ADVANCE FAIR LIST.

Farmers Urged to Raise Farm Products for the Premiums.

The State Fair advance Premium List of field and garden products for Fair of 1902 for the week beginning October 27th, was issued today by J. A. Long, President; J. E. Pogue, Secretary; and C. B. Denson, Treasurer and Assistant Secretary. The work has been very prompt indeed. The Secretary says in the introduction:

"The Forty-Second Annual State Fair will open on Monday, October 27th, 1902.

"We congratulate the farmers, the manufacturers, mechanics, artists, merchants, and our fair countrywomen of North Carolina upon the display of their products and skill at the Twentieth Century Fair in 1901, and are gratified to announce that in the quality, variety and number of exhibits, the attendance at the grounds, and the amount of premiums distributed throughout the State and abroad (but especially to the citizens of North Carolina), the results were never better in the history of the Fair.

"The prospects for the Fair of 1902 are still more brilliant. Substantial improvements are in progress for the better accommodation of the public, and larger means of care of stock, etc.

"Every farmer is invited and urged to bring forward his products from the farm, orchard, stockyard, garden, dairy, poultry yard, in the generous rivalry for the best results of his great avocation.

"The truck-raisers of the east, the fruit growers of the west, the cultivators on a great and small scale of cotton, tobacco, rice, wheat, oats, potatoes and the grasses will find a recognition of their work in these advance pages of the Premium List, constituting Department A. Among these are premiums for silk culture.

"For the complete list, including the premiums besides field products, for horses, cattle, sheep, swine, poultry and pet stock, fruits and flowers, pantry supplies, manufactures, ladies' needle and fancy work, fine arts, agricultural implements and machinery, minerals and building stones, and for general displays, educational exhibits, historical and scientific displays, athletics and tests of speed, send your name and postoffice address to J. E. Pogue, Secretary. Some of the best horses ever shown on the track will be in the trials of speed."

Most Must Do Time.

New York, April 11.—The appellate division of the supreme court today affirmed the conviction of Johann Most on a charge of printing in his newspaper, *The Freiheit*, an improper article entitled "Murder vs. Murder." The article was published about the time of the assassination of President McKinley. Most was sentenced to a year's imprisonment.

Georgia-Carolina Debate Results for Former.

Chapel Hill, April 12.—The University of Georgia won both the debates here last night. Carolina and Georgia were ably represented. The contest was very close. Georgia deserves congratulation and praise for her victory over the Tar Heels.

Dr. Talmage is Dead.

Washington, D. C., April 12.—Rev. Dr. T. DeWitt Talmage is dead. He passed away at an early hour tonight. At seven o'clock he began sinking rapidly. He was unconscious and his physician said then that he had but a short time to live.

Dr. Talmage was one of the most remarkable men this generation has produced. He was the most popular preacher in the metropolis for a quarter of a century. He was an orthodox Presbyterian minister and always preached a gospel of cheer and hope. He was never dry or dull. He interested his audiences, no matter the time or the theme. Without being the most profound thinker of his day, he was easily the most popular preacher in the American pulpit, and had preached to more people than any preacher of this or any age.

Death From Dog Bite.

Shelby, N. C., April 14.—Two weeks ago as Mr. William Patterson, a farmer living two miles from Shelby, was returning home from town he was attacked by a rabid dog, which bit him severely on the lower lip. Three days after this Mr. Patterson went to Charlotte and had the mad-stone applied. A few days after his return he showed symptoms of hydrophobia, growing worse each day, and died this morning in great agony. In his sane moments he would beg his friends to kill him and thus end his suffering. Mr. Patterson was the son of Mr. F. A. Patterson, was unmarried and was a worthy, hard-working farmer.

Park Bill Reported.

Washington, April 11.—Representative Moody, of North Carolina, today reported from the House Committee on Agriculture the bill establishing a national forest reserve in the mountain forest regions of Virginia, West Virginia, North and South Carolina, Georgia, Alabama and Tennessee. The bill carries an appropriation of \$10,000,000, of which \$2,000,000 is immediately available. The report sets forth the need of preserving this region and argues that the national government is the only power to conduct a work of this magnitude.

Managers for Democrats.

Washington, April 12.—The democratic congressional campaign committee, as a result of consultations with leaders in different parts of the country, has agreed on the following executive committee, to be formally announced at the next meeting unless some hitch occurs: Ben T. Cable, of Illinois, chairman; Lewis Nixon, of New York, chairman of the finance committee; David Overmeyer, Kansas; Thomas Taggart, Indiana; Richard Olney, Massachusetts, and Daniel Lamont, New York.

General Miles Must Go.

Washington, April 14.—The issues are fairly joined between the lieutenant-general and the Secretary of War. The troubles which begun long ago under the Cleveland administration have finally reached so critical a stage that the compulsory retirement of General Miles at an early date is an open secret and is not denied at the White House.

ROOSEVELT CAN HAVE HELP.

Democrats Ready to Assist in a Battle Against Trusts.

Washington, April 10.—President Roosevelt's speech at Charleston last night, in which he said that trusts, if they work at all, must work under the law, has attracted wide attention at the capital, and is regarded by many public men as a direct shot at the Beef Trust.

There is general approval of his statement "the nation should exercise over combinations cautiously, but firmly, the power of supervision and regulation."

Representative James D. Richardson, of Tennessee, the leader of the minority in the House, said of the President's reference to trusts: "That's good Democratic doctrine, and if the President wishes any assistance in the line he suggests he can count on every member of the Democrat party in Congress. The worst of all these trusts at present is the Beef Trust, and we shall push the resolution now pending in the House with all our force."
