We failed to have Court, but the horse traders were here with their plugs in all their glory.

Mr. Beerman, that live and hustling firm, Beerman & Goodfriend was in town this week.

Mr. D. W. Long and Miss Cora Jacobs, and Mr. C. F. Long attended the Association at McCrays last week.

Miss Hattie Woody, of Person county and Virgie Tingen, of Durham is visiting Mrs. D. M. Andrews, on Academy street.

Ordination Service will be held at Bethel Hill Church on Tuesday 28 inst. to ordain T. S. Hudson. All persons are invited.

Mr. Chas. F. Clayton, who has been spending several weeks in Person with friends and relatives, returned to his home in Tarboro yesterday.

Mr. B. J. Gentry and a friend called in to see the editor in his new home. He was looking for one of those receipts and we accommodated him.

Rev. J. E. Underwood is spending some days in town this week, and the delight of his many friends will be that in the Methodist Church to night.

We had a very pleasant call from Mr. Thos. Woods yesterday. Mr. Woods and his estimable lady are visiting Mrs. Dr. R. A. Morton, on Lamar St.

We had a pleasant call from Mr. J. W. Brooks, who is now making his home at Almondsville, Va. He was in the county visiting relatives and friends.

Misses Mary Stephens and Alice Hester with Dr. R. J. Teague spent several days in town first of this week, the guests of Mr. and Mrs. W. R. Hambrick.

Mr. S. C. Tillman, reports a most pleasant time at the Primitive Baptist Association in Alamance last week. He wishes to return thanks to friends for such kind treatment.

Rev. J. A. Beam, of Bethel Hill, was in to see us last Monday. He was after one of those receipts, and while in took occasion to congratulate us on our new quarters.

Last Sunday morning at the Baptist Sunday School Mr. T. H. Street was elected a delegate to represent that school at the Sunday School Chataqua, to be held in Chatham county next week.

The COURIER is under obligation to Mr. L. C. Pikelley for one of the largest water melons we have seen this season. Mr. Pikelley says he is a little late this year but he always gets there on big water melons.

Mr. Geo. T. Bowen, of Mt. Tirzah, gave us a pleasant call yesterday. He mentioned that Messrs. E. B. Beadle & Co. expected to lay in the largest and best selected stock of general merchandise ever shown at Mt. Tirzah this fall.

Mr. J. D. Briggs, of Bushy Fork, was a caller at the COURIER office last Saturday. He informed us that his sister, Miss Mollie Briggs, had just sold at the Pioneer warehouse about 1500 pounds of rather common tobacco at an average of \$10.

Mr. R. T. Wyche requests us to say that he will open a school at Mt. Tirzah about the first of September. All those interested will please make a note of this. This is a fine location for a school and we doubt not that Mr. Wyche will have a good school.

The COURIER had the pleasure of entertaining quite a number of friends who came in Monday and Tuesday to take a look at our new home. They were all quite complimentary, and expressed many kind words for the success of the COURIER and its Editors. We desire to take this opportunity to thank them one and all. We enjoy a visit at all times from our friends when in town.

Mr. Joe Featherstone, the popular auctioneer at the Farmers Warehouse, has been out home for several days nursing a case of Malarial fever. He is glad to see him back at his post again.

We learn that there was a very large crowd at the Primitive Baptist Association which was held at McCrays, in Alamance county, last week. Quite a number went from Roxboro and vicinity, whose names we could not learn. The Association will be held in Roxboro next year.

Mr. W. Y. Noell, of Danville, Va., came over last Saturday and remained till Tuesday morning when he returned accompanied by his wife who had been spending some time with Mrs. J. A. Noell. This was Mrs. Noell's first visit to our town, but she made many friends while here who hope that she will not make it the last.

