ROXBORO, NORTH CAROLINA, Wednesday Evening, Jan. 11 1911.

No 2

THE RESEARCH CLUB ENTERTAINS

The Research Club, the youngest of the women's clubs of the town, gave a reception on last Friday evening to the husbands of the members, and a few invited guests at the home of Mrs. J. A. Long.

The entertainment consisted of music, reading and recitations, and it would be unjust to each were we to try to tell of the marvelous manner in which each one acquitted themselves, for as one followed the other we thought the last was the best. But we will say that really and truly each did themselves proud.

The President, Mrs. E. C. Dunlap, welcomed the visitors in a short well chosen address of welcome, which was followed by music, and readings and recitations, closing by, what we believe we will be pardoned for saying, was the best of all, an original poem by Mrs. J. A. Long. It seemed that the muse was especially kind to her in preparing this poem for in beautifully sweet sentiment, though with an inkling of sarcasm occasionally, she told of the charms of "our husbands", and then paying her respects to the lawyers, the bankers, yes, and The Courier, she ended amidst the outburst of applause coming from every one present.

After the intellectual man had been treated to such a feast as we rarely enjoy we were asked into the dining room and filled the inner man with dainties no less refreshing.

Note you, that this was indeed and in truth an entertainment by the ladies for the benefit of the men, and no man had a word to say during the entire program—save what he said on the side.

The encores were many, though there was no response. In fact one of the husbands was mean enough to say that we must give each and every one a round sounding encore, for he had had his instructions before leaving home. But of course, we know he was simply trying to even up because he had not had a chance to get off his little toast which he had prepared.

The evening was thoroughly enjoyed by the husbands and at an informal meeting held by said husbands they decided to return

in kind to "our wives" and see if they could, in a measure repay them for the pleasure of such an evening. Yes, just as soon as the men organize a club and build that club house on that beautiful site on the corner of Main and Depot Streets, they are going to entertain the Research Club.

Davis Elkins Senator.

Washington, D. C., Jan. 9.—Davis Elkins was sworn in today as a Senator from the State of West Virginia. When he took his seat he was the third generation of his family to represent his State in the upper branch of Congress, being the eldest son of the late Senator Stephen B. Elkins, and the grandson on his mother's side of former Senator Henry G. Davis. Incidentally he is the "baby" of the Senate, being just 35 years old, men younger being ineligible to assume the Senatorial togs.

Neither Reached the Pole.

Toledo, O., Jan. 9.—Royal Station, of New York, a student in the Western Theological Seminary of Hudson, near here, has received a letter from the Article Circle written by "Mene" the Eskimo, who was with Peary on two dashes to the North Pole, declaring neither Peary nor Cook reached the pole, but that Cook went as far as anybody. He declares Cook is loved by all and Peary hated for his cruelty.

A Sad Death.

The members of the General Assembly and the community were shocked on Sunday to learn of the death of Representative Stuart, of Montgomery county. He became ill on Saturday and was carried to Rex Hospital on Saturday afternoon for treatment. His condition was more critical than was supposed.

Mr. Stuart was a brave Confederate soldier, having lost a leg in the service of his country. He was a patriotic and useful citizen, faithful to every trust, true in every relation of life, and greatly beloved by all those who knew him.—News and Observer.

Wanted.

Eight or ten farms of from 50 to 75 acres, partly improved. If you have such for sale, see Roxboro Real Estate & Trust Co.

FROM ROUTE 5.

Prof. E. R. Noell and wife, of Helena, attended service at Antioch on last Sunday, and Mr. Noell led the singing which was well done and the Antioch Singing Class is proud of Mr. Noell as a fine singer.

Mr. J. W. Chambers, has returned to his old Route, No. 5. We had no objection to Mr. S. H. Jones, who is a good man and mail carrier, but it seems very natural to see Mr. Chambers back on his route again.

The Cameron Farmer Union meets now at Helena instead of the Grove school house. The Union was in session on last Saturday and Bro. T. A. Noell, our very efficient President initiated several new members and more will come in soon.

Mr. Eddie Mooney of Oklahoma and Miss Eva James, daughter of Mr. John James were united in marriage on last Wednesday night the 4th. They will reside in Oklahoma.

I will give your readers my sermon outline drawn from the following Text which we would all do well to live by. "Thou art weighed in the balance and found wanting."—Daniel 5: 27.

I. God weighs us in His balance.
1. Of affliction.
2. Of trouble and sorrow.
3. By the loss of all things.
4. By His law book the Bible.

II. The weighing time.
1. In life.
2. At death.
3. At the judgement.
III. Pride was ruinous to Belshazzar, and it is no friend to God's cause.

1. Pride resists the Gospel.
2. Pride makes classes in society.
3. Pride causes bitterness.
4. Pride will blaspheme.
5. Pride would dethrone God.

