Seedsmen, - Richmond, Va.

WANT BETTER HIGHWAYS.

Michigan Fruit Belt Feels the Need of Good Roads.

Indiana and Michigan towns are rapidly following each other in a movement to improve country roads. The town of Michigan City recently engaged in obtaining the signatures of freeholders to a petition in which the question of submitting the improvements of roads in five townships of the county to the voting population is proposed. The merchants of the town have found it necessary to take some action in order to save or foster its country trade. The town of Laporte spent a large amount of money in making country trade easily accessible, and in consequence a large area was made tributary to the town.

It is proposed to bond the townships in order to raise the money for the improvement. There is a movement also to give the different roads a name by which they will become familiar to everybody in the county. There is now an active movement going on in Berrien county to connect the towns of Benton Harbor and St. Joseph with Sister Lakes, which is one of the best known summer places in this section of the state. For this purpose more than \$800 has been donated outright. This came in large share from Benton Harbor.

In past years Sister Lakes has been reached mostly from Dowagiac, which induced considerable travel through that town. Dowagiac is said to have had the best roads and got the business, and now the other place is seeking to meet it.

In both cases the roads are sandy, and it will be necessary to gravel them in order to make good highways all the year through.

Good roads are especially desirable in Berrien county because of the rise of the "schooner" in gathering fruit from the country districts. Much of the enormous quantity of fruit shipped from St. Joseph and Benton Harbor to Chicago is hauled to the docks in "schooners." A "schooner" is a long coupled wagon with a canvas cover, some of which make a circuit of 20 miles or more daily. On a good road a team of horses will easily haul a surprisingly heavy load, the loading of the different shaped packages having been reduced to a system.

Washington (D. C.) architects are complaining because of a new law limiting the height of buildings. "We may not build to the sky" says one of them. They should not be disconsolate, however. That attempt was made some years ago and only ended a great confusion.

Representative Hepburn raises the question of the availability of the funds appropriated under the Spooner bill for the payment of the purchase price of the Panama canal.

Indigestion Causes Catarrh of the Stomach.

For many years it has been supposed that Catarrh of the Stomach caused indigestion and dyspepsia, but the truth is exactly the opposite. Indigestion causes catarrh. Repeated attacks of indigestion inflames the mucous membranes lining the stomach and exposes the nerves of the stomach, thus causing the glands to secrete mucus instead of the juices of natural digestion. This is called Catarrh of the Stomach.

Kodol Dyspepsia Cure relieves all inflammation of the mucous membranes lining the stomach, protects the nerves, and cures bad breath, sour risings, a sense of fullness after eating, indigestion, dyspepsia and all stomach troubles.

Kodol Digests What You Eat
Make the Stomach Sweet.
Bottles only. Regular size, \$1.00, holding 2½ times the trial size, which sells for 50 cents.

The History by Miss Ida M. Tarbell which began in the NOVEMBER McCLURE'S in the **GREAT STORY of STANDARD OIL**

"Miss Tarbell's work is of unequalled importance as a 'document' of the day. Her story has live men in it; they suffer and work and win and lose their battles with the verisimilitude that removes the tale from the dry statement and clothes it with the color of human interest and the vivid rainbow garment of human sympathy. The results of her work are likely to be far-reaching; she is writing unfinished history." Boston Globe.

"An absorbing and illuminating contribution to the trust question. Chicago Inter-Ocean.
"The most important announcement made by any magazine." New York Journal.