Mr. Rodgers, the gentlemanly and courteous agent of the News and Observer was in town this week in the interest of his valuable paper. Mr. Rodgers is a hustler and we learn had quite a number to his Roxboro list. He gave us a pleasant call while here, and informed us that hereafter we would get the News and Observer on the morning train which will be ten hours earlier than any other daily.

As per appointment the Graham Base Ball team was on hand last Friday evening to meet the Roxboro team on the diamond. The game was called to order at 4:30 p. m. It was soon very plain that the visiting team was not equal to the home boys though they played fairly good ball; but was too light for our team. The score on the first game was 8 to 6 in favor of Roxboro.

This game ending so closely greatly encouraged the visiting team; but on Saturday they did not do as well as the evening before. It was a wet and rainy morning and the game was very dull and tiresome throughout. The spectators were few and far between. At the end of the ninth inning the score stood 8 to 3 in favor of Roxboro. The special features of this game was the home runs of Watkins and De Morris on balls knocked out of the park. The visiting team was composed of gentlemanly young men who did their best to defeat our boys; but they couldn't do it.

Trace the Nerves. Sedatives and opiates won't do it. These nervines do not make the nerves strong, and failing to do this fall short of producing the essential of their quietude—vigor. And while in extreme cases—and these only—of nervous irritation such drugs may be advisable, their frequent use is highly prejudicial to the delicate organism upon which they act, and in order to renew their quieting effect increased and dangerous doses eventually become necessary. Hoes'etter's Stomach Bitters is an efficient substitute for such perniciious drugs. It quiets the nerves by bracing, toning, strengthening them. The connection between weakness of the nervous system and that of the organs of digestion is a strong and sympathetic link. The Bitters, by imparting a healthful impulse to the digestive and assimilating functions, promotes throughout the whole system a vigor in which the nerves come in for a large share. Use the Bitters in malaria, constipation, biliousness and kidney trouble.

It was quite a disappointment to many people when the announcement was made that on account of sickness of Judge Hoke, there would be no court at this term.

Not only was it a disappointment, but it was very bad for the county. There are now in jail ten or twelve prisoners three of whom are to be tried for their lives, to say nothing of the civil docket which will have to go over to the November term, unless a special term is asked for, this is specially to be regretted for many reasons. The Solicitor and quite a number of visiting lawyers have seen but the Governor was not notified by the Judge of his inability to be here in time to supply his place.

There is some talk of a special term but whether it will be asked for or not we do not know. Some think, on account of the expense of feasting and attending prisoners and the sanitary condition of the jail that it should be asked for, while others object to it on the ground of the additional cost to the County of holding a special term, but the most serious objection is on account of the very busy season of the farmer, and to hold a term of court just in the midst of cutting and curing tobacco would entail quite a loss to the farmers. All these things should be considered.

Mr. H. J. Mayers, of Oakland, Md., says: "I have sold thirteen bottles of Chamberlain's Cough Remedy today and am literally sold out. This is the largest sale on record of any one preparation in a day over our counters." It gives the best satisfaction of any cough medicine we handle and as a seller it leads all other preparations on this market." For sale by W. R. Hambrick & Co.

J. M. Irby of Vernon Hill, Halifax, Co., Va., sold at Hadnetts Warehouse, Danville, Va. Hadnetts Cook & Ferguson Propts., August 8th three curings of tobacco, 1638 lbs. for \$475.02. Average \$29.00. This speaks well for Danville as a leaf market and also for Hadnetts Warehouse.

A Delightful Evening.

Last evening in the chapel of the Roxboro Institute building a large and select audience of Roxboro people were treated to an elegant entertainment. It was given under the auspices of the Ladies Aid Society of the Presbyterian Church. The programme was an exceedingly interesting one the chief feature of which was the lecture by Prof. E. L. Hughes formerly Superintendent of the Greensville City Schools but now of Greenville, S. C. Mr. Ed. Moore known to every man, woman, and child in the county as one of persons sweetest native musicians, who with his violin constitute a whole orchestra, and one which may always be counted on, furnished music between the pieces on the programme. He was ably assisted by Mrs. Dr. Wise on the organ.

