

News from Route 5.

Several of our neighbors attended the Masonic picnic given by the Masons at Loch Lily. The Speech delivered by the Governor was commended in the highest terms.

A lawn party was recently given by Mrs. Mollie Satterfield for the pleasure of the young people and one was also given by the widow Laws. and one by Mr. R. B. Holman.

Miss Bettie Lou Denny, of Burlington, spent last week with Mr. P. S. Roger's young people on No 5.

Mr. and Mrs. R. I. Satterfield are to be congratulated as they recently admitted a fine little cook in their home for eighteen years.

Mr. Ira Rogers spent some time last week with his father Mr. P. S. Rogers and with his brother Mr. Frank Rogers.

The writer preached on the last fourth Sunday to a large crowd at Harmony, and I never saw people better behaved or more attentive. This church and people have greatly improved since I was there in a revival service about eight years ago. After service I went home with Mr. H. C. Fogleman and partook of his bounteous repast which I enjoyed very much. Mr. Fogleman asked me to look at his Japanese Walnut and I observed that the fruit was growing on the tree in clusters of nine and ten in a bunch, which I thought was very beautiful and the trees are useful for shade. I passed by the home of our Surl correspondent and I observed that he had his farm in good condition.

A protracted meeting was carried on at Mt. Zion Methodist Church last week but I have not heard what success they had more than to say that the preaching started good.

I will give you readers my text and outline on the work of sin and destruction.

"The son of God was manifested that he might destroy the works of the devil". 1 John 3:8.

1. Let us see what the devil's work is.

1. It is deception. 2. It is interference. 3. It is to slander. 4. It is theft. 5. It is to hinder the gospel. 6. It is to rebel against light. 7. It is to harden the heart. 8. It is to make war. 9. It is to hate and lie. 10. It is to kill God's prophets.

II. Consider the deadening effect of sin if it has no conqueror.

1. The world would sit in darkness. 2. The church would be crushed out. 3. The law would be disobeyed. 4. The world would be powerless. (John 8:37).

5. Ignorance would prevail. 6. People would reject knowledge. (Hosea 3:6).

7. Sin keeps people from life. (John 5:40).

8. Sin resist the Holy Ghost. (Acts 7:51).

9. Sin would turn all nations to hell. (Psalms 9:17).

III. The methods our Saviour uses in destroying the devils works. 1. The spy glass of his light and truth. 2. His own blood remedy. 3. The gospel his artillery. 4. The sword of the spirit. 5. Prayer his entrenchment. 6. The cross his bayonet. 7. The church his war ship. 8. Missions his breast plate. 9. The father His commander in-chief.

The meeting was well attended at Antioch last Sunday. It was stated that not more than two-thirds of the congregation got in the house.

Brother Usry preached two sermons that had the soul winning tendency and were living exponents of the Gospel truth. The pastor kindly insisted that the christians and the church be earnestly engaged in prayer and the meeting closed in the evening with a fine impression.

Mr. Obie Tinge, of Durham,

will conduct the singing at Antioch this week. He led it well last Sunday.

Mr. J. S. Coleman, of Moriah, attended services at Antioch last Sunday and said the singing was the best he ever heard.

Mr. J. L. Garrett and wife, of Roxboro, were present at Antioch on last Sunday. Mr. Garrett was lively and in as good humor as ever, and is a splendid fellow.

I was asked by a friend how I wrote so much and kept up with my work. I replied that I did it by taking notes of what I saw and heard whether it be available for the newspapers or not. If you desire to improve as a writer and save time take notes of all you see and hear. Select the best from your note book and send it in and discard all the inferior news. Send me all the names of people you can and let the descriptive adjectives be in their favor. One the best newspaper men in the country told me that not more than one out of a hundred objected to seeing his name in print and that one was more than apt to be a crank and had but little aspiration for literature and did not care to get high in the world's history.

