PRESIDENT LOUBET ATTACKED.

ASSAULT MADE WITH EGGS AND STICKS. Numerous Arrests Made—American Woman Exhibits Herself as a Ranting Royalist—Exciting Scene in Chamber of Deputies.

PARIS, June 5.—President Loubet was assaulted by a mob at the Ateuil races yesterday. There was a storm of hoots, yells and cries of "Panama," "A bas Loubet," and "Vive l'Armee." A few shouts of "Vive Loubet" were drowned in the clamor.

A strong force of police kept order and arrested many of the disturbers, including a man to force his way to the President's carriage.

During the second race the clamor increased the violence, and was plainly directed by committee of the League of Patriots, collected with their supporters both before and behind the Presidential stand.

At this crisis of the excitement, while shouts of "Vive l'Armee," and "Vive Deroulede" were heard on all sides. Count Christiani rushed toward the President, brandishing a stick, and directed a blow against him, striking his hat. The crowd rushed upon Christiani, who only escaped severe handling by being taken under police protection.

President Loubet remained all the while quite unmoved, talking to the Premier, while the officers of his military household were defending his against violence. Finally, after thirty arrests had been made, the prefect of police ordered the Republican Guards to surround the Presidential stand.

Further accounts show that the whole race course, particularly in the inclosure, witnessed scenes of the wildest excitement. Comtesse Boni de Castellane, who was Miss Anna Gould, of New York city, placed herself at the head of the jeunnesse royalists, marched up and down the lane, shouting, "Vive l'Armee."

A Specimen Georgia Tree. Last week Messrs. J. W. Noell and L. J. Hale made out of a singular popular tree 1,700 square feet of lumber 1,500 laths, besides 450 feet of sheathing. The largest limb on the tree made 130 feet. There was a hollow in the first cut for twenty feet that caused a smaller yield. The tree measured at the base five feet in diameter and had to be split and quartered to be sawed. The bark was taken off and made a two horse load.—The Lexington, Ga., Echo.

Resolutions of Respect.

Whereas on May 28th 1899, in the town of Roxboro, N. C., by the mysterious dispensation of an all-wise Providence it hath pleased Him to take from us our beloved pastor, Rev. J. H. Lamberth, who had faithfully and lovingly served Ephesus church for thirteen years, and whose people loved him completely, be it resolved,

1st. That, though our hearts are crushed with sorrow at the loss of our under shepherd, yet, true to his memory and loving counsel, will his flock, unitedly and submissively, look by the eye of faith, for comfort and guidance from Him, who is two wise to ere and too good to be unkind.

2nd. That, his life among us was a benediction. As a pastor, he was earnest and enthusiastic, and as a friend, faithful and sympathetic. His joys was to double ours, and his heart was ever open to the sorrows and trouble of his people. Many are the homes, that will lovingly recall his ministry of love and comfort in their afflictions, sorely will we miss him.

3rd. That, while we sorrow for him, yet will we ever retain and cherish the force of his example, and prayerfully will we strive to follow him as he followed Jesus, believing, through the promises of God, to meet him in heaven.

4th. That, we extend to his bereaved relatives our deepest sympathy, praying that this great loss to all of us, may work out a far more exceeding and eternal weight of glory and that we may realize that all things work together for good, even to the chasening of his children.

5th. That, these resolutions be spread on our church record and a copy be sent to The Biblical Recorder, THE COURIER and Webster's Weekly for publication.

Done by order of the Church, assembled in conference June 3rd, 1899.

ON THE FARM.

Several Interesting Items Pertaining to the Planter's Work.

Generally, last week was one of the best all-round weeks for farming that has been lately. The rains which fell on Thursday and Friday nights, did the young crops much good.

Corn is looking very fine and is growing nicely. There is a good stand of corn in this county, and to judge from the vast fields of this grain, one might observe that a big crop will be harvested from it.

The young tobacco plants are growing very smoothly, and there has been, so far, very little replanting to do. Now is the time for the cut worm to put in its damnable work, but fortunately there has not been much complaint about the cut worm thus far. Large quantities of tobacco has been planted, and the farmers seem to be encouraged with the present outlook for a good crop.

During this month the wheat crop will be harvested. Already the heads are turning brown. As a general thing, a poor crop will be made this year, but wherever you find a good field it is more than apt to be an excellent one. Oats are equally as poor as wheat.

The watermelon season is just a few weeks off. An average crop of melons will be made this year. Several farmers in Roxboro township are raising a quantity of melons for market this season.

There will be an average crop of peaches and apples this year. Some trees are loaded down with fruit, yet other trees have not a sign of fruit on it. It will only be a short while before June apples will be coming to town.

To the many friends of the blackberry, she will be welcomed. And to only think of it, a few weeks hence will bring them on. It almost makes a hobo's mouth water as he passes along the road and sees the big bunches of green berries, and to know that he can't eat them! But all of its friends are glad to have the blackberries with them. An usual large crop is growing this year.

From an eyeview it is thought that the people in the country have much better gardens than those of town. In a week or two they will be getting plenty vegetables.

If the weather continues good with an occasional shower, there is bright prospects for all crops this year.
