Raleigh-(Special)-The biennial revenue bill, containing amendments to the state's continuing revenue act, was passed on second reading by the house Tuesday, but not until Rep. Odus Mull of Cleveland had attached to it an amendment to dry up sale of wine and beer in Cleveland county.

The revenue act is designed to produce an estimated \$184,000,-000 in general fund revenues during the coming biennium.

In sending forward his amendment to provide that no licenses sell wine shall be issued in Cieveland after July 1, and authorizing the Cleveland commissioners to prohibit the sale of beer after July 1, Mull succeeded in bringing to the floor the issue of local prohibitions against the sale of wine and beer, circumventing the house's so-called "gag rule."

The other part of the bonus will be paid in the eight and ninth months. The bonus the indivudual teachers will receive next week run from \$96.00 to \$132.00, it was explained.

Many public officials as well as private citizens have expressed themselves as long being in favor to the raise in salary for teachers and are happy to see them receive part of it.

Schools bus drivers and janitors will also come in for their proportionate part of the bonus. Other state employees in the county benefitted by the bonus

included members of the highway forces, State highway patrolmen and agricultural workers that are paid by the State.

Unfavorable Weather Has Curtailed Drive Throughout The County

A total of \$968.40 was reported yesterday on the county's Red Cross quota of \$2330, H. D. Quessenberry, drive chairman, announced.

Mr. Quessenberry pointed out that because of the snow-blocked roads and severe winter weather that the drive had been slowed down, but urged that all workers who had not been able to make collections to do so at once.

Tuesday, March 18, will be Red Cross Day in the schools and they are asked to make their collections among the students and teachers and turn in their funds at once

"We want to finish the drive on time and hope that everyone who has not responded will do so at once. The work the Red Cross is doing in disasters as well as for veterans and men still in service, merits your support," Mr. Quessenberry said.

#### LUNCHROOMS ARE STILL OPERATING

As far as it could be learned this week, only two of the school lunchrooms in the county, Duncan and Warrensville. have been closed down because of lack of funds. And most of the others expect to continue operation until school closes.

Most of the lunchrooms are operating on a fifteen-cent per person basis during this month and some of them plan to increase the price to 20c next month.

Some of the schools report a decrease in the number of those participating in the program, since the price has been advanced.

## **RECORD SNOWFALL** HERE ON FRIDAY

Ashe county was blanketed with a record snow on Saturday following the heavy snowfall which began around 7:30 Friday evening and continued until the next morning.

The depth of the snow varied from 11 inches in West Jefferson to 13 inches in some other parts of the county.

Travel was hazardous as the snow fell, but after the road scrapers got underway on Saturday most of the main highways were soon cleared. Bob Watson, popular mail carrier. reported that he literally had to "plough through." Paul Weaver, of Helton, said he brought his milk to the highway on a sled.

Children also used sleds and apparently enjoyed snowballing in the snow that was light and without sleet.

**A Delayed Christmas Scene?** 

Ashe county people, who dreamed of a white Christmas had to wait awhile. But one West Jefferson citizen described the 11-inch snow last Friday night as a nightmare instead of a dream. The above scene shows the home of Mr. and Mrs. Earl Davidson on College Avenue. (Staff Photo)
