

Preaching at the Baptist Church next Sunday.

We regret to learn that Mr. Joseph Younger had the misfortune to lose a barn of tobacco by fire one day last week.

Mr. C. A. Whitfield says that Mr. Jack Brann, in this county, has some of the finest tobacco this year that he ever saw.

The Teachers Institute for Person county will be held the week commencing October 27th, by Prof. E. A. Alderman.

The Registration books for Roxboro township are now open at the Winstead House, and W. H. Williams, Esquire, is ready to enter your name.

Be sure to read the new ad. of Messrs. Tate & Shaw. They are ready for business and solicit a share of your trade. Give them a trial, they will treat you right.

Mr. W. J. Whitfield brought us a sample of some as fine tobacco one day last week as we have seen in a long time. He says he has five barns as good as the sample shown us.

The Tax books for 1890 are now ready. The work is neatly executed and is a credit to Mr. Satterfield. He has been assisted by Mr. Woody, son of Mr. John F. Woody of Bethel Hill.

A convention of Young Men's Democratic Clubs of the State will be held at Raleigh, Sept. 25th. It is thought that Ex-President Cleveland, Senators Vance and Ransom will be present and make speeches.

Hurrah for Roxboro! She will have a new Bank and ten prize houses ready for the new crop of tobacco. With two banks, two warehouses and plenty of storage houses she will be ready to handle a large quantity of the leaf this season.

Mr. Thos. E. Allen, of Allensville, left last Monday for the Northern markets to purchase his fall and winter goods. His ad. will appear soon. Look out for it in the columns of the COURIER.

S. P. Satterfield will have a big auction sale of 40 or 60 acre town lots on first Monday in December. This will be a sale of lots reserved by Mr. Satterfield when he sold the Reams town land, and very desirable.

From a letter from Mr. T. H. Street Chairman Board of County Commissioners, we learn that the list of Registrars as published in the COURIER was incorrect. The following is a corrected list: J. P. Wade, of Allensville township; S. C. Humphries, for Holloways, and L. B. Scott, for Cuninghams.

The handsomest stock of Pianos and Organs ever in Lynchburg, can be seen at the Hobbie Music Co's warehouses. They are agents for the best Pianos and Organs on the market. A nice assortment of the famed Knabe Pianos in stock. Call and examine them and their other instruments.

In another column will be found the ad. of Bethel Hill Institute. This very excellent school will open its fall session next Wednesday, Sept. 24th. Rev. J. A. Beam has made quite a reputation as an educator, and we hope to see him have a full school this session. The Principal would be glad if all who can do so would enter on the first day.

A special train came over the L. & D. from Lynchburg to Durham last Friday. The party was composed of the officers and stockholders of the Penn Construction Company, the officials of the L. & D., and representatives of the Lynchburg banks. The party came over on a tour of inspection. Governor McKinney, of Virginia, and several other distinguished gentlemen were in the party.

The Baptist congregation at this place at a Church Meeting held last Thursday night extended Rev. J. H. Lamberth a unanimous call for two Sundays in each month next year. It is greatly desired, by not only his own members but by the entire people of the town, that he will accept. Mr. Lamberth is exceedingly popular, a good preacher and has done a good work in Roxboro and Person county.

We learn that a few days ago Maj. Otey, President of the L. & D. Railroad, called the conductors and engineers in his office to arrange wages &c. for the run through to Durham. After this had been satisfactorily arranged the President stepped into his private office a moment and on his return presented each one with a nice check as his compliments for the efficient manner in which they had discharged their several duties.

Some Statements.

The following cards perhaps need a word of explanation. There has been recently a change of mail routes and a new route put on from Gordonton to Roxboro. The Democratic candidate for Superior Court Clerk, Mr. D. W. Bradsher, as is charged, was instrumental in having the new route established and after having promised to use his efforts to secure the route for Mr. Charles Day, and thus flouting the amount of his bid, himself put in a bid under him and thus got it. We have heard the report and felt sure there must be some mistake.

GORDONTON, N. C., Sept. 15, 1890.

MR. EDITOR:—I have been misrepresented in regard to my connection with the new mail route from Gordonton to Roxboro. It was at Mr. Chas. Day's request that I wrote the petition for the change that was made. As for my putting in a bid for carrying the mail, I did no such thing. I only consented for a friend to use my name in bidding and knew nothing of the amount of the bids until they had been sent to Washington. Mr. C. F. Long, of Bushy Fork, and Mr. H. G. Coleman, of Gordonton, know that what I have stated is true. I hope a statement from me is not necessary among those that know me, when I am charged with doing a mean thing.

D. W. BRADSHER, BUSHY FORK, N. C., Sept. 15, 1890.

MR. EDITOR:—In making the change of mail routes and in establishing the route from Gordonton to Roxboro I know that Mr. Charles Day, of Roxboro, was the most active mover. It was at his request that Mr. D. W. Bradsher drew the petition on the strength of which the change was made. If blame is to be attached to anybody it ought to be to Mr. Day not to Mr. Bradsher.

O. F. LONG, GORDONTON, N. C., Sept. 15, 1890.

MR. EDITOR:—I understand that there is being circulated false reports concerning Mr. D. W. Bradsher in connection with the mail route from Gordonton to Roxboro, and I feel it my duty to correct the same. I know the fact that Mr. Bradsher did not make any bid on the mail route, but consented for a friend to make a bid and use his name with the understanding that Mr. Bradsher was not to be interested in carrying the mail. The bid was sent in without Mr. Bradsher's knowing its amount and I can testify that he is in no wise connected with the route, nor has expected to nor is to receive any compensation whatever from there were three bids sent from here, and the second lowest was \$295, while Mr. Day's, as I understand, was \$300. H. G. COLEMAN.