IV. Jesus in weighing men find some to be wanting.

1. In humility.
2. In obedience.
3. In charity.
4. In faith.
5. In courage.
6. In self respect.
7. In respect for others.
8. In appreciation.
9. In fear of God.

It was indeed sad news to us all to hear of the death of little Miss Nannie Lunsford daughter of Mr. and Mrs. Thomas Lunsford which occurred on last Thursday night, which was the result of an awful burn. Nannie and her little brother Thomas were in the house, while the other members of the family were out in the stripping room and her clothes ignited by some cause, and before they could get to her rescue and extinguish the blaze her clothes had all burned off except what was around her shoulders. Nannie was about five years old and was a sprightly little girl. She was buried at her grandfather Lunsford's near Surl on last Saturday.

Rev. E. Y. Usry filled his regular appointment at Antioch on last Saturday and Sunday and preached two good sermons.

R. H. JONES.

Thanks.

I wish to thank all for the patronage given me, and hope they have been pleased with their dealings, and I especially want to thank those who I have furnished rations for coming in and paying up. Please call and settle at once, as I need the money in my business. Unless you do this I will have to place the accounts in the hands of an attorney.

Yours truly,
W. J. WINSTEAD.

Store in Spring Hope Dynamited.

Nashville, Jan. 9.—Some unknown person or persons placed dynamite under the brick store of N. B. Finch, at Spring Hope early Sunday morning. The explosion aroused most of the people of the town. The rear wall of the store was blown up and windows in the building of W. W. Richardson & Co., near by, were shaken out. A cat in the Finch store was killed. Nothing was taken from the store.

There is no clue to the identity of the criminals, and no motive has been assigned other than that some one wished to do Mr. Finch damage. The crime has been discussed freely in the county today.

Big Compromise Money.

Washington, Jan. 7.—Collector Loeb, of New York, it is said, is holding four hundred thousand dollars offered to the Government by New York importers for compromises of civil liabilities in the so-called "Undervaluations Case." Secretary McVeagh and the Department Justice have not decided whether the money will be accepted.

To Save Each State.

Washington, Jan. 6.—The Congressional re-apportionment, under the new census figures, of increasing the membership of the House to 433 was the plan tentatively favored by the House Census Committee today. This figure would protect each State from diminished numerical representation.

"Yellow Fever" Volunteer Gets Rich Reward.

Washington, Jan. 6.—John R. Kissinger, the Indiana volunteer soldier who allowed himself to be bitten by yellow fever mosquitoes during the first American occupation of Cuba, to demonstrate the theory of mosquito infection, was granted an annuity of \$72 a month today by the House of Representatives.

Starvation Threatens Three Thousand Babies.

Chicago, Jan. 6.—Five thousand "strike babies" are threatened with starvation. The milk fund for supplying nourishment to babies of the striking garment workers will be exhausted tomorrow and means must be had immediately to continue the supply.

Newspapers Now To Go By Airship Route.

Los Angeles, Jan. 7.—Delivery of newspapers by aeroplane is scheduled for tomorrow when Didier Masson will fly from this city to San Bernardino, sixty miles, carrying an edition of a local paper.

W. E. ASHLEY

I have bought out the grocery business of Mr. H. J. Rogers and will conduct a grocery business in the same stand, and will be glad to have my friends give me a portion of their business.

I shall at all times carry a full line of fresh groceries, and with right prices and good goods hope to merit a portion of your trade.

W. E. ASHLEY.

Raleigh News and Observer.

You cannot lose the circuit rider if he hasn't the money to buy a horse, he walks. If he comes to a river that has no bidge he swims. Nothing stops him. In Georgia, so the Constitution says, a circuit rider goes to his appointments and to see his members in an automobile. The next thing you hear there will be a circuit rider with a flying machine carrying his converts straight to heaven before they fall from grace.

For Rent.

A tract of land containing 18 acres, adjoining Weldon Clayton and others, for rent to the highest bidder, on 1st Monday in February, 1911.

D. W. Bradsher,
Receiver.

To You—if You Owe Us

It's Time to Pay Up--High Time.

Our books are a mute evidence to us that many of you haven't done this and that you have begun the New Year in debt. Every account made in 1910 was due on or before Jan. 1st unless you had an explicit understanding that it was to stand longer. Now may we urge each of you to settle at once. Your account with us may be small, but if you will consider that a great number of small sums taken together make a large one you will understand why we urge you to pay a small account just as much as a large one. If you received a statement from us this week it means that you owe us the amount indicated thereon and that we want you to pay it. They are not sent as an insult nor intended in anyway to wound your feelings, but as a matter of business which can't be overlooked. We hope to have an early response from every one of you.
