No. 42

LOCAL SELF-GOVERNMENT.

The so-called "Local Self-government" plank in the Republican platform reads as follows:

"We reaffirm our allegiance to the time-honored principle of local self-government, and we denounce the successive betrayals of that principle by our opponents, who long vaunted themselves its champions."

The plank contains no statement of any conditions in North Carolina which deny the right, and it does not outline any remedy.

It was so written that it might receive one construction in one part of the State and another and different construction elsewhere and was manifestly intended to deceive, and to catch the unwary voter.

It is such a plank as one would naturally expect, when it is known that it originated with Butler,

Settle, one of the leading Republicans of the West, says it means Local Option, so does Harshaw; while Mr. Hamrick, another Republican of prominence, says it does not.

Ruff Henderson, Republican candidate for Auditor in 1900, says it is a "straddle."

Prior to the Republican convention, Mr. Morehead wrote a letter to Col. V. S. Lusk foreshadowing a plank similar to the above, which called forth a vigorous reply from Colonel Lusk, who said that it "raises a suspicion in the mind that something is hidden in the shadow of the expression—to serve as a coup d'état to be sprung on a favorable opportunity."

He says: "And while on this subject, I will add that it is also currently reported here, upon the same authority, that you have formed an alliance with ex-Senator Marion Butler of Washington, D. C., with the avowed intention of defeating prohibition in this State. Is this report true or untrue?"

(This question which Colonel Lusk asked remains unanswered.)

You Need Less of Devotee.

Have you found this out? You need less of Devotee lead-and-zinc for a job than of anything else: less gallons; less money.

Putting it on costs two or three times as much as the paint. Have you found this out? You can paint Devotee in less time; less time; less money.

Have you found this out? Devotee wears longer than anything else.

Sheriff of Person Co.

Some of the Republicans said after the speech at Helena that they hoped we would get Gov. Kitchin to come back and make just one more speech in this County, but since they have seen his announcement that he is coming, they seem to think they were joking when they made that bluff. Well, he is coming here on the 7th of Nov. and he will be greeted by almost everybody in the County, and they will hear one of the best speeches they have heard in some time, too. You are coming.

Chinese Sacred Lillies at Roxboro Drug Co.

Mr. L. M. Carlton has moved his law office from Depot street to Main street in the brick building up stairs over the Roxboro Vehicle & Casket Company. These offices have recently been fixed up and are among the most desirable and convenient in town.

Col. John Hamlin says we were in error about that deer chase last week. We said that the chase was for about 3 miles, and as a matter of fact it was no chase at all, the dogs just pounced right on the deer before he was aware of their presence. In looking over our notes we find that the error was ours. The deer was caught within two or three miles of Olive Hill, but no where do we find that the Col. said it was a three mile chase. We make this correction in justice to Mr. Hamlin.

Up the country home made shoes now on sale at same old prices. Get yours while the numbers are all here. you know you can not farm without a pair of these famous hand-made shoes.

H. W. Foushee.

The Singing Class from the Oxford Orphan Asylum was here last Friday night and gave one of their excellent entertainments at the Auditorium to a large and appreciative audience. These little folks always get a good crowd when they come to Roxboro, but this year they had the largest audience that they ever had here. This is due to the untiring efforts of Mr. C. H. Hunter and others members of the Masonic Fraternity at this place. They received a check for One Hundred dollars for their entertainment last Friday night. We congratulate them on their success, as we are sure that no money is more wisely expended than that which goes into our Orphanage Homes.

One Half Million Pounds.

Five Hundred thousand pounds is a lot of tobacco, but that is what was sold on this market the past week. Our warehouses had big sales every day last week, and the prices were very satisfactory, some grades being very much above the prices the past few seasons. Mr. W. T. Pass, of the Hyco, informed us that as a whole the sales had been the most satisfactory he had ever known, that with all of the quantity which was sold on his floor the past week, less than half a dozen piles were in. This seems phenomenal, but it is a fact, and the other warehouses doubtless all had similar experiences.

