### LEGAL BATTLE OVER SEIZURE.

The Case Will Undoubtedly be Taken to the Supreme Court of the United States, and a Giant Legal Battle is on Over the Constitutionality of Sec. 6 of the Sherman Law.

Norfolk, Va., Oct. 28—The government today will libel the 8,000,000 cigarettes, valued at \$7,000 seized here a week ago while in transit from the factories of the American Tobacco Company, at Durham, N. C., and Petersburg, Va., to the Anglo-American Tobacco Company, of Great Britain. The cigarettes were seized on the ground that they are trust goods and subject to seizure as such, while in foreign or interstate commerce, under a provision of the Sherman anti-trust law.

A prominent government official who knows as much about the seizure and objects of the government as any other man, said;

"The seizure of the cigarettes is the most important move the government has ever made for the suppression of trusts and their operation in restraint of trade.

"A giant legal battle may be expected to follow, and it is about as certain as anything indefinite can be that the United States supreme court finally will be called upon to decide the issue raised. The government will use all diligence to get the case as soon as possible."

Until now the cigarettes have been in the personal custody of a customs official.

### RATE CASE TO BE SETTLED:

Details Not Known, However. Governor Glenn Returns to Raleigh, and it is Positively Announced on the Authority of a Person Completely Informed in the Matter.

Raleigh Correspondent to Charlotte Observer of Oct. 28.

It can be safely said on the authority of a completely informed person that the passenger rate question in dispute between the State of North Carolina and the Southern Railway since last spring will be settled. The final arrangement may be made by the Legislature, which fixed the rate at 2 1-4 cents. Governor Glenn has no power to change that rate himself. The reports made by the Southern show the average a mile paid by passengers to be 2.41 cents.

It has been known for some days by those on the inside that a settlement was in sight. It is to-night known positively, though details are as yet incomplete

Governor Glenn may make recommendations to the Legislature. This is most probable. He returned here to-day.

Mrs. Ed. Reinhart of Lincoln county, says;

### About Mrs. Joe Person's Remedy

For a good many years I suffered from indigestion of which nothing ever relieved me until two years ago I commenced to use Mrs. Joe Person's Remedy and I cannot say too much in its praise, for I can eat about everything I want, and things I never expected to be able to eat. It has strengthened my system and built up my general health until I can do a great many things I never expected to be able to do.

I find it fine family medicine to keep in the house for complaints the children are subject to.
