Concert Tuesday Night

The concert to be given at the Court House next Tuesday night is highly recommended and we are sure will be fully appreciated by our people. Below you will find clippings from the press concerning the entertainment.

The Salisbury Sun Says—
"The entertainment at the Opera House last night by Miss Eugenia Livingston Tucker, the dramatic entertainer and dialectician, and Miss Josie F. Kinsinger, the harp soloist, was one of the most pleasing affairs presented here this season. Both of these ladies have delighted numerous audiences, and the enthusiasm of those who attended last night was testimony of the favor with which the entertainment is usually received. The methods of Miss Tucker in her dialectic work are natural and consequently extremely impressive.

Miss Kinsinger draws the sweetest melody from her harp and wins immediate favor."

Reidsville Review says—
"The repeated encores to which the young ladies were compelled to respond gave but a vague idea of the satisfactory manner in which they were entertaining the audience. Miss Tucker's impersonations of characters of ante bellum days were grand, and the performance of Miss Kinsinger on the Italian harp charmed the music lovers of the audience."

The Charlotte Observer had the following to say about the entertainment recently given by Miss Tucker in that city:

"Miss Eugenia Livingston Tucker, the dramatic entertainer, and Miss Josie Kinsinger, the harp soloist, appeared at the Y. M. C. A. last night before a large audience. The entertainment was given under the auspices of the Mecklenburg Camp of Confederate Veterans and reflected credit upon that body. As an impersonator, or in mere recitations, Miss Tucker is very clever. She is a Southern woman and all her characterizations of Southern people—or others—were realistic and interesting. Miss Kinsinger scored a distinct success with her harp, all her selections being well rendered and pleasing."

On last Friday morning three of Mr. L. W. Thomas' horses were taken sick and one of them died. He thought it was more than probable that they had been poisoned but we hope this is not correct, for we should regret to think that we had any one living in our midst who would be so mean as this. On Monday morning another one of the sick ones died. Then on yesterday morning a horse belonging to Mr. R. E. Long was taken sick and died. On Monday evening the Junior Editor's cow was taken sick and died early this morning. We are of the opinion that there must be some kind of a disease which is affecting the stock here, as they all seem to be affected in very much the same manner.

When we want to do our very best and make the best show possible then it is that we are liable to do the worst, at least that is what the young gentleman who drove up to the school house after the school marm thought. He hitched his horse, and it was a nice turnout, too, and walked in for the lady, doubtless thinking what an impression he was going to make on the children and especially the young lady. He helped the lady in the buggy, jumped in, picked up the lines and started off—but he didn't go, for the horse was still tied to that post. If fortune does not knock at his door but once he's a-goner, for he lost that opportunity.

About one of the best that we have heard is told on one of the Superintendent's of the Roxboro Sunday Schools. On Sunday before last the weather was somewhat inclement and in consequence the attendants were slow in coming in, so the Supt. notified the school that in future it would open at 9:30, the hour appointed, even if there were no one present but himself and one other. Well, last Sunday morning the weather was anything but promising, the wind howled like March and the rain come down in torrents, but imagine that Superintendent feeling when he heard the bell begin to ring while he was yet in bed. Like a little soldier he opened Sunday School on time, but he didn't get any breakfast.

At this season, so trying on horses and cattle it is highly important that they should have attention. "Tonic Condition Powders" induces proper circulation, tones up the organs to strong healthy action which throws off accumulated poisons from the system, thereby relieving all inflammation of the lungs and other organs. This is too important a matter to be neglected. Large box 25 cents Morris' Drug Store.—Special Powder Same price.

Mr. M. H. Garrett comes to the front with the best rabbit yarn. He says one of his tenants made eight rabbit boxes on Sunday and set them the same evening. On Monday he caught 7, Tuesday 3, Wednesday six Thursday 7, and had not reported since. Sunday may not be a good day to fish, but Mr. Garrett says it seems to be a good day to make rabbit boxes that will draw.

Quality first—then price, is the motto of A. R. Foushee & Son, and they would like to have an opportunity of demonstrating it to you. They want all your country produce, and especially all kinds of hides and furs and will pay the highest market prices for them.

Rev. W. B. Morton will preach his farewell sermon at Antioch on next Sunday morning. He has been serving this church for about five years and has seen his work greatly prospered while pastor of this good people. Truly they can say they are better for his coming.

We have a communication from Surl which we cannot publish on account of some personal reflections contained in it. It would only result in a row among neighbors and we withhold it.

You will miss a rare bargain if you do not do your trading with Koplon, his entire mammoth stock at greatly reduced prices.