Roxboro, the Coming Town.

Having now railroad facilities equal to any, and surpassed by none, the town proposes to build up a home market right here, and intends that her accommodations for handling the crop shall be fully up to the times. Just pay us a visit and see for yourselves what we are doing. We mean business, and cordially invite all tobacco men and all business men to share with us in our prosperity, for we are bound to boom! Such substantial and solid preparations have never before been made in any new market. Only see for yourselves, and be convinced.

Two mammoth sales warehouses with ample accommodations for all patrons; seven large 3 and 4 story prize houses are now building, and several more under contract to be ready for the crop, with all modern conveniences for handling the bright weed. Tobacco manufacturing is to be started right away, in immense buildings already erected and supplied with manufacturing plant ready for operations.

Ample banking facilities will be had for any amount of business, by the present Bank of Roxboro, and the new People's Bank which has our most prominent and substantial business men at its head, and as two-thirds of the capital stock has already been subscribed by the citizens of Person county, thus insuring their hearty co-operation, what more can we want to insure success? Money for all needs; bright tobacco in abundance; accommodations for all; ample storage room for any amount of the weed; and last but not least, a law abiding community, and a genial and hearty welcome to all.

Something of our onward march may be imagined from the list of new enterprises set on foot since the Iron Horse first reached here a little more than three months ago. What other town can boast this record?

First comes our railway passenger and freight depot, which gives us every facility for communication with the North, South East and West. Then comes the following: Two mammoth warehouses for the sale of leaf tobacco, built and owned by J. A. Long, of Pass, Clayton & Co.; Dr. J. I. Coleman, storage house; J. A. Long, leaf tobacco prize house with brick basement, 4 stories high, 40x150 feet; A. R. Foushee, storage house; J. A. Long, storage house; R. A. Walker, 4 story prize house, 40x50 feet; A. R. Foushee, 4 story prize house, with brick basement, 40x80 feet; Pass Bros., 3 story prize house, 40x90 feet; Farmers' Alliance, 4 story prize house, 40x100 feet; J. W. Hicks, 3 story prize house; Dr. C. G. Nichols, 4 story prize house; Pass Bros., immense double store; Col. C. S. Winstead, new modern brick store, with Masonic Hall up stairs; A. J. Hester, large building remodelled for prize house; J. R. Chambers, house for storage of leaf tobacco; Winstead Hotel, a new dining room, 40x60 feet, with ten additional rooms added so as to provide ample accommodations for commercial men. 15 new dwellings have been—and are now being—built. Sixty acres of land have been laid off into building lots, avenues and streets with wide sidewalks, well graded. On the 20th of August, Roxboro had a red letter day in the sale of these lots, when ten thousand dollars was invested by parties from Lynchburg, Durham, neighboring towns and counties, and by Person county farmers, many of whom are making arrangements to build on them.

The Primitive Baptists have built an elegant new church, and a large membership is worshipping there. The Methodists are contemplating erecting a brick church, as a necessity for their increased congregations; and they have already received some handsome subscriptions.

The Baptists have increased their Pastor's salary, so as to double the appointments they have had heretofore. All this genuine and solid progress, with many minor improvements such as painting, fencing, etc., go to show that our live and energetic people are at work and mean to build up the town.

The Real Comforts of Life.

There are numerous conceptions of pleasure and comfort. Most people find, with or without experience, that the real comforts of life are to be had at home. For there the devoted wife is the presiding deity; there the children prattle and play; there the young girl approaches and reaches womanhood; within its sacred precincts youth puts on the responsibilities of manhood; there the reunions of hearts, hopes and prayers; there can be found real rest; there are the place and affection typical of the better life, there the germinating and binding together of hearts and minds and souls in a bond as strong as a chain of steel and as lovely as a wreath of beauteous flowers, there the memories that glow and exist with life itself, there the influences that strengthen and bless and guide in after years, whatever we do and wherever our foot-steps roam.—Selected.

Merit Wins.

We desire to say to our citizens, that for years we have been selling Dr. King's New Discovery for Consumption, Dr. King's New Life Pills, Bucklen's Arnica Salve and Electric Bitters, and have never handled remedies that sell as well, or that have given such universal satisfaction. We do not hesitate to guarantee them every time, and we stand ready to refund the purchase price, if satisfactory results do not follow their use. These remedies have won their great popularity purely on their merits.

Valuable FARM FOR SALE.

While we have for sale many valuable plantations in various parts of Halifax county, we have one to which we wish to call special attention.

This farm is situate on the waters of Hycoc river, Halifax county, Va., and contains 449 Acres,

it being the land allotted and assigned to Mrs. F. Y. Craddock in the division of the real estate of Mrs. Harriet C. Easley, dec'd, and which at her death was purchased by Dr. A. E. Dickenson of the heirs of Mrs. F. Y. Craddock.

About three hundred acres of this land is cleared and in a high state of cultivation, one hundred acres of it being fertile rich bottom land, well drained and very productive.

The hundred acres or upward are specially adapted to the growth of fine yellow tobacco and small grain. This land has upon it a

COMFORTABLE DWELLING, in good repair, and all necessary out-buildings, such as barn, corn houses, and cabins for laborers. It is in a good neighborhood, convenient to schools, churches and mills, and is within one and a half miles of Harmony, a station on the Atlantic & Danville R. R., at which is a post-office, and within two miles of the junction of the Atlantic & Danville and Lynchburg & Durham railroads. In fact this is one of the most desirable farms in Southside Virginia.

Parties desiring to secure a good home seldom meet an opportunity to invest in better property. We will sell this land as a whole, or in parts to suit purchasers. Any person desiring to purchase the whole tract or a part of it, will please address us for terms and particulars, and we will call special attention to the fact that we are prepared to receive the purchase money in installments.
