

The Shakers are a Happy Community

It is said, but the shaker who shakes because he can't help it is no means a happy individual. So shakes the person troubled with chills and fever. The quivering and shuddering sensation is followed by no less a plague, namely, burning fever which is followed by a perspiration bath that leaves the unhappy sufferer "as weak as cat," a most unfortunate simile, by the way, as the cat for its size, is particularly muscular animal. Under the above circumstances vital stamina is soon used up. What will recuperate it? Hostetter's Stomach Bitters, which eradicates malarial disease in every form and repairs its terrible ravages upon the system. Derangement of the liver always accompanies malarial disorder. To the relief of this complaint, as well as constipation and dyspepsia, the Bitters is admirably adapted. No less efficacious and thorough for kidney trouble, nervousness, rheumatism and neuralgia. A wineglassful three times a day.

Very much the best joke of the recent hot weather was on a weather observer in a western city who died of a sunstroke. A case of retributive justice, as it were.

My little boy, when two year of age, was taken very ill with bloody flux. I was advised to use Chamberlain's Cholera and Diarrhoea Remedy, and luckily procured part of a bottle. I carefully read the directions and gave it accordingly. He was very low but slow and surely he began to improve, gradually recovered, and is now as stout and strong as ever. I feel sure it saved his life. I never can praise the Remedy half its worth. I am sorry every one in the world does not know how good it is, as I do.—Mrs. Elna S. Hinton, Grahamsville, Marion Co., Florida. For sale by Druggists.

How a Woman Paid Her Debts

A lady in Lexington says: "I am out of debt, and thanks to the Dish washer business. In the past six weeks I have made \$530. Every house keeper wants a Dishwasher, and any intelligent person can sell them with big profit to himself. The Dishwasher is lovely, you can wash and dry the family dishes in two minutes, and without wetting your hands. You can get particulars by addressing The Mound City Dishwasher Co., St. Louis, Mo. There is big money in the business for an agent. I expect to clear \$4,000 the coming year. I need the money, why not make it."

A Chance to Make Money.

I have berries, grapes and peaches, a year old, fresh as when picked. I use the California Cold process, do not heat or seal the fruit, just put it up cold, keeps perfectly fresh, and costs almost nothing; can put up a bushel in ten minutes. Last week I sold directions to over 120 families; anyone will pay a dollar for directions, when they see the beautiful samples of fruit. As there are many people poor like myself, I consider it my duty to give my experience to such, and feel confident any one can make one or two hundred dollars round home in a few days. I will mail sample of fruit and complete directions, to any of your readers, for eighteen two-cent stamps, which is only the actual cost of the samples, postage, etc., to me.

Mr. Jno. A. Young, Greensboro, N. C.

DEAR SIR:—You will remember that last fall you shipped a lot of peach trees to my father's plantation in South Carolina, which place is located in the great peach belt in the State. I have just returned from a trip to that place and I find out of the large number of trees sent I think every one is growing and is most vigorous and healthy. My father, who is an old fruit grower stated to me that this was the finest lot of fruit trees he had ever received and that they grew better than any he had ever planted. The trees are very fine. They give every promise of being the finest lot that we have on our peach farm in that State. I shall take great pleasure to recommend your trees to any who are in the market for the best line of fruit trees.

Since 1878 there have been nine epidemics of dysentery in different parts of the country in which Chamberlain's Colic, Cholera and Diarrhoea Remedy was used with perfect success. Dysentery, when epidemic, is almost as severe and dangerous as Asiatic cholera. Heretofore the best efforts of the most skilled physician have failed to check its ravages, this remedy, however, has cured the most malignant cases, both of children and adults, and under the most trying condition, which proves it to be the best medicine in the world for bowel complaints. I read in the Christian Standard that Miss A. M. Fritz, Station A, St. Louis, Mo., would give elegant plated hook-spoon to any one sending her ten 2-cent stamps. I sent for one and found it so useful that I showed it to my friends, and made \$15 in two hours, taking orders for the spoon. The hook spoon is a household necessity. It cannot slip into the dish or cooking vessel, being held in place by a hook on the back. The spoon is something housekeepers have needed ever since spoons were first invented. Anyone can get a sample spoon by sending ten 2-cent stamps to Miss Fritz. This is a splendid way to make money around home.
