REPUBLICAN CONVENTION.

The Republican Convention was held last Saturday, and went off like everything had been greased. The fact is the nominations were all made in a caucus behind closed doors, as usual, then what was called the convention, was held in court house in the afternoon, when the following nominations were ratified without a hitch or jar.

For the Senate, Joe Gooch, of Granville; For the House, W. H. Long; For Sheriff, T. D. Winstead; For Register of Deeds, L. M. Clayton; For Treasurer, O. L. Satterfield; For County Commissioners, J. P. Wade, A. P. Clayton and Davy Long; For Coroner, John R. Hamlin; For Surveyor, R. L. Chappell.

The "Big Four" were very much in evidence during the proceedings of the ratifications, in fact only one delegate outside of this monopoly had the courage to place any one of the "selected" list before the convention, and it seemed for a little while that his man would not be "ratified."

After this was over the Hon. J. Motley Morehead was introduced to the convention and made a few remarks, which were loudly cheered by his audience. Then the event of the day came. It was the speech of the Hon. Thos. Settle.

It is needless to say that Mr. Settle made a good speech for his side, because all who know him, know that he can do that. His speech was full of sarcasm, a great deal of abuse for Joe Daniels of the News and Observer, and of lording Mr. Taft and President Roosevelt to the very skies—the only reason he didn't put them any higher was the fact that he couldn't.

There was a large crowd present, a goodly sprinkle of negroes, but most of them "stood afar off" and were not as of old, but they honored the speaker with their strong lungs when he would give the Democrats a jab.

NEW YORK STATE LEANING TO BRYAN.

Newton Enterprise.

Mr. W. C. Kenyon, who has returned from a visit to New York State, tells us that the Bryan feeling is very strong. The conservative Cleveland Democrats, who opposed Bryan in former campaigns, are for him this year, and the great army of working men who used to vote the Republican ticket because they believed in the full dinner-paie argument will this year vote according to their natural inclinations for the Democratic candidates, as they have seen from the present panic which is much worse in the North than in the South, that prosperity is in no way dependent on Republicans administrations and high tariffs. Republicans admit the State is in doubt, and in addition to the defection of the labor vote there is trouble over the nomination of Hughes for Governor. If he is re-nominated the sporting men will vote for Bryan; if he is not re-nominated the reform people will vote for Bryan.

Dance is Discharged.

Willie Dance, colored, who shot and killed Chesley Stuart of the "Cuba" section S. of Dan on the 6th, on public road near the State line, (after being seriously shot by Stuart) was given a hearing before Justice of the Peace, Wm. E. Blane on Wednesday of this week at Christie Depot, and the warrant against Dance was dismissed, as all the evidence showed that Stuart (who has figured in a number of cases of fighting and disorderly conduct heretofore) was the aggressor, and that Dance acted in self-defense.—The Boston Gazette.

I have connected myself with the Pioneer Warehouse, Roxboro, N. C. for this season, where I would be pleased to see you at any time with a load of tobacco. Promising at all times my every effort in your behalf, and highest market price guaranteed. Thanking you for the liberal patronage in the past and hoping to merit a continuation of the same,

'GRACE.'

Then he kissed me on the face
And said, "You love me, don't you Grace?"
Of course I loved him—and told him so,
"Then let's get married," he whispered low.
"Oh, no," said I, "You first make good
And build that house you said you would.
You promised me you'd build a place
And surely make the plans embrace
A CORTRIGHT Metal Shingle roof
The only kind that's weather proof.
