Rural Telephone **Committees Will** Meet Fri. Night

Meeting To Be Held at Methodist Church in Warrensville. To Make Survey.

### CO-OPERATION PLEDGED

Plans for making a tentative survey of proposed rural telephone lines in several communities of the county will be discussed tomorrow night when the Warrensville, Clifton, Lansing and Helton committees meet at the Methodist church in Warrensville, it was announced yes

County Agent C. J. Rich and Gwyn Price, who are taking a leading part in this movement. stated that farmers in a large number of communities in the county have expressed keen interest in the establishment of rural telephone lines, but that so far the Warrensville, Lansing, Helton, Clifton, Creston and Fig sections have shown the greatest amount of interest.

If lines can be successfully established in a few sections, it is believed that within a comparatively short time other lines can be erected all over the county.

It is estimated that the sections which will be represented tomorrow night can be covered by around 25 miles of lines, serving perhaps 100 customers.

The estimated cost of construction per mile is \$60.00. Of course if poles were furnished, this figure would be reduced.

worked out as yet. It is thought that probably an NYA or WPA project could be secured if a farm co-operative were formed.