R. H. Jones.

Is effective for coughs and colds in either children or grown persons. No opiates, no harmful drugs. In the yellow package. Refuse substitutes.

Says Hen Lights His Pipe

The white Lghorn hen owned by John Grohan, of Glenville, Westchester, Pa., which was recently to have helped him build a chicken coop by holding the nails in its beak after he had smashed his finger, is alleged now to have learned a new trick.

It is said that when Grohan gets home after his day's work and sits in his easy chair on the porch the hen goes into the house, gets his bag of tobacco and pipe and them to him. Then when Grohan has filled his pipe it is added he put a match in the hen's beak and she scratches it across the floor, and then he lights his pipe.

Grohan declares he expects to teach the hen to put out the match.

Men and women are suffering from kidney and bladder trouble than ever before, and each year more of them turn for quick relief and permanent benefit to Foley's Kidney Remedy which has proven itself to be one of the most effective remedies for kidney and bladder ailments that medical science has devised.

Morris Webb Drug Co.

After Dinner.

"Lady," began Hungry Higgins, "I'd thank yer fur a meal."

"Ah!" exclaimed the bright housekeeper, "you're one of these after-dinner speakers."

"Not exactly, lady or I wouldn't be so hungry. I ain't got so much as a chestnut about me."—Catholic Standard and Times.

Many a Suffering Woman

Crags herself painfully through her daily tasks, suffering from backache, headache, nervousness, loss of appetite and poor sleep, not knowing her ills are due to kidneys and bladder troubles. Morris Webb Drug, Co.,

Earle Tyson, the 18 year old son of R. L. Tyson of Carthage, was killed by a stroke of lightning on the base ball grounds there Tuesday evening. He and other members of the team were practicing on the grounds when a cloud gathered and just before the rain commenced the stroke got in its fatal work on Tyson, who was in the open field playing shortstop.

FINES OF \$500 TO \$1,000 FOR EACH OFFENSE FOR SENDING INTOXICANTS FROM ONE STATE TO ANOTHER WERE PROVIDED IN A BILL INTRODUCED IN THE HOUSE BY REPRESENTATIVE JACKSON OF KANSAS MONDAY.

NEEDFUL KNOWLEDGE

Roxboro People Should Learn to Detect the Approach of Kidney Disease.

The symptoms of kidney trouble are so unmistakable that they leave no ground for doubt. Sick Kidneys excrete a thick, cloudy, offensive urine, full of sediment irregular of passage or attended by a sensation of scalding. The back aches constantly, headaches and the victim is often weighed down by a feeling of languor and fatigue. Neglect these warnings and there is danger of dropsy, Bright's disease, of diabetes. Any one of these symptoms is warning enough to begin treating the Kidneys at once. Delay often proves fatal.

You can use no better remedy than Doan's Kidney Pills Here's Roxboro proof.

Wiley J. Winstead, Jr., Roxboro N. C., says: "I can strongly recommend Doan's Kidney Pills for kidney trouble, as I used them with the best of results. My kidneys were badly disordered as was plainly shown by a too frequent desire to void the kidneys secretions. I also had considerable back-ache which at times was accompanied by sharp pains across my loins. Upon reading about Doan's Kidney Pills, I procured a box from the Morris-Webb Drug Co. and they benefited me more than any other remedy I had previous used."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo New York, sole agents for the United States.

Remember the name--Doan's--and take no other.

Poultry Notes.

Keep the young chick out of the rain and dampness.

Corn, with nothing else, is the greatest cause of no eggs.

Artificial incubation in recent years has assumed large proportions.

Over-feeding causes chicks to be inactive and susceptible to disease.

The very best rule is to watch the fowls and feed about all they will eat.

The material used in preparing the nests for sitting hens should be fresh and clean.

Ducks are very dirty about the water pans, making the drinking water unfit for chickens.

If you cannot get one this year, get a brooder and wait for the incubator until next season.

