Wonder if there is any doubt now about how Georgia will go?

Where were the people in the People's party down in Georgia last Wednesday, woods?

Wonder if the Progressive Farmer and the Special Informer will tell their readers how Florida and Georgia voted?

Whose advice will you take? S. Otho Wilson's—the ex-rogue minister, or S. B. Alexander's—the Democratic Alliance Congressman?

We expect there are some people in North Carolina who will conclude they have been reading lies in some of the North Carolina newspapers.

It is very clear that Judge Gresham doesn't think Cleveland is a Wall Street man. Wonder who knows more about Cleveland, Gresham or Editor Ramsey?

That man who said the People's party was nearer in accord with the Republican than the Democratic party, does not agree with Judge Gresham and Major Guthrie?

70,000 Democratic majority in Georgia. If General Taylor and Mrs. Lease had filled all of their appointments in Georgia the people would have made it unanimous.

Is there a man in Person county so full of prejudice, that he will read only one side, or hear only one side speak? Every man ought to be willing to hear all sides. Let us have an honorable and fair campaign.

Gen. Sickles is the only distinguished man in the United States who has left the Democracy and gone over to the Republicans. He gives as his reason for opposing Cleveland, the latter's veto of pensions while President. That won't hurt Cleveland much in the South.

WE WONDER: Why Dan Andrews was not nominated for Sheriff, or even balloted for before the convention, 11/11/11

What recognition the negroes got last Saturday. If the negroes will vote the ticket put out last Saturday.

If the Third party ticket will remain in the field. How thirty seven delegates can cast fifty-seven votes.

TWO SIGNIFICANT VOTES: When the Democrats in Congress years ago sought to pass a rule under which all appropriations should be in the possession of an income tax sufficient to pay the increase, who was it that voted against this income tax? It was Mr. Weaver who is now pretending to be greatly in favor of an income tax.

When the Democrats were voting for a bill to facilitate the refunding of the national debt, who was it that voted against the bill? It was Mr. Weaver who is now pretending to be greatly in favor of abolishing national banks.—North Carolinian.

AN ALLEGED REPUBLICAN PLOT.

The Chicago Post Claims to Have Unearthed a Big Scheme of the Republicans.

CHICAGO, Sept. 29th.—The Post this afternoon prints a two column expose of an alleged scheme of the Republican National Committee to send an emissary to England to "work" the English press in the interest of the Republican party during the remainder of the national campaign. According to the Post, the plan was devised at a conference of prominent Republicans of this city and approved by the Republican National Committee, but the emissary selected, a reporter for the Inter-Ocean, whose articles over the signature "Ear Grant, Railroad Laborer," have attracted great attention, was considered by the national committee to be a man of insufficient diplomatic ability, and Wm. E. Curtis, formerly private secretary to James G. Blaine, was selected to do the work.

This, the Post says, so incensed Grant that he hastened to the Democratic headquarters of this city and exposed the plot. He intimated that he had in his possession a letter from President Harrison approving the plot. He offered to verify his proofs for a consideration of \$25,000. This amount was considered by the Democrats to be altogether too high, and Grant, the Post alleges, has avowed his intention to go personally to Mr. Cleveland and deal with him if the campaign committee declined to "do business with him."

WILL YOU READ THIS?

If the good and honest men, who are now following the People's Party, will seriously consider certain recent acts of their party, and of a few public men, they will find good food for sober thought, and material aid in concluding how to vote.

When the People's Party met in convention in the city of Raleigh, to nominate a ticket, who did they select as their candidate for Associate Justice of the Supreme Court? That is a position of distinction and much responsibility. None save the Governor ranks higher than the Justice of the Supreme Court. A truly great lawyer, would prefer that distinction to the Governorship. He, whom the people clothe with the judicial ermine should be wise, pure, spotless and able to advise his people. The man selected by the People's Party had those abilities, in such a degree as to have always commanded the respect and esteem of his fellow men. Major Guthrie is well known for those qualities, throughout his State. He had been a lifelong Republican. Surely a man thus honored by the People's Party, should have their attention when he gives advice. What is that advice?

He comes out openly, and urges the people who trust and confide in him, to cast their votes for Cleveland. He sympathizes with the people in this struggle with combined wealth, and to escape their grievances, he urges them to vote for the Democratic candidate.

Again, When the People's Party wanted a man in whose hands it should place its banner, as the candidate for the highest position in the world, whom did they take as first choice? Isn't it history that the leaders of the People's Party waited upon Judge Gresham time and time again, urging him to accept the nomination for the Presidency? His answer was one of sympathy with the toiling people, but he could not accept the honor. All admitted him to be a man of honor, ability and vigor. Nothing was so good for the press to say of him, where is Judge Gresham today? He announces his intention to vote for Cleveland. He tells the farmers, that four years more of McKinley issue will bring disaster too great for their endurance. The farmers cannot stand it and prosper. So he advises them to unite with him in voting for Grover Cleveland.

