THE PATRONS OF THE GRADED SCHOOL.

Rules and Regulations of the Roxboro Graded School's.

The attention of patrons is respectfully directed to the following rules of the School Committee:

SEC. 1. Pupils will not enter the Academy or grounds until after the first bell rings at 8:25 a. m. and at 1:10 p. m.

SEC. 2. All pupils are expected to be in the Academy and seated when the second bell rings at 8:45 a. m. and at 1:30 p. m. A period of 20 minutes, both in the forenoon and afternoon is allowed between first and second bells, which will give ample time for pupils to leave their homes after the first bell rings and reach the Academy before the second.

SEC. 3. Every pupil must attend school punctually and regularly, conform to all the regulations and requirements of the school, and obey promptly and respectfully all directions of the teachers.

SEC. 4. All pupils whose promotions have not been previously decided upon, must be examined before they can be assigned to a place in School.

SEC. 5. Upon entering the room every pupil must be seated immediately and when the bell rings for commencing exercises all who come in thereafter shall be marked tardy.

SEC. 6. All pupils who are absent or tardy will bring written excuse from parents or guardian when they enter school again. This regulation is made so that both parents and teacher may know the whereabouts of the pupils at all times.

SEC. 7. No pupil shall be permitted to leave school at recess or at any other time before the close of school except in case of severe sickness, or some other urgent necessity, or by a written request and then only by permission of the superintendent or some teacher.

SEC. 8. Profane and indecent language, and use of tobacco in any form upon or near the school grounds are POSITIVELY FORBIDDEN, and any violation of the same will render the offender liable to severe discipline.

SEC. 9. All loud talking, shouting and rough, boisterous conduct upon or near the school grounds are positively forbidden. Each pupil must conduct himself as a gentleman.

SEC. 10. Pupils who shall mark, scratch, break, deface, or injure in anyway, any of the school property, shall pay in full for all damages, failure to do this within one week shall subject them to suspension and they shall be re-admitted only by a vote of the school committee.

SEC. 11. No pupil will be permitted to be, or to remain upon the school grounds after the dismissal of school, but shall go home immediately.

SEC. 12. When the department of a pupil of any one school month shall be 75 per cent. or less, that pupil shall be sent by the teacher to the superintendent, who shall, for the first offense, warn and reprove that pupil, and at the same

time shall notify the parent of the pupil of the fact. In the event that the pupil is sent to the superintendent a second time for the same offense within four months he shall be suspended from school until assurance is given of satisfactory improvement, or he shall receive corporal punishment—it being discretionary with the superintendent as to which it shall be—suspension or punishment.

SEC. 13. When any pupil's average grade falls below 70 per cent for two successive months he shall be suspended from school, if low grade is the result of indolence or lack of faithful duty on the part of the pupil. Suspension under this rule to be within the discretion of the teacher of said pupil, and the superintendent, and said pupil cannot enter school until parents or guardians shall promise to have him do better work in school, and the pupil himself agrees to do better. If the low grade mentioned in this rule is made by a pupil who is incapable or poorly prepared, then in that case the rule of suspension will not be enforced, but pupil will be sent to a lower grade if it seems wise to do so.

SEC. 14. For the violation of any well known or established principle or right, or of any rule made by the Faculty, each pupil shall be held to as strict account as though it was one of the written rules of the School Committee.

SEC. 15. Pupils who are beginners, that is those who expect to enter the lowest division of the first grade are expected to enter school some time during the first month of the fall term or sometime during the first month of the spring term. To beginners who enter after the first month will be so far behind the class organized at the beginning of school that he can't do the work with the class and the teacher cannot form an extra class. Pupils who enter later than a month would be irregular through all their work. It would be a disadvantage to the pupil. This does not apply to the grades above the first.

Parents are urged to give the teachers their earnest support that these regulations may be observed. It will result in good for all concerned, especially the pupils.

WILL CONNECT WITH ROXBORO

Coal-Fields of West Virginia to Be Brought in Touch With Eastern Carolina—New Company Chartered to Build the Necessary Connecting Link.

Raleigh, Oct. 23.—A railroad company was incorporated today, and from the route defined it promises to be part of the great plan under way for the development of Eastern Carolina and will furnish the Atlantic Coast Line with direct connection with the big coal fields of West Virginia.

About twenty years ago the Coast Line built a branch from Tarboro on its main line, to Spring Hope, in Nash County, and the general expectation was that it would be extended to Raleigh. However, it stopped in the woods hardly twenty miles from the North Carolina capital. This state of affairs has continued until the present time. But the completion of the Raleigh and Pamlico Sound Railroad, from here to Washington will pass through Wilson, traversing a portion of the same territory as would the extension of the Coast line from Spring Hope here. But it is now evident that the Coast line has different and far more important plans for its little Spring Hope line.

The North Carolina Connecting Railroad Company is incorporated for the purpose of building from Spring Hope to Roxboro, a point on the Norfolk and Western, a line that runs to the Virginia coal fields. In building this connection the company has the right to traverse the counties of Nash, Franklin, Halifax, Warren, Vance, Granville and Person. From Goldsboro the Old Atlantic & North Carolina can be used and a coaling station be fed at Beaufort. The company is to begin with \$90,000 capital, to be increased to \$450,000 which a majority vote of stockholders may increase. The incorporators are D. W. Gunn, Roanoke, Va.; D. J. Nysewander and S. H. Douglas, of Toledo, O.; T. F. Whittlesey, Mobile, Ala.; W. H. Hood and R. H. Hood, both of Henderson, N. C.

KILLED IN DEPOT.

Charles Smith, a Bystander, Shot and Killed in Union Depot at Raleigh—Struck By Stray Bullet in Pistol Duel Between Two Fair Fakirs—Both Men in Jail

Raleigh, Oct. 22.—About four o'clock yesterday afternoon Charles Smith, a fair follower, of Petersburg, Va., was shot to death in the Union passenger station, and two other fakirs, Harry Clark, of Mexico, Mo., and R. E. Lilliston had quarrelled the night before at a house in the red light district, and had threatened to kill each other. When they met at the Union station they began firing at each other a stray ball hitting and killing Smith, who was a spectator. The ball struck Smith in the back, and he walked about ten feet before falling. He was carried to the hospital and died a half hour later.

Seven shot were fired and Lilliston had four bullet holes in his clothing. Both men ran some distance before officers overtook them. It is difficult to find witnesses who can testify as to which man fired the first shot. The passenger station was crowded and the shooting caused a panic.

All Departments Complete and Open.

Considering the favorable weather for wearing summer weights we are having an unusually
