

Comet Won't Harm Us.

Chicago May 15.—Astronomers of Chicago and vicinity, who have lost much sleep studying Halley's comet since its appearance this year, do not expect that its influence will in any way be made manifest on this earth. It is composed of gases too light, and is too far away to make its presence felt.

"There can be but little doubt that the fall of the celestial visitor, being some five million miles wide will sweep over the earth, but we will not feel it," said Dr. D. J. McLaughlin, astronomer at Depue University today.

It is a common fact that the young of the forest slay us, and we are not to be surprised if the forest should slay us.

The forest is a great enemy of the human race. It is a great enemy of the human race. It is a great enemy of the human race.

The forest is a great enemy of the human race. It is a great enemy of the human race. It is a great enemy of the human race.

There is plenty of money for the dollar appropriations for luxuries and things not necessary, but for the necessary things of the mail to the people who live in the rural districts the Administration has contracted a special economy. "Millions for the Philippines, the navy, the navy, the navy, but not sufficient for the rural delivery routes! That is to be the unwise policy of the Administration. But it was adopted until Indiana and Ohio other doubtful Northern States were honeycombed with their routes.—News & Observer.

Atlanta Visited By A Destructive Hailstorm.
Atlanta, May 12.—Several thousand dollars damage was done in Atlanta this afternoon by one of the worst hail and rain storms in its history. The maximum wind velocity was 60 miles an hour, a rainfall of one-half inch was recorded within 30 minutes, and the ground was almost covered with hailstones. Trees were uprooted and many windowpanes broken. The Phoenix planing mill plant was damaged to the extent of \$1,000.

Farmer's Warehouse.
SOUTH BOSTON, VA.
To My Friends and Patrons.
I wish to inform you that I have accepted a position with the Farmers Warehouse, Hodges & Dejanette, Proprietors for the coming season.
I feel that the house nor proprietors need any introduction, as it has been one of the leading houses for a number of years.
The house is being enlarged and when completed will have one of the largest sale floors in South Boston.
I feel that in making this change that I am in a better position than ever to protect your interest.
I shall in the future as in the past give my personal attention to all tobacco entrusted in my care.
Thanking you for your liberal patronage while at the Big Four and hoping to share a liberal portion in the future, I am,
Yours to serve,
T. J. Gentry.

CORTRIGHT METAL SHINGLES

ARE FIRE PROOF
THEY will not burn. Will not split or curl like wood shingles. Will not crack and roll off the slate. Will not slip at the seams like plain tin. Neither will they rattle during high wind storms. They never need repairs and last as long as the building. And last of all, they make the handsomest roof and are not expensive.
