M. KOPLON

CURES AFTER THE DOCTORS HAVE FAILED.

RHEUMACIDE has cured thousands of cases of Rheumatism after all the doctors and all other means had failed. Rheumacide cured John F. Eline and others, of Baltimore, after the famous specialists of Johns Hopkins Hospital, the greatest hospital in the world, had failed. Rheumacide cured Austin Percelle, of Salem, Va., and D. H. Olmstead, the Norfolk, Va., contractor, after they had spent large sums on other remedies and the doctors had given up hope. Rheumacide cured Mrs. Mary Welborn, of High Point, N. C., of rheumatism she had endured for 20 years. Rheumacide cured W. R. Hughes, of Atkins, Va., after the most famous New York specialists failed. There is a reason why it cures: Rheumacide is the latest discovery of medical science, and while powerful enough to sweep all germs and poisons out of the blood, it operates by purely natural methods, does not injure the most delicate stomach, and builds up the entire system.

Almost a Miracle in This Case.

Dillon, S. C., Aug. 18.

Bobbitt Chemical Company.
Gentlemen:—In September, 1899, I took rheumatism in a very bad form (inflammatory). In a month after the disease started I had to give up my work and go to bed. It continued to grow worse until my arms and hands were badly drawn, so much so that I could not use them. My legs were drawn back till my feet touched my hips. I was as helpless as a baby for nearly 12 months. The muscles of my arms and legs were hard and shrivelled up. I suffered death many times over. I was treated by six different physicians in McColl, Dillon and Marion, but none of them could do me any good, until Dr. J. P. Ewing of Dillon, came to see me. He told me to try your RHEUMACIDE. He got me one bottle of the medicine and I began to take it, and before the first bottle was used up I began to get better. I used 5 1/2 bottles and was completely cured. That was years ago and my health has been excellent ever since. I have had no symptoms of rheumatism. Will say further that I began to walk in about six days after I began to take RHEUMACIDE with the aid of crutches; in about three months after I began to take it I could walk as good as anybody, and went back to work again.
Yours truly, JAMES WILKES.

Wood's Seeds.

Crimson Clover.

Our Southern Farmers can save fertilizer bills and increase their revenues

MILLIONS OF DOLLARS,

by sowing Crimson Clover at the last working of their Corn and Cotton crops. It is the best time to sow and you save an extra preparation of the land. Crimson Clover makes land rich in humus or vegetable matter and puts it in excellent condition for the crops which follow it. It also makes

A fine winter cover crop,
An excellent grazing crop,
A good early forage crop,
A splendid soil-improving crop.
Plowed under early in the spring, it increases the yield of corn, tobacco, cotton or other crops which follow it, to a wonderful extent.

Our sales of Crimson Clover seed are increasing enormously every year, and we are to-day the largest dealers in this seed in the United States.

Write for prices and circulars giving information about this valuable crop.
