No. 28

SIGN TREATY IN NEXT TEN DAYS

Only One Point Remains to Be Settled Now.

Washington, July 10.—Within a week or ten days at the latest, the signatures of the secretary of state, Philander C. Knox, and the British ambassador, James Bryce, will be placed on the treaty between the United States and Great Britain which will provide for the arbitration of all questions arising between the two countries, including even matters of vital importance and national honor.

The signing of the treaty will bring to an end the notable negotiations begun at the instance of President Taft and Ambassador Bryce early this year and will make what many believe to be the greatest step toward international peace ever taken.

The convention has been ready to writing and sent to the government printer to put in type so that proofs can be drawn. The changes remain to be made mainly in the phraseology, which the greatest attention is being given with the purpose of avoiding any ambiguity or possibility of misconception when the treaty comes to be signed by actual recourse to its decision when an issue arises between the two countries. It is to be a model from which general arbitration treaties between the United States and other nations will be drawn.

Wants Gov't Owned Steamship Line Established.

Washington, July 8.—A bill appropriating \$6,000,000 for the establishment of a government owned and operated steamship line along the Pacific coast and through the Panama canal, was introduced today by Representative Stephens, of California.

The bill directs that until the canal is completed, the Panama Railroad Co. shall operate a freight and passenger line on the Pacific coast in connection with an Atlantic line and that regular stops be made at Seattle, Tacoma, Portland, San Francisco, Los Angeles and San Diego and other ports and that upon completion of the canal the company shall operate steamers through the canal making regular stops at Seattle, Tacoma and Atlantic

DR. CARLYLE DEAD.

Twenty-Three Years Connected With Wake Forest College, the Institution Suffers District Loss.

Raleigh, July 10.—Dr. John B. Carlyle, one of the best known college professors of this state, died about 2.30 o'clock this morning at his home in Wake Forest after an illness of some months. He was for 23 years professor of Latin at Wake Forest college and for several years was president of the state Baptist convention. Surviving are a widow, formerly Miss Dunn, of Tennessee, and two sons, Irving, aged 15, and Jack, aged 11. Dr. Carlyle was one of the moving spirits of Wake Forest college, an institution that he loved dearly. He was active until a collapse came last spring and he was taken to Black Mountain but it was too late for the mountain air to throw off the grip of the deadly disease, which had fastened itself upon him. Dr. Carlyle was one of the chief movers in raising an endowment of over \$100,000 for Wake Forest, besides more than \$10,000 for the Alumni building and \$9,000 for another.

One of the States Leading Citizens.

Besides being prominent in college work he was a great Sunday school worker, a devoted Christian and one of the state's leading citizens. He was prominent in Masonic circles. The funeral will be held tomorrow at Wake Forest.

John Bethune Carlyle was born in 1858, near the town of Lumberton in Roberson county, North Carolina. The county of Robeson has been peculiarly rich in her out put of able and useful men and has retained a singular hold upon their affections even when they have left her hands. Professor Carlyle was no exception to this devotion to his native health. Next to his mother college he loved and honored his mother county.

Important Notice.

The Board of County Commissioners at their regular monthly meeting on the 1st Monday in August, will elect a Superintendent of roads and a Superintendent of the County Home.

Done by order of Board of County Commissioners. This July 4th 1911.

W. E. Webb, Clerk.

WASHINGTON NEWS.

Democrats Making Honest Efforts—Bureau Repudiated—Facts about Steel Trust.

Washington, D. C. July 10. The Democrats are sincere in their efforts to run the House of Representatives on an economical business basis. The report of Jerry South, chief clerk of the House, just made public, shows that during the month of June a saving of \$8,561.90 was effected as a result of the abolishing of useless offices. This item, which does not include the big reduction on the police force which the senate has not yet concurred in but will approve shortly, means a saving of \$102,742.80 in a year.

This is not a stupendous sum, it is true, but the spirit is in striking contrast to the \$35 wastepaper baskets in the offices of Postmaster General Hitchcock and the expensive recreations taken by the Aldrich monetary commission at public expense at Narragansett pier.

TAFT BUREAU REPUDIATED

Once more the White House press bureau has been forced to back-track. It was like this: Franklin A. Shotwell of Omaha, secretary of the Progressive Republican League of Nebraska, came to Washington, had a talk with the President, and was quoted by the White House press bureau as saying that Nebraska was strong "for Taft for renomination and reelection." Now it happens that the league which Mr. Shotwell was made to appear as speaking for, is "strong" against Taft instead of being for him. When the officials of the Nebraska organization heard of Shotwell's statement they promptly passed resolutions repudiating it and wired them to Washington. The fact is the real progressive republicans stand as a unite against Taft's renomination and every indication is that if he secures the nomination again they will permit him to go down in defeat. Then they will make an attempt to reorganize the republican party.

