PERSONALITY

Our personality is a revelation. So sacred, so vital and mysterious...

WHO FIRST DISCOVERED GOLD?

A California Woman Gives the Credit to John Denton. The closing days of 1848 presented a far different scene...

"It is a curious fact," she began, "that the credit of the gold discovery was given to the man to whom it rightfully belongs...

"When any one asks me about the discovery of gold, I say that John Denton was the first discoverer of gold in California..."

Bliss of the Ranch. There is no subject for the consideration of the many young men who wish to embark in the cattle business...

By and by Granite stops speaking, and for a while the wind has it all its own way...

There was always plenty to do, and Johnnie and I were never weary with Sabbath care...

Never a Sunday passed that Johnnie and I did not linger behind, till all the other folk had passed away...

Wrinkles in the Face. While wrinkles result from the natural working of the system, they may also be caused by a perverted condition...

Hence habits of thought and feeling become stamped on the face, and we read so easily the character of the proud, the vain, the deceitful...

Hereditary and Environment. The effect of heredity and environment on character and conduct should be carefully studied...

The Public Library. Fiction stalks about and talks to every one, pushing history and the Muses aside...

A SERVANT LASSIE

Only a simple servant lassie! Yes, but for her there will be sorrow, lassies in heaven just as we have folks here...

My name is Jennie, Jennie McLean, that's it 'a' together, or complete as I ought to say...

What a change! The funeral past and a broken up home. Everything except the old eight-day clock...

And my mistress had always a kind word and a smile for me, and talked over so kindly...

THE HOARDED WEALTH OF INDIA

How the East Indian Turns Everything He Possesses into Jewellery. Never during its existence has India been so rich in jewellery as now...

The wife that has no jewellery possesses nothing else; she cannot be robbed. The family that does not possess jewellery is absolutely indigent...

Under no native prince or rajah of former times has jewellery accumulated as it has accumulated under the British government in British India...

When a person is obliged to be constantly in one position, as is the case with a broken leg...

Chinese Indifference. Chinese indifference is still worse than Chinese superstition. The Chinese is born a man, lives a dog, and dies an ass...

Curious Coal Formations. Coal miners frequently find curious formations in a vein of coal...

A Ritual to Cocaine. Cocaine has a rival in an alkaloid obtained in Australia from the juice of Euphorbia Drummondii...

How Did He Get There? M. T. Emory, while boring a well near Remington, Ind., encountered a solid black walnut log...

Locomotives now run in Jerusalem, and the shell steam whistle is heard in the streets once trod by King David.
