HERE'S THE MOST UNUSUAL OFFER EVER MADE IN THE TIRE BUSINESS!

YOUR MONEY BACK
 If Super-Cushion Tires Don't Give You The Softest Ride You've Ever Had!

YOU RIDE....THEN YOU DECIDE!

We mean every word we say—we'll put a set of Super-Cushion tires with new tubes on your car. Drive it for one week. Then, if you don't agree they give you a softer ride than any tire you've ever owned, we'll replace them with your own tires and give your money back.

The Super-Cushion is a remarkable new kind of tire. It is bigger and softer than conventional tires and runs on only 24 pounds of air pressure. It is so superior that we make this amazing trial offer . . . for a very limited time only due to the great demand for Super-Cushions.

Super-Cushion
TIRES BY
GOOD YEAR

SUPER-CUSHIONS give you a remarkable new ease in car handling. Your car hugs the road, seems to float through traffic, to flow around curves.

SUPER-CUSHIONS soak up crosswise jolts, soak up vibration. Results: less driving fatigue, less wear and tear on your car, fewer rattles, fewer repair bills.

SUPER-CUSHIONS consistently average more mileage than the best standard tires. More—they make small cars ride like big ones . . . make big cars ride better.

SUPER-CUSHIONS run cooler; and because they're softer, they "roll with the punch", are harder to cut, bruise or blow out.

Arrange now for a Super-Cushion test run on your car.

MILLIONS OF SUPER-CUSHIONS ARE NOW IN USE ON NEW AND OLDER CARS
