier General A. J. Bowley, Major General Johnson Haggard, Commanding Fourth Corps Area, Major General Charles P. Summerall, Chief of Staff, U. S. A., Governor A. W. McLean of North Carolina, Hon. Josephus Daniels, ex-Secretary of the Navy, leading citizens of the State have launched this campaign to provide a fund of \$100,000 with which to build and equip this chapel, and give it to the congregation at Fort Bragg.

"As a memorial to those North Carolina hero sons who have given their lives in defense of their Nation's flag, nothing could be more acceptable, and as an act of genuine beneficence to a worthy cause, nothing could be more effective."

**France's War Generals.**  
Paris, June 23.—France's national fête day next month will witness an extraordinary ceremony when sixteen of her "most glorious dead" will be laid to rest beneath a magnificent cenotaph in the Church of St. Louis, which stands beside the tomb of Napoleon in Les Invalides. The French Government has decided that the greatest of the military leaders of the country during the World War shall have a right to a common resting place around the greatest of French generals of all time, and their bodies will be exhumed from the various places they have been buried, and solemnly laid together in the crypt beneath the new cenotaph.

The sixteen are: Marshal Maunoury, who was one of the great leaders at the first battle of the Marne; Generals Grossetti, Roques, De Maud'huy, Humbert, Maistre, Buat, Dubois, Nivelle, De Miny, Laurence, Dritz, Mangin, De Boissoudry, Gerard, and Land le Cary.

Make the best of your surroundings. The duck-pond is an ocean to the tadpole.

### WELCOME CHANGES FOR THE BREAKFAST MENU

(Editor's Note: This is one of a series of cooking articles by six of the country's best-known cooks.)

Bacon, eggs, toast, cereal. Mighty good for breakfast, but don't we sometimes get tired of them?

MARGARET ALLEN HALL

Hot breads are always welcome, and they don't take very long to prepare. And waffles make a big hit, although they require a little more work on the part of the cook. However, it's worth it, when we see the look of pure joy on the faces of the youngsters while they eat.

### Berry Muffins

Blueberries, huckleberries, raspberries—any berries in season are delicious in muffins. Miss Margaret Allen Hall, nutrition specialist at the Battle Creek College of Home Economics, gives her favorite muffin recipe.

- 1 cup fresh berries
- 2 tablespoons butter
- 2 tablespoons sugar
- 1 egg
- 1 cup milk
- 2 cups sifted flour
- 1/2 teaspoon salt
- 4 teaspoons baking powder

Sift the dry ingredients together. Cream the butter and sugar. Add the milk and the dry ingredients alternately. At the last, fold in the berries.

Always flour berries before putting them into the batter. This keeps them from going to the bottom.

### Golden Corn Muffins

Corn muffins, crisp and golden crusted, are delicious. This is how Miss Hall makes them.

- 1/2 cup cornmeal
- 1/2 cups flour
- 2 tablespoons sugar
- 1/2 teaspoon salt
- 1/2 cup melted butter
- 1 cup milk
- 1 egg
- 2 teaspoons baking powder

Sift the dry ingredients together. Beat the egg, add the milk and stir in the dry ingredients. Then add the melted butter. Turn into muffin tins and bake in a hot oven twenty-five to thirty minutes.

### New Pancakes

Pancakes! Of course! Every family likes them, sour milk and buckwheat. But have you ever tried rye pancakes? Delicious. The following recipe is contributed by Miss Lucy G. Allen, principal of the Boston School of Cookery.

Mix one cup each of rye meal and bread flour, one-fourth cup of sugar, two teaspoons of cream of tartar, one teaspoon of soda, one teaspoon of salt and one-half teaspoon of grated nutmeg.

Add one well-beaten egg and one cup of milk. Beat well and drop by spoonfuls into deep fryer. Drain on soft paper and serve hot with maple or any good sweet syrup.

### Rice Griddle Cakes

Rice griddle cakes have made a name for themselves down south. And there is reason why folks everywhere should not like them. Miss Rosa Michellis, New Orleans cooking expert, gives her recipe for them.

- 1 cup boiled rice
- 1 cup milk
- 1/2 cup flour
- 1 egg
- 2 teaspoons shortening
- 1 teaspoon salt
- 2 teaspoons baking powder

Mix rice, milk, melted shortening, salt and well beaten egg. Sift the dry ingredients and add to first mixture. Mix thoroughly and bake on hot greased griddle.

### Hot Waffles!

And where can you find a dish more enticing than waffles, served with rich maple syrup, corn syrup, or molasses? The following recipe is also Miss Michellis':

- 1/2 cups flour
- 2 cups milk
- 4/5 teaspoons baking powder
- 1/2 teaspoon shortening
- 1 teaspoon salt

Sift dry ingredients; add milk to the yolks of eggs. Beat thoroughly and add to dry ingredients, now the melted shortening and mix in the beaten whites and eggs to first mixture. Mix thoroughly and bake on modern devices require no grease in the baking. Serve at once.

## Too Much "Acid?"

Excess Uric Acid Gives Rise to Many Unpleasant Troubles.

Authorities agree that an excess of uric acid is primarily due to faulty kidney action. Retention of this toxic material often makes its presence felt by sore, painful joints, a tired, languid feeling and, sometimes, toxic headaches and backache. That the kidneys are not functioning right is often shown by scanty or burning passage of secretions. Thousands assist their kidneys at such times by the use of Doan's Pills—a stimulant diuretic. Doan's are recommended by many local people. Ask your neighbor!
