LEGISLATURE ADJOURNED.

Over Fifteen Hundred New Laws Three Hundred and Fifty More Than Were Passed Two Years Ago.

Raleigh N. C. March 11.—Amid songs and jokes and pleasant speech making the general assembly adjourned sine die this afternoon at 5 o'clock. The business of the session was over at three o'clock with the exception of the two presiding officers signing a large number of bills. It was a merry time that the law makers had during the last two hours of the session. During the signing the ladies in the galleries joined with the legislators.

The principal work of today was in the house ratifying the McLean trust bill which was done after spirited debate.

During the session a total of 1,525 bills were enacted into laws and 17 resolutions were adopted. This is a total of 350 more new laws than were enacted at the meeting of the general assembly two years ago.

There followed pleasing ceremonies in the presentation of handsome silver service to Speaker Justice as a token from the members of the house, the speech being by Mr. Royster and also presentations of lesser silver service to Door keeper Lisk, a punch ladle to Reading Clerk Arrendall and tokens to other officers of the assembly.

Tonight the legislators are leaving on all trains for their homes, many getting off for home on the afternoon trains.

SOME FINE VESSELS COMING.

Navy Department Notified of a Number of Magnificent Ships Which Will Visit the Exposition—

Washington March 10.—In addition to the great ironclads of the Atlantic fleet, commanded by Admiral Evans, the Naval display at the Jamestown Exposition will include some of the finest vessels of foreign navies. These are mostly of the cruiser class, but as the armored vessels of this type are equal to battleships in size and scarcely less formidable in appearance, they will make an attractive show. The Navy Department has been advised up to date of the coming of the following foreign ships;

Great Britain—the armored cruisers Good Hope, flagship; Hampstead and Roxburgh, under command of rear Admiral Neville.

France—armored cruisers Kleber and Virtor Hugo and another cruiser to take the place of the Jean Bary, recently wrecked off the African coast; commanded by Rear Admiral Thierry.

Japan—the cruiser Tsukuga and Chitose, under command of Vice Admiral Ijuin. These vessels are expected to arrive in Hampton Roads May 8.

Portugal—one cruiser, probably the Don Carlos.

Austria—the armored cruiser Charles VI and another cruiser not yet named.

Italy—one armored cruiser and one protected cruiser, yet to be designated.

Sweden—one warship not yet named.

Brazil—one to three warships not yet named.

Argentina—one to three warships not yet named.

Chili—the cruiser Zenteno. Belgium will send a military delegation and China a military and naval delegation.

Saved Her Son's Life.

The happiest mother in the little town of Ava, Mo., is Mrs. S. Ruppel. She writes: "One year ago my son was down with such serious lung trouble that our physician was unable to help him; when by our druggist's advice I began giving him Dr. King's New Discovery, and I soon noticed improvement. I kept this treatment up for a few weeks when he was perfectly well. He has worked steadily since at carpenter work. Dr. King's New Discovery saved his life." Guaranteed best cough and cold cure by J. D. Morris Druggist. 50c and \$1.00. Trial bottle free.

The Following Letter Explains Itself.

Baltimore, Md., March 11th, 1907.

Dear Mr. Harris;—

As the market is in such a peculiar condition; desirable goods and prices not to be had at every place. I will be here several days longer than we usually stay. As we had planned to go ahead of any of our previous efforts and show the best stock we ever have, I am determined to leave no stone unturned to find the best goods and lowest prices that are obtainable. Am doing, so far, more shopping than in any previous seasons and am sure that not only our customers, but you will be surprised to see the handsome stock that I have selected. We will be compelled to make some little advances on such staple goods as bleached domestics, staple gingham and just a few other things, but the great bulk of our stock will be just as cheap and in many instances better qualities and styles than heretofore. No doubt, you will think my purchases are too large, but I feel so confident that the goods purchased and the prices at which we will be able to sell them, will bring the business our way in much larger volume than ever, that I have not restrained myself along this line. Trusting that every thing is moving along smoothly and that you are having a big trade I am

Yours very truly
A. M. BURNS.
