THE INDIAN TROUBLES.

BACON CONSIDERS OUTLOOK MENACING—CONFERENCE LED TO NOTHING.

Federal and State Authorities Working in Harmony to Quell the Revolt—Armed Bucks Proceeding South.

MINNEAPOLIS, Minn., Oct. 10.—Federal and State authorities are now working in harmony toward the quelling of the Indian revolt. Gen. Bacon offered to come down from Walker this even to confer with Governor Clough but the latter advised conference by wire.

He received the following message from General Bacon:

"Situation bad; conference yesterday resulted in nothing. None of the Indian chiefs were there. The lumber men are all coming into Walker. Troops needed at Cass Lake."

Nevertheless the Governor believes that the situation is well in hand, that the recalcitrants are practically surrounded by soldiers.

From Park River the Governor has received a personal statement signed by Chief Ned Gay Bug Enanoway Rush, as follows:

"We, the Chippewa Indians at Pine point, beg to state to the public that we are perfectly friendly to the whites and have no ill-feeling or are in any way hostile. We have decided at the council not to take any part whatever in the Leech Lake trouble."

A company of fifty volunteers has been offered to the Governor at Litchfield.

ARMED BUCKS COMING SOUTH.

MINNEAPOLIS, Minn., October 10.—A special to the Journal from Cass Lake says that armed bucks are undoubtedly proceeding South. Calls were received from Bemidji for troops, but none were sent, as this was considered the more crucial point. There is considerable apprehension and an undoubted necessity for troops to allay panic in the small towns along this line.

BACON LAYS DOWN THE LAW.

Give up the Men for Whom Warrants Are Out and Return Home.

WALKER, Minn., Oct. 10.—The Indians council was held at the agency this afternoon and was well attended by Flatmouth and representative delegations. General Bacon and Inspector Tinker told the Bear Islanders that if they would give up the men for whom warrants have been issued and come in themselves they could go home. If they resisted the Government would not rest till the recalcitrants had been captured, and the Bear Islanders would not then be permitted to occupy the islands again. The message will reach the hostiles by runners tonight. General Bacon's terms were received by the chiefs with signs of evident pleasure, and they all signified their approval of them. It is believed the Pillagers will accept them.

TROOPS FOR BERMIDJI.

ST. PAUL, Oct. 10.—Two companies of militia started from Duluth this afternoon for Bermidji, that town having called for protection.

YELLOW FEVER SPREADING.

Everybody Advised to Get Out of Jackson—The State Health Officers Issues a Proclamation.

JACKSON, Miss., Oct. 10.—The fever situation here is more serious to-day. With the appearance of the disease in north Jackson, there is now no section of the city free from infection and new cases are multiplying rapidly. The official report for to-day is 9 new cases, but no deaths.

Dr. Hunter, secretary of the State board of health, officially reports as follows:

"Suspicious sickness having been reported at Canton and investigation asked, Dr. Purnell was sent and reports 4 cases of genuine yellow fever, the disease being traceable to Madison. He is satisfied the town is badly infected and advises depopulation, which has already taken place to a considerable extent. Harrison has 14 new cases to day; 55 under treatment; 5 serious and 2 critically. Madison has 15 new cases; Oxford 1 new case; Edwards 2 cases and one death; Taylor, 1 case; Orwood, 6 new cases and 1 death."

An Appeal To the President.

WASHINGTON, Oct. 10.—The appeal made to President McKinley by the State board of health authorities at Jackson, Miss., for aid in the way of subsistence and medical help to meet the conditions arising from the yellow fever epidemic, has been referred to the Marine Hospital Service. Dr. Wyman, the surgeon general, and his assistants took the matter up promptly today, but have not as yet determined what recommendation to make.

Surgeon Wyman feels that the situation is not at all alarming, and while the fever may spread slightly, it is only a question of time when, with the appearance of cold weather it will be checked.

Lee to be First at Havana.

WASHINGTON, Oct. 7.—General Fitzhugh Lee, according to present intentions of the War Department, will first land in western Cuba. He has received orders to move his command, the Seventh Corps, from Jacksonville to Savannah, and be prepared for departure by the last of this month. Unless plans are changed his corps will move on Havana not later than November 1.

Some time ago a division, known as the First Division of the Army of Occupation of Cuba, was organized with present headquarters at Huntsville. It was generally supposed this division would be sent to Havana about the middle of the present month, but it is now probable that General Lee's command will get away first.

Millions Given Away.

It is certainly gratifying to the public to know of one concern in the land who are not afraid to be generous to the needy and suffering. The Proprietors of Dr. King's New Discovery for Consumption, Coughs, and Colds, have given away over ten million trial bottles of this great medicine; and have the satisfaction of knowing it has absolutely cured thousands of hopeless cases. Asthma and Bronchitis, and Hoarseness and all diseases of the Throat, Chest and Lungs are surely cured by it. Call on J. De Morris Druggist, and get a trial bottle free. Regular size 50c. and \$1. Every bottle guaranteed, or price refunded.

SPENCER B. ADAMS.

"WOULD FOOL HIS MAKER IF IT WERE POSSIBLE."

So Writes the Chairman of the Populists Executive Committee of Caswell County. Adams a Regular Supporter of Negroes.

YANCEYVILLE, N. C., Oct. 11.—The following card has been issued: To the Populist of the Fifth Congressional District of North Carolina:

I understand that the Populists in most of the counties of this district have formed what is termed a "Fusion with Republicans," and endorsed Spencer B. Adams for Congress. I thought the POPULIST party was a party of PRINCIPLE, and for REFORM, but not when we go off after such men as S. B. Adams, a man who fooled the party when he was nominated for Judge. I was in the convention two years ago in Durham and was called on to know how S. B. Adams stood on the free coinage of silver. I told them I had heard Adams say he would vote for the free coinage of silver no matter who was nominated, and he was nominated with that understanding. But what did he do at the election? He voted the whole Republican ticket—NEGROES and ALL. I suppose he is telling now that he is for free silver! I tell you he is one of the SHREWDEST POLITICIANS in this county, and WOULD FOOL HIS MAKER if it were possible. I HAVE ALWAYS BEEN OPPOSED TO FUSION, and I have never voted a fusion ticket yet. Populists of the Fifth Congressional District, LET ME URGE YOU AS A FRIEND TO POPULISM, drop S. B. Adams at once. YOU DON'T KNOW THE MAN.

Very Respectfully,

M. OLIVER.