The programme was as follows: Concert Solo—"Sailing"—Professor Hughes. Recitation—"Aux Italiens"—Professor Hughes.

MUSIC. Resitation—"Jane Conquest"—Miss Willie Holloway. Song—"Magdeleine"—Miss Sallie Street.

MUSIC. Lecture—"Hamlet"—Professor Hughes. Recitation—"Relief of Lucknow"—Miss Lou Price Holloway.

MUSIC. Every piece was well rendered and hearty applause was bestowed by the appreciative audience. Special mention, however, is due Prof. Hughes' lecture. He began by saying, that every one was aware that there is more of good now in the world than ever before, and there is more of evil. The conflict between them is sharp. The greatest evil of today is bad literature. Societies have been organized for the destruction of bad books, and tons of them have been burned. This however is vain. The way to destroy the effects of evil literature is to work on the hearts of men by giving good literature. The forces of good are armed fortunately with a noble literature, and the greatest contributor to the world's greatest author is the "Bard of Avon," and his noblest creation is "Hamlet." Then portraying the scenes of the play—the soldiers entering in the gloom to keep their lonely vigil, the appearance of the ghost of Hamlet's murdered father—he proceeded to give a sketch of the whole play, weaving into the beautiful narrative those immortal quotations of which the world is so fond. He touched lightly upon the controversies concerning Hamlet's sanity, explained the wonderful and touching philosophy found in the play.

For an hour the audience listened most attentively, the lecture having made a profound impression. One heard said he could have listened for hours more without tiring. This is Prof. Hughes second lecture in our town and we hope he will visit us often in the future.

At the end of the programme Rev. McG. Shields announced that a contribution would be gladly received for the benefit of the Presbyterian Church. The contributions amounted to the neat sum of nine dollars.

This is but the beginning of a series of lectures which we hope will be arranged to be given to our people under the auspices of either our churches or the Roxboro Institute.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease; and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio is the only constitutional cure on the market. It is taken internally in doses from ten drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for testimonials.

OUR SCHOOL.

To the Friends of Education.

Next Monday morning the Roxboro Institute will open under its new management. The indications point to a large school, which means that the people of Person county are awakening to the great importance of education. Not only from the town but from the excellent surrounding country will come a large number to take studies in the Institute. They will unite the advantages of an excellent school with the advantages of a flourishing Christian town, and Roxboro's hospitable citizens extend to them a cordial welcome.

Without desiring to antagonize any other school the principals of the Institute intend to make this a county school in every sense and expect and will receive the co-operation of the citizens of the county.

Mrs. Anna Harrison, who is widely known throughout this and Granville counties as an excellent teacher, will have charge of the primary grade. She has an experience of over nineteen years in the school room, and a reputation to be envied. We think the trustees of the Institute are to be congratulated on this excellent choice. Mrs. Harrison has been given an interest in the school.

The music department will be in the hands of Miss Fannie Sergeant. Miss Sergeant has had the benefit of instruction under able teachers, by all whom she was pronounced efficient and thorough. For some years she was taught by the late Miss Mollie Jordan; later she studied music in the Reidville College, Littleton Female College and Greensboro Female College. In the latter college she was under the tuition of Miss Mollie Makepeace, Musical Director. She was known for her faithfulness to studies and thoroughness in music.

The Art department will be under an efficient instructor whose name will be announced soon.

The Institute can boast of a handsome building—the handsomest in the county. It is now undergoing repairs, renovation and enlargement of one of the rooms. It has five rooms including a large and comfortable chapel. The rooms are well furnished with all necessary apparatus for conducting a successful school.

Pleasant rooms, comfortable desks, maps, blackboards, and good playgrounds are to be found at the Institute. The tuition rates are much lower than the average academy rates throughout the State.

We are trying to build up a school worthy of any county in North Carolina and of the people of Person County.