Now, is not this worthy of consideration from good men? We mean from honest men? There are some bad men in all parties. They are with a party for office or for money. Of course these will work and vote for their party, though the stars fall, and to these we have nothing to say. But to the good and honest men, who are acting from principle, what lesson do you draw from the advice of Maj. Guthrie and Judge Gresham? You showed your confidence in them by endorsing their nominations for high places. You have said within ninety days, they were worthy of leading you and worthy of your confidence. Do you still think them so?

Listen, Third Party men. Who is most likely to be right? S. Otho Wilson, J. L. Ramsey, Marion Butler, James Weaver, and Dr. Exum? Or, Sid B. Alexander, B. F. Grady, A. A. Brand, Baldy Williams, Elias Carr, Major Guthrie and Judge Gresham?

In other days you listened to Alexander, and Gray and Carr. Recently you have expressed your confidence in Guthrie and Gresham. Is it possible they have so soon become deluded, corrupt and unworthy of your attention? Is it possible that good men—

Consumption Cured.

An old physician, retired from practice, having had placed in his hands by an East India mission the formula of a simple vegetable remedy for the speedy and permanent cure of Consumption, Bronchitis, Catarrh, Asthma and all throat and Lung Affections, also a positive and radical cure for Nervous Debility and all Nervous Complaints, after having tested its wonderful curative powers in thousands of cases, has felt it his duty to make it known to his suffering fellow-men. Actuated by this motive and a desire to relieve human suffering, I will send free of charge, to all who desire it, this recipe, in German, French or English, with full directions for preparing and using. Sent by mail by addressing with stamp, naming this paper. W. A. NOYES, 820 Power's Block, Rochester, N. Y.

Is the advice of Walter Q. Gresham to be cast aside, within ninety days after you thought him worthy to be President? Person county farmers! Who are you following today? Who are your leaders? Do you in your heart think Weaver is more able to lead you than Gresham? If you do vote for him, if you don't vote with Gresham and you will vote for Cleveland.

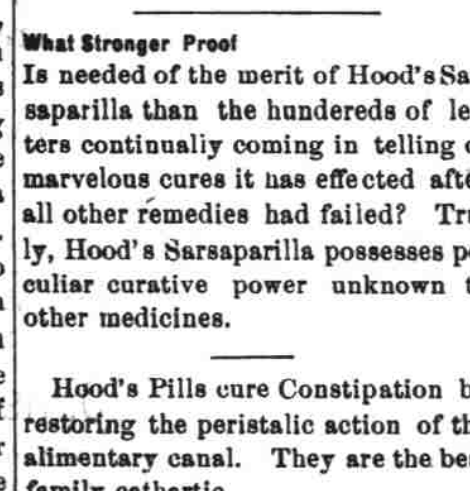

Is Elias Carr worse than Exum? Who is the better farmer? Who is more worthy of being your Governor? Exum, or Carr? Did you ever hear of Exum before you nominated him for Governor? Did you know that the leading paper of your State had to inquire in its editorial columns, "Who is Exum?" Who is better able to tell you how to vote on questions of finance, S. Otho Wilson, or Sid Alexander? Who is the best man S. Otho Wilson—the Exum School Master—or Syd B. Alexander your Congressman and ex-President of your order? Did you know that Singing master Otho Wilson had instructed his lawyer to compromise his debts at ten cents or fifteen cents on the dollar, while he was instructing you how to vote and grow rich? Do you really feel down in your hearts that S. Otho Wilson is an honest man, and worthy to lead honest men like you are and advise you how to vote? Or rather do you not know he is a corrupt man, of "commercial interests" who would as soon make dollars out of politics as out of anything else? Did you dress him up in a silk beaver and send him to the head quarters of the Republicans, or did he gather on the money collected in your lodges without your instructions?

Have you yet found out that some other newspapers, besides Democratic and Republican, sometimes tell lies? Didn't the Progressive Farmer say Cleveland favored the Force bill, and didn't you know it was a scurrilous lie when you read it? Hasn't it told you there was no difference between Cleveland and Harrison, and haven't you felt in your hearts that was false as false could be?

Didn't it tell you the Third Party would carry Florida and Georgia, and has it yet told you that the Democrats carried Florida by 25,000 and Georgia by 70,000 votes? We have been editing a newspaper for seven years, and reading newspapers for twenty years, and we have never before this year known any newspaper to advise the people to believe nothing found outside of its columns and then deliberately tell them lies made out of the whole cloth. This may seem strong language and severe terms, but we believe we can select twelve People's Party men in Person county, have them sworn as a jury, and prove every one of the above utterances to their own satisfaction.
