An Aspect of Washington's Career Not Sufficiently Considered.

This partrait of an unashamed olutocrat was drawn yesterday by Hon. William U. Hensel, of Pennylvania, in an address at Lehigh Jniversity:

"Washigton inherited an estate, le acquired more by marriage, he ccumulated some by foresight, he ncreased it by speculation and by ndustry, and it was greatly enlarged by the adventitious rise of values He died the richest citizen of the Inited States. He was never ashamed of it."

An aspect of George Washingon's career and and character that we fear, has never been sufficienty considered by a majority of the or stors and celebrants of February ?2d,--| x ha e.
