

WOULD REMOVE WILY DR. WILEY

Well Known Food Expert Stands Condemned.

Washington, July 13.—Dr. Harvey W. Wiley, pure food expert and chief of the Bureau of Chemistry of the Department of Agriculture, one of the most widely known officials in the Government service, has been condemned by the Committee on Personnel of the Department of Agriculture with recommendation to President Taft that he "be permitted to resign."

Attorney General Wickersham, in his opinion on the case, submitted to the President, recommends approval of the committee's action. It is charged against Dr. Wiley that he permitted arrangements to be made with Dr. H. H. Rusby recognized pharmacognosist of Columbia University, New York, for compensation in excess of that allowed by law. It is claimed that the arrangement was to put Rusby on the Department's pay roll at 1,600 dollars annually as an employe of the bureau of Chemistry, the agreement being made with him that he should be called upon to perform only such service as this salary would compensate for at the rate of \$20 per day for laboratory investigations and \$50 daily for attendance in court. Wickersham held that the law permitted payment of only \$9 a day; this sum later being increased to \$11. Along with the suggestion that Dr. Wiley, because of alleged irregularities in the employment of Rusby, be permitted to resign, the Committee on Personnel and the Attorney General recommend the dismissal of Rusby and the reduction of Dr. L. F. Keber, chief of the division of drugs, of the Department of Agriculture. The committee further recommends that Dr. W. D. Biglow, assistant chief of the Bureau of Chemistry, also be given an opportunity to resign.

Honest Medicines Versus Fakes.

President Taft's recent message suggestion an amendment to the Pure Food and Drugs law in its relation to Prepared Medicines does not refer to such standard medicines as Foley's Honey and Tar Compound and Foley Kidney Pills both of which are true medicines carefully compounded of ingredients whose medicinal qualities are recognized by the medical profession itself as the best known remedial agents for the diseases they are intended to counteract. For over three decades Foley's Honey and Tar Compound has been a standard remedy for coughs, colds and affections of the throat, chest and lungs for children and for grown persons, and it retains today its pre-eminence above all other preparations of its kind. Foley Kidney Pills are equally effective and meritorious.

Taft Attacked By LaFollette.

Washington, July 13.—Senator LaFollette in a speech against reciprocity today reviewed the administration of President Taft in scathing terms and declared that it was a fight between the plain people and confederated privilege. He said the reciprocity agreement violated every tariff principle of this country as it did every promise made in the Republican platform upon which President Taft was elected. He not only criticized the President in strong terms during his speech but took a fling at former secretary of the interior department, Richard A. Ballinger, whom, he said, had been aiding the Guggenheim syndicate to obtain vast interests in Alaska.

Hay Fever And Summer Colds.

Must be relieved quickly and Foley's Honey and Tar Compound will do it. E. M. Stewart, 1034 Wolfram St., Chicago, writes: "I have been greatly troubled during the hot summer months with Hay Fever and find that by using Foley's Honey and Tar Compound I get great relief." Many others who suffer similarly will be glad benefit by Mr. Stewart's experience.

Parson Preaches in His Shirt Sleeves.

Norfolk, Va., July 10. Rev. G. W. Cox, pastor of Burrows Memorial Baptist Church here, preached in his shirt sleeves last night to a coatless congregation. The heat was intense with the congregation suffering from its when the preacher relieved the situation by suggesting that the male members of the congregation remove their coats while he preached in his shirt sleeves. The men removed their coats while the women all took off their hats. The Baptist Minister's Conference today congratulated Rev. Cox upon his bravery.

Would Have Justice Wright Impeached

Washington, July 8.—Impeachment of Justice Daniel T. Wright, of the supreme court of the District of Columbia, was suggested today to the senate "third degree" investigating committee by Samuel Gompers, president of the American Federation of Labor. Mr. Gompers' complaint was against Justice Wright's course in the Backs Store & Range Company contempt proceeding against the Federation officials.

Distant Relative.

Johnny's mother bought him a fire engine. He wanted to see how it worked, and of course in a very short time the wheels were off. She was naturally very angry with him and punished him severely. When daddy came home he found his small son sitting in the nursery with very red eyes. "Why, my poor old man," he inquired, "what is the matter?" "Nuffing," sniffed the small boy. "But something must be wrong," persisted daddy. "Do tell me." "Oh, well if you want to know," said the little boy, "I have just been having an awful row with your wife."—Tit-Bits.