PROGRESSIVE LOSE GROUND

When it is too late some of the Republican insurgents in the United States senate who are opposing reciprocity may learn that they are committing one of those huge political blunders that have been described as worse than crimes.

REAL REVISION DOWNWARD

The wool bill, pass by the Democratic House but not acted upon as yet in the Republican senate reduces the tax on cloth out of which the poor man's clothing is made, from 160 per cent to from 25 to 40 per cent; on women's dress goods from 150 per cent to from 30 to 45 per cent, on blankets from 160 per cent to 30 per cent.

FACTS ABOUT STEEL TRUST

The restriction of competition, which is in violation of the law, was the prime object of the organizers of the United States Steel corporation according to information which has recently come to light in Washington. When formed, the steel trust had property valued at \$682,000,000. But it was capitalized at \$1,402,000,000. Of the capital stock, \$720,000,000, or more than half was water. Three partners of J. P. Morgan advanced \$28,000,000 to finance the trust and received stock worth \$90,500,000. The average rate of profit from 1901 to 1910 on the corporations' actual investment was 12 per cent. Although this combine is in existence in plain violation of the law, the Taft ad-

ministration refused to prosecute it. The Taft administration, however, co-operated with steel trust by giving secrets of our battleships to foreign nations with the understanding that in exchange for these secrets the countries thus favored would give a substantial contract to the steel trust. The man who permitted the exchange of vital government secrets in order that the illegal trust could increase its dividends was Philander C. Knox, now secretary of state. Mr. Knox helped organize the steel trust and from the position of steel trust attorney to that of United States attorney General.

LETTER FROM CAPTAIN JACK.

Dear Mr. Noell:

No doubt you will be surprised to hear from me, but thought I would let you know that I was still following the "greatest show on earth".

I received a copy of The Courier yesterday and was delighted to get my old home paper and know what the folks "down in Dixie" are doing.

Saturday we were in Duluth, Minn., the center of a big iron region. Big cars of ore were passing the side show all day. Saturday night we made a run of a little over two hundred miles and landed in Fargo, a town of about eighteen thousand inhabitants. You can see for miles and miles around. The country is as level as the floor, not a hill to be seen as far as you can see.

With the Barnum show this year we have something that was never know of in the world. That is a traveling lodge. The Loyal Order of Moose, organized in St. Louis the first of June, and we carry our own charter and everything right with the show. It is know as Barnum and Bailey's Lodge No 35. So far we have about a hundred members. The Moose Lodge is getting to be one of the greatest fraternal orders of the day especially in the West, and is growing every day in the East.

The show will go to Canada next month I think. Later on in the fall you may look for us down that way. I feel positive that we will show in all the big towns around Roxboro.

This season we have a fine side show. We have 13 stages in all, so you see we can give a good ten cent show which is well worth the money.

I am pretty long winded in writing letters so will close. Hoping to receive another Courier before long. You know the Courier looks pretty good to a fellow way out here in the wilds of Dakota.

Thanking you very much for the Courier, I remain.

Your friend,
Capt. Jack Barnett.
Fargo, N. D. July, 3rd, 1911.

Simmons Loses His Amendments.

Washington, D. C., July 10.—Senator Simmons' two amendments to put flour and meat on the free list were voted down without a roll call.

Senator Cummins secured several roll calls on his amendments, but they were likewise voted down.

On Sturday three Democrats voted to amend the Canadian treaty. Today only two did so Senator Thornton, of Louisiana, failed to vote with Senator Bailey and Simmons to amend as he did Saturday last.

Morrah News.

Crops are yet slim for lack of rain, but some people seem not to give up, thinking it is not too late for prosperity to dawn.

Mr. Peed and Rev. Mr. Hudson filled their regular appointments at their respective churches on the 3rd Sunday in June.

The members of Bethany Missionary Baptist Church meet at the church every Sunday evening for the purpose of singing.

The protracted meeting will start on the 3rd Sunday in July. Mr. Hudson being assisted by Rev. Mr. Thompson, of the south.

Children's Day will be observed at Mt. Tabor Methodist Church the fourth Sunday in July and the following week a protracted meeting will be conducted. C. M.

Foley Kidney Pills contain just the ingredients necessary to regulate and strengthen the action of the kidneys and bladder. Try them yourself.

Morris Webb Drug Co.,

Teachers Examination.

The examination for white teachers to teach in the Public Schools of Person County will be held on the 13th and 14th of July. Teachers are required to attend both days in order to take up all the subjects.

Colored teachers will be examined on the 17th.