The Board of Trade Elects Officers.

The Roxboro Tobacco Board of Trade has organized for the coming tobacco season. At a meeting held this week the following officers were elected for 1910-11: W. L. Lewis, President; J. B. Harvie, Vice, President; W. T. Pass, Sec. and Treasurer.

Committees were appointed as Executive, Sales and Arbitration. At this first meeting a resolution was passed imposing a fine of \$50 on any warehouseman who drummed a farmer on the road. They are not allowed to say anything until the team starts in the warehouse.

The Board starts off under very favorable circumstances this year, and the members are determined to do everything possible to bring tobacco to Roxboro.

Research Club.

An interesting meeting of the Research Club was held October 12th at the home of Mrs. J. S. Bradsher. The first paper, read by Mrs. E. P. Dunlap, was a clear, concise and forcefully stated "Introduction to American Literature."

Mrs. J. A. Long then told us in choice words and well selected incidents many things which we did not know about "The Early Colonial Writers."

Finally every member of the Club was highly entertained by a most interesting and well written paper on "Early American Fireside and Home Life," by Mrs. W. A. Bradsher.

Refreshments were then served in two courses.

Esquire A. J. Hester, truly one of the best men in the County, or any other County, was a Roxboro visitor last Saturday. He does not get to town very often and his pleasant words are much appreciated by this office, for he has always been a true and warm friend of The Courier. We were glad to see him looking so well.

For Rent.

I have two nice rooms over the Person Dry Goods Store for rent. They are suitable for bed rooms or office. Apply to.

Mrs. Pallie Yancey Pass.

We had a pleasant call last Monday from Mr. Henry Bermann, of South Boston, Va., Mr. Bermann is a member of the firm of Berman & Lipshitz, of Roxboro, and was over looking after business matters.

You will want one of our Kloss-fit petticoats when you see them. They come in black only, price \$1.00, \$1.50 and \$2.25 at the Person Dry Goods Co.

Mrs. John S. Woody last week purchased the home place of Mr. J. M. O'Brian on Jail Street, and has moved into same.

Misses Lula Noell and Mollie N. Speed, of Durham, spent last Saturday and Sunday in with town the home folks of Miss Lula.

Mr. J. A. Long and wife and Mr. M. R. Long left last Monday in Mr. Mat. Long's automobile for Raleigh, where they will take in the great State Fair this week. Mr. Mat. Long is one of the Marshes.

Lost two Steers.

D. M. Andrews.

A Card of Thanks.

We wish to express our sincere appreciation to our neighbors and friends for their kindness to us during the illness of our husband and father, George W. Whitfield. Their acts of kindness and sympathy made us realize more fully that we were among friends who were true and noble as earth could afford.

May heaven's richest blessings rest upon them all.

Mrs. G. W. Whitfield and family.

Mr. O. D. Bailey, one of the best known men in the County has accepted a position with the Winstead Warehouse and cordially invites his friends to remember him when they start to town with a load of tobacco. With a warehouse building surpassed by none, with men who thoroughly understand the business as managers, with an auctioneer second to none in the country, and with a force fully alive to your every interest, they promise the best prices and the best accommodation.

To the Farmers.

I wish to say to the farmers of this and adjoining Counties that while it has not been my pleasure to know you, still it has been my experience to sell tobacco for some of the largest and best warehouses in the country, and if you will kindly try me with a load of your tobacco I am sure that I will please you. I have been in the business for years and always make your interest my interest and will see that the very highest bid is on before a single pile of tobacco is knocked off.

I am with the Winstead Warehouse, where the lights for showing tobacco to better advantage could not be improved, and I know you will make no mistake if you remember the Winstead when you come to Roxboro, and you will make no mistake if you bring your tobacco to this market.

Yours truly,
CHAS. O. WATTS.