For a complete catalogue of education who have given us such liberal encouragement we extend their thanks. Very respectfully, W. L. Foushee.

DELEON, TEXAS, July 23, 1891. Messrs. Lippman Bros., Savannah, Ga.

GENTS—I've used nearly four bottles of P. P. P. I was afflicted from the crown of my head to the sole of my feet. Your P. P. P. has cured difficulty of breathing and smothering, palpitation of the heart, and relieved me of all pain; no nostril was closed for ten years, now I can breathe through it readily.

I have not slept one night for two years, in fact dreaded to see night come, now I sleep soundly in any position all night.

I am 59 years old, but expect soon to be able to take hold of the plow handles; I feel proud I was lucky enough to get P. P. P., and I heartily recommend it to my friends and the public generally.

Yours Respectfully, A. M. RAMSEY.

THE STATE OF TEXAS, County of Comanche.

Before the undersigned authority on this day, personally appeared A. M. Ramsey, who after being duly sworn, says on oath that the foregoing statement made by him relative to the virtue of P. P. P. medicine is true.

The "Savate" in Boxing. It is hard to make an Englishman believe that a kick, however delivered, is legitimate fighting.

The Frenchman's point of view is different. He thinks that if a man is set upon by two or three ruffians, the person so attacked should be able to defend himself with all the limbs he has. The use of the foot therefore, has been brought down to a system in France, and I was astonished to find, on investigating this subject, that many English boxers have a great admiration for the French "Savate," and in each of the boxing schools I visited in Paris I saw several Englishmen being trained to wield the light fantastic toe in a way that would make Miss Lottie Collins shudder.

Children Who Suffer From scrofula, skin or scalp diseases, ought to be given Dr. Pierce's Golden Medical Discovery, for purifying the blood. For children who are puny, pale or weak, the "Discovery" is a tonic that builds up both flesh and strength. What is said of it for children applies equally to adults. As an appetizing, restorative tonic, it sets at work all the processes of digestion, and nutrition, rouses every organ into natural action, and brings back health and strength. In recovering from "grippe" or in convalescence from pneumonia, fevers, and other wasting diseases, it speedily and surely invigorates and builds up the whole system.

For all diseases caused by a torpid liver of impure blood, as Dyspepsia and Biliousness, if it doesn't cure in every case, the money is returned.

Killed by Lightning.

Last Sunday afternoon the family of Thomas Kings, who lives in Person, near the line, half a mile from what is known as Fiddleton, were sitting under a large sycamore tree, where they had eaten dinner. On the tree was a box, in which the dishes had been placed. A young son, Edward, sixteen years old, was leaning against the tree, just beneath the box. A thunder storm came up and the lightning struck the tree, running down its side, shattering the box of dishes and striking young King behind the top of the head. He was killed instantly. The family had just started into the house just before the flash came, and when it did come they were somewhat shocked, and looking around they saw the young man fall over. The others were not hurt, but they have been more or less sick since. It is said that young King had a hole in the top of the head, and pieces of flesh taken off in two places on one shoulder. His hair was singed so badly that it could not be combed straight when they shrouded him, and his body was so stiff that his fingers could not be straightened. It was a very sad affair.—Durham Sun.

A New Warehouse Firm.

The Hyco Warehouse will be run under new management next year, beginning October first. The stock of the firm has not been decided on fully yet, but most likely will be the Hyco Warehouse Co. The following have been elected: R. I. Featherstone Auctioneer and Floor Manager, L. P. Tapp, Bookkeeper, W. T. Pass Cashier, and Geo. H. Yarboro Salesman.

This is a hustling working force and will have a strong company behind them who propose to push the Hyco for all she is worth. We predict the Hyco will sell more tobacco next year than she ever has done before in one year. If hard work, fair dealing and kind treatment count for anything the new concern expect to get them.

The Site Executive Committee is Called to Meet on the 27th inst.
