# SUPERIOR COURT ENDED MONDA Signing Of Farm Plans Is Now Suspended In County

Proposed Cut Means Big Loss Two County Men **To Ashe Farmers** 

#### Messages Sent To Congressmen And Senators Urging Program Be Kept

Ashe county farmers, along with others throughout the State and nation, are facing a tremendous loss, provided the proposed cut in the agriculture budget becomes effective. In the face of the situation the signing of all farm plans for this year was suspended by the AAA office, on Monday morning pending further notice.

Cards are being mailed out to the farmers by the AAA office stating the action of the house appropriation committee which would cut the budget from \$301, 720,000 to \$165,614,290 or about 45 per cent.

This would cut the 3900 farmers of Asne county participating in the program, this year, from \$±0,000 to \$20,000.

The local AAA office has been notified to cancel all purchase orders in the hands of farmers and vendors in case of material and seed and to issue no notice of minimum assistance for farm allowance until further notice.