Holding Services on Church Lawn.

The Greensboro Record says: "The evening services of the First Presbyterian church, held out of doors on the lawn has been a great success. Last Sunday evening over three hundred chairs had been placed but these were soon filled and as the crowd continued to come one hundred and fifty more chairs were brought out. These were all taken and some of the worshippers sat on the grass."

Kidney Diseases Are Curable.

under certain conditions. The right medicine must be taken before the disease has progressed so far. Mr. Perry A. Pitman, Dale, Tex., says: "I was down in bed for four months with kidney and bladder trouble and gall stones. One bottle of Foley Remedy cured me well and sound."

Arrested After Six Years.

Greensboro, July 19.—After having escaped identification and arrest for six years by going under the assumed name of Davis in West Virginia, Flisha and David Gunter were recognized and arrested here this morning on the charge of killing William Frazier in Chatham county in the year of 1905.

The two men are about 23 and 25 years of age, and the younger, David has been married for a few months. His wife was with him at the time of the arrest. She was overcome when she learned that her husband's real name was Gunter and that he was charged with capital crime. The young men were recognized by people who were living in Chatham county at the time of the crime. The two are in jail here tonight and tomorrow a Chatham officer will come to carry them to the county in which they were indicted six years ago.

Frazier was shot down in his front yard one night and fell at the feet of his wife, who accused the two defendants and another brother, still younger, of the crime. A true bill was found against them and they heard of it and fled the State going to West Virginia, where they assumed other names and lived until the youngest of the three died and the second in age had married. The crime was committed near Cummock, on the Cape Fear & Yadkin Valley Railroad.

Those Pies Of Boyhood.

How delicious were the pies of boyhood. No pies now ever taste so good, what's changed? the pies? No. Its you. You've lost the strong healthy stomach, the vigorous liver, the active kidneys, the regular bowels of boyhood. Your digestion is poor and you blame the food. What's needed? A complete toning up by Electric Bitters of all organs of digestion—Stomach, Kidneys, Bowels. Try them. They restore your boyhood appetite and appreciation of food and fairly saturate your body with new health and vigor. 50c at Hambrick & Austin.

A Mountain of Lime is Found.

An interesting and unique industry for this section, about which little or nothing has been said in the newspapers, is that conducted near Rockford, this county, by the Yadkin Lime Company. Some time ago what appeared to be a solid mountain of limestone was discovered about a mile from Rockford and near the railroad. The state geologist investigated and expressed the opinion that the deposit did not exist in paying quantity. However, the promoters, Mr. A. F. Messick of Winston-Salem and a Mr. Wellington of Boston, pluckily installed the necessary machinery and their faith seems to be fully justified. They are taking out the limestone, which is of fine quality, in paying quantities, and from all appearances the mountain, though a small one, is of solid limestone. These gentlemen are incorporated under the name of the Yadkin Lime Company, and have established offices and warehouses for shipping purposes along the railroad. The industry is paying and is rewarding the faith of the investors. The mountain is situated close to the banks of the Yadkin river in rather a wild spot.

A Clean Man

Outside cleanliness is less than half the battle. A man may scrub himself a dozen times a day, and still be unclean. Good health means cleanliness not only outside, but inside. It means a clean stomach, clean bowels, clean blood, a clean liver, and new, clean, healthy tissues. The man who is clean in this way will look it and act it. He will work with energy and think clean, clear, healthy thoughts.

He will never be troubled with liver, lung, stomach or blood disorders. Dyspepsia and indigestion originate in unclean stomachs. Blood diseases are found where there is unclean blood. Consumption and bronchitis mean unclean lungs.

Dr. Pierce's Golden Medical Discovery

prevents these diseases. It makes a man's insides clean and healthy. It cleans the digestive organs, makes pure, clean blood, and clean, healthy flesh.

It restores tone to the nervous system, and cures nervous exhaustion and prostration. It contains no alcohol or habit-forming drugs. Constipation is the most unclean uncleanliness. Dr. Pierce's Pleasant Pills cure it. They never gripe. Easy to take as candy.

LUZIANNE COFFEE
