**Republicans For Lor**

Dismayed at the reverses sus-  
tained in the last election, dis-  
couraged over the outlook for  
the future, and realizing that  
they can take no stand against  
the progressive Democratic leg-  
islation that will be backed up  
by popular sentiment the repub-  
lican minority in the House of  
Representatives presents a sorry  
spectacle.

Minority Leader Mann seems  
to be following no set policy, ex-  
cept one of general obstruction  
to anything the Democrats may  
suggest.

Differing radically on the is-  
sues the Republican are not even  
harmonious on Mr. Mann's pol-  
icy of obstruction. Progressive  
Republicans like William Kent of  
California declare they were not  
elected to waste time in blocking  
legislation or in badgering any  
other party. He was elected to  
serve the public interest and he  
intends to do this. Several other  
progressives hold the same view,  
which make Mr. Mann's position  
all the more trying.

The majority of the Republicans  
however do nothing but grumble  
and oppose apparently incapable  
of understanding that the public  
cannot be deceived by unintelli-  
gent partisan action which has  
no higher purpose than that of  
public deception in the interest  
of a political organization already  
in public disfavor.—Ex.

**Inconsistent Action**

Most of the Republican mem-  
bers of the House of Representa-  
tives who voted against recipro-  
city sought to defend their  
votes by declaring the measure  
was against the best interests of  
the farmers and that as they  
prided themselves upon being  
friends of the farmers at every  
turn in the road they could not  
bring themselves to vote for the  
reciprocity bill.

Then the farmers free list bill  
which untaxed agricultural im-  
plements and nearly everything  
the farmer uses. Here was a  
golden opportunity for the friend  
of the farmers!

But lo and behold when it  
came time to vote 109 Republi-  
cans who had been so loud in  
proclaiming their affection for  
the farmers, voted against the  
farmers free list bill.—Charlotte  
News.

**Saved Child From Death**

"After our child had suffered  
from severe bronchial trouble for  
a year," wrote G. T. Richardson's  
Mills, Ala., "we feared it had con-  
sumption. It had a bad cough all  
the time. We tried many reme-  
dies without avail, and doctors  
remedies without avail, and doctor's  
medicine seemed as useless. Finally  
we tried Dr. King's New  
Discovery, and are pleased to say  
that one bottle effected a complete  
cure, and our child is again strong  
and healthy." For coughs, colds,  
hoarseness, lagrippe, asthma, croup  
and sore lungs, its the infallible  
remedy that's made. Price 50  
cents and \$1.00. Trial bottle free.

**Talk Your Town.**

Did you ever stop to think that  
towns are competitors just as  
merchants are? So strong has  
competition between towns be-  
come that it is necessary for the  
towns which expect to grow, to  
advertise and "blow their wares"  
just as merchants and other  
business men do. The citizens of a  
town can advertise the town by  
"talking it up." Don't knock your  
town any more than you would  
knock your store if you were a  
merchant. After all, the town is  
only a large corporation and the  
citizens are the stockholders. Do  
you want a good dividend? If you  
do, talk you town.—Stanly En-

**Signs Of The Times**

A remarkable vote for the  
United States senate was record-  
ed when the resolution to bring  
about the direct election of sen-  
ators was made the unfinished  
business and there by given pre-  
cedence over all other measures.  
Sixty-five senators voted on the  
side of the general proposition to  
five against Every Democrat and  
every progressive republican  
present voted in the affirmative.  
This does not mean that the fight  
over direct elections has been  
won outright. But it does  
mean that the great majority of  
the tory senators have learned  
that they cannot persistently re-  
sist public sentiment and hope  
to retain their seats. No one be-  
lieves that the great majority of  
tory senators who voted with the  
progressives want to vote  
as they did. They were prompt-  
ed solely by a realization that  
the public demands a change  
in the method of electing sen-  
ators and that further defiance of  
the public would but hasten ef-  
fective public resentment.—Ex.

**Do Ghosts Haunt Swamps?**

No, Never. It's foolish to fear a  
fancied evil when there are real  
and deadly perils to guard against  
in swamps and marshes, bayous  
and lowlands. These are the ma-  
laria germs that cause ague, chills  
and fever, weakness, aches in the  
bones and muscles and may induce  
deadly typhoid. But Electric Bit-  
ters destroys and casts out these  
vicious germs from the blood.  
"Three bottles drove all the ma-  
laria from my system," wrote Win-  
Fretwell of Lucama, N. C., "and  
I've had fine health ever since."

**David Graham Philips on Dust.**

"Obviously, the only sane way  
to live is to live so that one keeps  
himself in good health. The day  
has almost arrived when the  
medical profession will cease to  
occupy itself almost exclusively  
with the business of curing  
disease, and will devote itself in  
the main to educating itself and  
then the public in the science of  
health. When that day comes,  
when medicine has ceased to be  
the science of disease and has be-  
come the science of health, it will  
be more useful, if less well paid.  
Let us cite one instance of the  
many glaring evidences of the  
apathy—to put it mildly—of the  
medical profession in the matter  
of health. Today in every large  
city, and in most of the small cities  
the chief source of the disease is  
the dust—germ-laden dust, the  
ruins the membranes of the  
eyes, ears, nose, throat, digestive  
tracts grows with appalling rapid-  
ity. Any one who has a rudi-  
mentary knowledge of the  
sciences that group around or-  
ganic chemistry knows what just  
is doing to human health through-  
out civilization. Yet what do we  
hear from the fashionable doctors  
on this subject? In every county  
doctors are organized. Every-  
where they wield a vast power  
over the minds of the people in  
matters of health and disease. But  
they do not appear to be able to  
abate or to end the frightful plague  
of dust. In New York city, in the  
past 10 years, the sales of reme-  
dies for diseases directly traceable  
to the increased dust of the  
streets have more than quadrupled."

Palmer, Little Rock, Ark., had  
the measles. The result was a  
severe cough which grew worse  
and he could not sleep. She says:  
"One bottle of Foley's Honey and  
Tar Compound completely cured  
him and he has never been bother-  
ed since." Croup, whooping  
cough, measles cough all yield

**Warning To Railroad Men.**

E. S. Bacon, 11 Bast St., Bath,  
Me., sends out this warning to  
railroads: "A conductor on the  
railroad, my work caused a chronic  
inflammation of the kidneys,  
and I was miserable and all played  
out. A friend advised Foley  
Kidney Pills and from the day I  
commenced taking them, I began  
to regain my strength. The inflam-  
mation cleared and I am far better  
than I have been for twenty years.  
The weakness and dizzy spell are

commend Foley Kidney Pills."

Mrs. Mary Annals Nash of Lumberton,

indigestion, nervousness, and I  
could not eat natural food. I had  
tried all the doctors and all the  
medicines, but I had not found relief