It's no use to let your children suffer with cold feet, Koplon will shoe your whole family for a few dollars.

Hats—ladies or gents at cost price at Koplon's.

Remember the orphans tomorrow.

MRS. FLAGLER'S ALLOWANCE.

The Supreme Court Orders \$25,000 a Year Set Aside For Her.

New York, Nov. 20.—Dr. Charles F. McDonald was to lay awarded \$26,000 a year by Justice Clarke, in Supreme Court for the proper maintenance and care of Mrs. Ida M. Flagler, who has for a considerable period been a patient in the doctor's sanitarium. He was also allowed \$5,000 for his services as committee of Mrs. Flagler's person. This was done upon the recommendation of Dr. McDonald that Mrs. Flagler should be placed in a position which in accordance with her income and the manner in which she was accustomed to live, she could maintain her own establishment. Mrs. Flagler was until recently the wife of Henry N. Flagler.

Justice Clark, upon the application of Charles F. Shourdes, Stephen C. Shourdes, and Mrs. Mattie A. Johnson, the brothers and sisters of Mrs. Flagler, allowed them \$4,000 a year each to be paid them out of her income.

The reason given for making this allowance is that Mrs. Flagler was in the habit of making valuable presents to her brothers and sister, who are not in affluent circumstances, and that they to whom the estate will revert upon Mrs. Flagler's death are of an allowance from her estate.

Schley's Delicate Pride.

Knoxville, Tenn., Nov. 20.—Following the report the Court of Inquiry would cost Admiral Schley \$20,000, the Knoxville Sentinel on November 18th, sent the Admiral a dispatch asking if he would consent to public subscriptions to pay the amount. Today the Sentinel received a personal letter from Admiral Schley, the purport of which was that he cannot accept the offer. He says the report as to the cost is a mistake as the amount is not so great. He suggests that the matter is to delicate to discuss, and trust that his friends will appreciate his position and respect it.

TROOPS TO FREE MISS STONE.

It is Stated That Dickinson Has Called on the Bulgarian Government.

Sofia, Nov. 23.—It is reported that Mr. Dickinson has informed the Government of Bulgaria that the abductors of Miss Ellen M. Stone and Mme. Tsilka, with their captives are concealed in a defile of the Belleritza mountains, near Smotch, District of Dubnitza, and has requested that troops be sent to surround the place and liberate the captives. Both Mr. Dickinson and the Bulgarian Foreign Office decline to confirm or deny this report. Nevertheless it is believed that Mr. Dickinson, persuaded of the impossibility of coming to terms with the brigands and relying upon his belief that they will not harm their captives if troops are employed against them, has after consulting with Washington decided upon this move.

Only eight bandits now guard Miss Stone and some of these are known to sympathize with her.

The Jury Draw Lots.

Asheville, N. C., Nov. 23.—John Miller the negro who was convicted of killing a negro woman and cutting up her body escaped hanging because the jury determined the verdict by lottery. Today it was shown that the jury standing six for murder in the first degree and six in the second degree, placed in a hat two slips of paper one for the first and the other for the second degree, and blindfolded juryman drew the first degree slip.

The jury all agreed to stand by the result. Today they said they thought it was a fair test. The judge set the verdict aside, and a plea of guilty in the second was taken, and a thirty years years sentence imposed.

Tobacco Trust Absorbs McAlpin Co

New York, Nov. 21.—It was announced today that the American Tobacco Company had absorbed the firm of D. H. McAlpin & Co. and its plant and trade marks. The purchase price was said to have been \$2,500,000. McAlpin & Company was long and a strong opponent of the American Tobacco Company.

The Lexington Dispatch tells of a Davidson farmer who made two thousand dollars on a potato crop. The potato crop is going to be profitable and farmers who are wise will grow them.

Mr. Rayner's Handsome Action Rewarded.

Baltimore, Nov. 24.—It was learned to-day that Mr. Isador Rayner, chief counsel for Rear Admiral W. S. Schley in the recent hearing before the court of inquiry, had refused to accept a fee for his services.

A mutual friend of the admiral and Mr. Rayner stated that the admiral recently sent a valuable gold watch to Mr. Rayner and a magnificent brooch of diamonds and pearls for Mrs. Rayner.

North Carolina is bound to be a rich State, when all the sources of wealth are fully utilized. The Elizabeth City Economist tells of a Currituck duck gunner who made ninety-six dollars one day and fifty dollars on another day. The duck-hunting season promises to put money in the purses of the Currituck duck shooters.