Fowls require the equivalent of about 27 pound of dry feed for each 500 pounds of live weight.

Hens require plenty of green food as well as room for exercise in addition to liberal grain feeding.

A hen that is laying an egg every other day will consume considerably more food than one that is not laying at all.

Chickens and duckling bred from immature stock have not the same vigor as those whose parents were full grown.

The unsanitary conditions of the coops is the cause of the mortality of thousand upon thousands of chicks every season.

Apple kerosene to the roost with a cloth or swab twice a week during the summer or warm weather to kill the red spider lice.

There are almost as many ways and methods of feeding and caring for turkeys as there are localities where they are grown.

Frequently cleaning and disinfecting of all the poultry quarters means less trouble and more profits. Use carbolated whitewash freely.

Do not allow your kidney and bladder trouble to develop beyond the reach of medicine. Take Foley Kidney Pills. They give quick results and stop irregularities with surprising promptness.

Morris-Webb Drug, Co.,

Do Not Delay Until Too Late

Mr. Tobacco Grower:

Your crop of the smokers' weed is in good condition for this season and you should be able to make at least the average yield, or possibly 500 pounds to the acre.

If you get last year's price—and you may get a better one—your crop will make for you at least \$50 to the acre.

You are perhaps 35 years young, but growing older every day, and you are, of course, thinking of a provision for your old age and for your family after all work has stopped forever.

You believe in LIFE INSURANCE. That goes without the saying. A policy in the UNION MUTUAL, one of the most conservative and substantial companies in the entire country, will cost you, for One Thousand Dollars, the very small sum of Twenty-seven dollars and sixty-two cents, or a little more than half of the sum you will raise from one acre of tobacco.

This policy is on the Ordinary Life plan. If you want another and perhaps a better form, or Twenty Pay Life, wherein all payments stop in twenty years, the premium each year will cost you no more than Thirty seven Dollars and thirty-five cents, or about three-quarters of the money you will make from the one acre.

Each one of these policies is on the ANNUAL DIVIDEND PLAN, whereby your premiums are reduced each year or you can buy more INSURANCE with your profits, made for you by the company.

Then, too, each policy has guaranteed LOAN AND CASH SURRENDER VALUES, on which you can borrow money with which to pay your premiums if need be or for some other purpose and yet carry the policy itself.

Look over these facts and figures and then let us get together so that I can show you how little money it really costs to carry absolute protection for yourself and family in one of the very best and safest INSURANCE COMPANIES represented in this section. Just fill out the blank form printed below and, sent it to this office. It is nothing more than an invitation to call at your home and have a talk with you on a question of vital importance to yourself, and when you send it in a special representative of the UNION MUTUAL will drive out to see you—and you'll be glad to have him come.

Here Is The Invitation!

J. W. Noell, Roxboro, N. C.

Dear Sir:

Please have your INSURANCE EXPERT call at my house as soon as possible and tell me about THE UNION MUTUAL and its POLICIES. It is understood that this call in no way binds me to take a policy.

Yours truly,

P. O.

ELON COLLEGE

(Co-educational.)

JULIUS I. FOUST, Pres. Greensboro, N. C.

PATENTS

TRADE-MARKS and copyrights obtained or to be. Send model, sketches or photos and brief description for FREE SEARCH and report on patentability. 25 years experience. Send 3-cent stamp for NEW BOOKLET, full of patent information. It will help you to secure. READ PAGES 11 and 12 before applying for a patent. Write today. D. SWIFT & CO. PATENT LAWYERS, 203 Seventh St., Washington, D. C.

CORTRIGHT METAL SHINGLES

ARE FIRE PROOF

THEY will not burn. Will not split or curl like wood shingles. Will not crack and roll off like slate. Will not rip at the seams like plain tin. Neither will they rattle during high wind storms. They never need repairs and last as long as the building. And last of all, they make the handsomest roof and are not expensive.
