

**CLERGY AND DOCTORS FOR TUBERCULOSIS SUNDAY.**

Rev. Dr. Aked and Dr. Flick endorse movement for April 24th.

Rev. Charles F. Aked, D. D., pastor of the Fifth Avenue Baptist Church of New York City, and Dr. Lawrence F. Flick, the famous Philadelphia specialist and chief organizer of the last international Congress on Tuberculosis, both issued statements to the Newspapers to-day endorsing in most emphatic language the movement for a National Tuberculosis Sunday on April 24th.

Dr. Aked says: "I am profoundly thankful to know that the National Association for the Study and Prevention of Tuberculosis is planning on a great scale a 'National Tuberculosis Sunday.' I shall be glad to cooperate to the limit of my ability and opportunity. In the old days a doctor's diagnosis, 'Consumption,' was regarded as a sentence, of death, and the prevalence of tuberculosis was thought of, some mysterious 'visitation of God.' Today we know that tuberculosis is curable, and, what promises even more for the human race, that it is preventable. Preventable diseases ought to be prevented. And the Church of the Living God, with the memory of Him whom it is recorded that 'He

went about doing good,' and that 'He healed many that were sick of divers diseases,' should be in the van of those who love their fellows, seeking to prevent preventable ills. The world is cursed by ignorance and darkness. It is to be blessed by knowledge and light. Tuberculosis is born of ignorance; it flourishes in the darkness. And if the light of the knowledge of the glory of God shines from the face of Jesus Christ into the Church, it must stream again from the Church into dark homes and into dark lives and the dark places of the city where physical and moral evils abound. Social problems are spiritual at heart. We worship God by serving man. And I wish you every success in your effort to enlist the enthusiastic consecrated service of the Christian Church."

Dr. Flick, after expressing his keen interest in the movement, and his desire to be of all possible assistance, says: "No body of men has better vantage ground for good work in the crusade against tuberculosis than clergymen. They are in close touch with the people who need education and what they say will be accepted as from authority. Such a cause as the stamping out of a plague must appeal to them as it exemplifies the quintessence of religion. Every clergyman in the land should become a teacher of the doctrine of

health and preventing medicine. He should, moreover, as a leader of men become a living active force in the world movement for stamping out consumption."

Reports thus far received at the National headquarters in New York indicate that on April 24th more people will hear the gospel of health and right living than have ever before received such a message.

Riedsville, March 29.—Members of the Rockingham county bar have notified Governor Kitchin that C. O. McMichael, of this county, would be endorsed for appointment to succeed Judge Erastus B. Jones of Winston, who it is generally agreed has resigned to enter the contest for the congressional nomination.
