ROUTE ON HIGHWAY.

Reliability Run Between Atlanta and New York Next Year Will Be Along Piedmont Air Line.

Atlanta, Ga., July 24.—The officials of the New York to Atlanta automobile highway completed their deliberations here tonight and announced the selection of the route which will be followed in the good roads and reliability run between the two cities next October.

The New York Herald's experts decided to adopt the road leading from New York across Staten Island, to Perth Amboy, to Philadelphia, to Gettysburg across the historic battlefield down through the beautiful Shenandoah valley, through Lexington and Natural Bridge to Roanoke.

At Roanoke, Va., the Atlanta Journal's scouts took up the choice of roads and selected from Roanoke to Geensboro or Winston-Salem, to Salisbury, to Charlotte, to Spartanburg, to Greenville and on to the Atlanta.

The route was chosen after the scout cars of The Journal and The Herald had covered over 4,000 miles of road and is the best one available. The scouts say that both the capital to capital and the Bristol routes will be built, but in their judgment at present there are too many ferries and too few bridges to justify the selection.

The route selected is about 1,135 miles long and before the big contest begins next October, a sign board will be erected at every cross road to guide the drivers in the race.

Only one Odorless Refrigerator left at Harris & Burns. You can buy it at a bargain.

HORSE AND AUTO COLLIDE.

Big Machine, Carrying No Lights, Dashes Into Horse and Buggy in Dead of Night.

Durham, July 25.—Frank Carver, the 13-year-old son of Mr. H. L. Carver, of Rougemont, was painfully hurt this morning shortly after midnight by an automobile which collided with the horse.

The young fellow was driving home with his uncle and had gotten about two miles from Durham when the big machine ran under the horse and upset the vehicle completely. Both occupants were dashed to the ground and young Carver was knocked unconscious. He remained in that state several minutes and was taken to the hospital, where Dr. Joe Graham dressed his wounds.

The persons in the buggy say the machine had no lights and that they could not see its approach. The horse had been struck before they knew what was wrong. The animal escaped with remarkably few marks and the salvation from death was a remarkable thing. Mr. Moore, of Chatham county, was but slightly hurt and was able to come down street to-day but the young fellow remained at the hospital. His father, Mr. H. L. Carver, the large merchant of Rougemont was sent for immediately after the accident.

A book on Rheumatism, by Dr. Shoop, of Racine, Wis. tells some plain truths, and in a plain and practical way. Get this booklet, and a free trial treatment of Dr. Shoop's Rheumatic Remedy for some disheartened sufferer in your vicinity. Make a grateful and appreciative friend of some one who is discouraged because of the failures of others to help him. Help me to make this test, and I'll certainly help your suffering friend.

LOCH LILY MILLS RUNNING.

These Mills Have Been Thoroughly Overhauled and are in Fine Condition.

After several months of idleness, which was occasioned by the necessity of making repairs and placing new machinery as well as thoroughly overhauling the plant, these mills last week started up and are now running night and day grinding wheat and corn.

It was our pleasure last week to visit these mills and see just what was being done. Some months ago Mr. J. A. Long purchased from the estate of the late Col. C. S. Winstead the other half interest in this plant, he already owned a half interest, and then he went over the property to see just what was needed to put the plant in thorough working order, and like he always does things, proceeded to equip it with best machinery possible, in order that it might do just as good work as any mill anywhere, this has been done, and the mill is now ready to serve the public with promptness and dispatch.

In order that the public could be accommodated with as little delay as possible, an electric light plant has been installed and it is now as easy to grind your corn and wheat at night as in day time. We venture to say that no mill is better prepared to turn out good and wholesome flour or corn meal anywhere than this one.

While of course Mr. Long has gone to the trouble and expense of equipping this plant in all that is necessary to do good work, as an investment, yet his doing this is a great convenience to our people, and he should, and we doubt not, will receive their patronage and co-operation in this enterprise.

These improvements were specially supervised by Mr. Long himself and his son, J. A. Long, Jr., and Mr. G. M. Crowder. These Gentlemen say that when you want your good biscuit bread, or corn bread that will not bring on a case of "Pellagra" use the Loch Lily product.

You will also find an up-to-date saw mill in fine working order, this too has been thoroughly overhauled and can cut up a log as quick as any mill can, and cut it in the right shape too.

Some day when you have nothing special to do take a day off, visit Loch Lily, catch a few fish, have a fish fry and go down and inspect this plant. If you will take our advice on this we guarantee that you will have a day that you will not regret.

LOCH LILY AS A RESORT.

There is no more pleasant place to spend an outing than Loch Lily. This has been the greatest season in its history, there has hardly been a day that there was not a party there in camp, and every one goes away delighted with the place—now could they help but be when there is fishing, bathing, and in fact everything to make the time pass pleasantly, and no flies or

mosquitoes to mar the pleasure.

There is already talk of a hotel to accommodate visitors, and we have no doubt in the near future there will be a good hotel there, which will add to the popularity of this resort. Why should you go way off for the summer when such a delightful place is right at your door, and besides there no danger of accidents, as the beach is perfectly safe.

We are glad to learn that arrangements are made with the management of our new hotel, which is now in course of erection, by which parties who do not care to camp at the Lake can spend the nights here, going out to the Lake in the morning and returning in the evening. Come to Loch Lily for your summer outing, you will not regret it.

Come to us for your turnip seed, we have just received a fresh supply.

Hambrick & Austin.

To the Farmers of Person and Adjoining Counties.

Dear Sir:—

This is to inform my old friends and patrons that I am still connected with the Old Flag Warehouse, having as my associates, Messrs. John D. Boyd and R. H. (Bob) Edmondson, under the firm name of Boyd, Cunningham & Co. The old "Flag" is to well known to the planters of Halifax and North Carolina, to require any explanations as to its location, and equipment, which have always been acknowledged as the best. You will find me at my old post of duty, and desiring to thank one and all for the liberal patronage extended me heretofore, I respectfully solicit the same for the future, promising, with increased facilities, to get the very highest market price for every pound sold upon the floor of the Flag.

Come and see me, it will afford me pleasure to serve you in any way I can.

Yours truly, &c.,
WM. M. CUNNINGHAM.

A Feast of Bargains

that will please the palate of the bargain seeker. We have begun to clean out summer goods and are putting prices on them that mean move out and move quick.

On the bargain tables now are stocks of fancy lawns the larger part of them new, bought this season and the most desirable kinds.
